Screenwriting Andrew Horton, Julian Hoxter, 2014-08-23 Screenwriters often joke that "no one ever paid a dollar at a movie theater to watch a screenplay." Yet the screenplay is where a movie begins, determining whether a production gets the "green light" from its financial backers and wins approval from its audience. This innovative volume gives readers a comprehensive portrait of the art and business of screenwriting, while showing how the role of the screenwriter has evolved over the years. Reaching back to the early days of Hollywood, when moonlighting novelists, playwrights, and journalists were first hired to write scenarios and photoplays, *Screenwriting* illuminates the profound ways that screenwriters have contributed to the films we love. This book explores the social, political, and economic implications of the changing craft of American screenwriting from the silent screen through the classical Hollywood years, the rise of independent cinema, and on to the contemporary global multi-media marketplace. From *The Birth of a Nation* (1915), *Gone With the Wind* (1939), and *Gentleman's Agreement* (1947) to *Chinatown* (1974), *American Beauty* (1999), and *Lost in Translation* (2003), each project began as writers with pen and ink, typewriters, or computers captured the hopes and dreams, the nightmares and concerns of the periods in which they were writing. As the contributors take us behind the silver screen to chronicle the history of screenwriting, they spotlight a range of key screenplays that changed the game in Hollywood and beyond. With original essays from both distinguished film scholars and accomplished screenwriters, *Screenwriting* is sure to fascinate anyone with an interest in Hollywood, from movie buffs to industry professionals.

The Books of Nahum, Habakkuk, and Zephaniah Thomas Renz, 2021-06-08 In this commentary, Thomas Renz reads Nahum, Habakkuk, and Zephaniah as three carefully crafted writings of enduring relevance, each of which makes a vital contribution to the biblical canon. Discussing the historical settings, Renz takes up both long-standing issues, such as the relationship of Zephaniah to Josiah's reforms, and the socioeconomic conditions of the time suggested by recent archaeological research. The place of these writings within the Book of the Twelve is given fresh consideration, including the question of what one should make of the alleged redaction history of Nahum and Habakkuk. The author's careful translation

of the text comes with detailed textual notes, illuminating some of the Bible's most outstanding poetry (Nahum) and one of the biblical chapters that is among the most difficult to translate (Habakkuk 3). The thorough verse-by-verse commentary is followed by stimulating theological reflection, opening up avenues for teaching and preaching from these prophetic writings. No matter their previous familiarity with these and other Minor Prophets, scholars, pastors, and lay readers alike will find needed guidance in working through these difficult but important books of the Bible.
