The Phantom Prince Elizabeth Kendall, 2020-01-07 The inspiration for the five-part Amazon Original docuseries *Ted Bundy: Falling for a Killer* This updated, expanded edition of *The Phantom Prince*, Elizabeth Kendall's 1981 memoir detailing her six-year relationship with serial killer Ted Bundy, includes a new introduction and a new afterword by the author, never-before-seen photos, and a startling new chapter from the author's daughter, Molly, who has not previously shared her story. Bundy is one of the most notorious serial killers in American history and one of the most publicized to this day. However, very rarely do we hear from the women he left behind—the ones forgotten as mere footnotes in this tragedy. *The Phantom Prince* chronicles Elizabeth Kendall's intimate relationship with Ted Bundy and its eventual unraveling. As much as has been written about Bundy, it's remarkable to hear the perspective of people who shared their daily lives with him for years. This gripping account presents a remarkable examination of a charismatic personality that masked unimaginable darkness.

Killer on the Road Ginger Strand,2012-04-04 Starting in the 1950s, Americans eagerly built the planet's largest public work: the 42,795-mile National System of Interstate and Defense Highways. Before the concrete was dry on the new roads, however, a specter began haunting them—the highway killer. He went by many names: the “Hitcher,” the “Freeway Killer,” the “Killer on the Road,” the “I-5 Strangler,” and the “Beltway Sniper.” Some of these criminals were imagined, but many were real. The nation's murder rate shot up as its expressways were built. America became more violent and more mobile at the same time. *Killer on the Road* tells the entwined stories of America's highways and its highway killers. There's the hot-rodding juvenile delinquent who led the National Guard on a multistate manhunt; the wannabe highway patrolman who murdered hitchhiking coeds; the record promoter who preyed on “ghetto kids” in a city reshaped by freeways; the nondescript married man who stalked the interstates seeking women with car trouble; and the trucker who delivered death with his cargo. Thudding away behind these grisly crime sprees is the story of the interstates—how they were sold, how they were built, how they reshaped the nation, and how we came to equate them with violence. Through the stories of highway killers, we see how the “killer on the road,” like the train robber, the gangster, and the mobster, entered the cast of American outlaws, and how the freeway—conceived as a road to utopia—came to be feared as a highway to hell.

The Serial Killer Files Paul Simpson,2017-05-18 There are many myths about serial killers: that they are all dysfunctional loners; all white males; only motivated by sex; that they all travel and operate across a wide area; cannot stop killing; are all insane, or evil geniuses; and that they all want to get caught. Of course, there are some serial killers who fit into these categories, but the married Green River Killer was not a dysfunctional loner; there are plenty of female and non-Caucasian serial killers; Dr Harold Shipman was certainly not motivated by sex; many serial killings (such as the Ipswich prostitute murders carried out by Steve Wright) happen within a confined area; the 'BTK Killer', Dennis Rader, stopped killing in 1991, but wasn't caught until fourteen years later. Many serial killers may have a low animal cunning, or be 'street smart', but few of them are Mensa-level geniuses. Each of the thirty cases covered here is unusual in some respect, perhaps in the way in which the killer carried out their crimes, the choice of victims, the way in which they were apprehended, or the method of their execution. The cases are presented alphabetically by country - from Australia via Colombia, Great Britain, Indonesia, Iran, South Africa and elsewhere to the United States - and then chronologically. They come from across history and from all over the world. The author has gone back as far as possible to contemporary source material - newspaper accounts, trial

evidence, interviews with perpetrators or survivors - rather than rely on the increasingly blurred truth to be found online and in far too many collections.

True Crime and the Justice of God Vasko, Elisabeth T., Ferrara, Lyndsie, 2022-04-20 Utilizing the tools of forensic science and Christian theological ethics, this book resituates prominent criminal cases within their social and forensic contexts--

Serial Killing on Screen Sarah E. Fanning, Claire O'Callaghan, 2022-11-30 This book explores the representation of real-life serial murders as adapted for the screen and popular culture. Bringing together a selection of essays from international scholars, *Serial Killing on Screen: Adaptation, True Crime and Popular Culture* examines the ways in which the screen has become a crucial site through which the most troubling of real-life crimes are represented, (re)constructed and made accessible to the public. Situated at the nexus of film and screen studies, theatre studies, cultural studies, criminology and sociology, this interdisciplinary collection raises questions about, and implications for, thinking about the adaptation and representation of true crime in popular culture, and the ideologies at stake in such narratives. It discusses the ways in which the adaptation of real-life serial murder intersects with other markers of cultural identity (gender, race, class, disability), as well as aspects of criminology (offenders, victims, policing, and profiling) and psychology (psychopathy, sociopathy, and paraphilia). This collection is unique in its combined focus on the adaptation of crimes committed by real-life criminal figures who have gained international notoriety for their plural offences, including, for example, Ted Bundy, Ian Brady and Myra Hindley, Aileen Wuornos, Jack the Ripper, and the Zodiac, and for situating the tales of these crimes and their victims' stories within the field of adaptation studies.

The Serial Killer Files Harold Schechter, 2003-12-30 THE DEFINITIVE DOSSIER ON HISTORY'S MOST HEINOUS! Hollywood's make-believe maniacs like Jason, Freddy, and Hannibal Lecter can't hold a candle to real life monsters like John Wayne Gacy, Ted Bundy, Jeffrey Dahmer, and scores of others who have terrorized, tortured, and terminated their way across civilization throughout the ages. Now, from the much-acclaimed author of *Deviant*, *Deranged*, and *Depraved*, comes the ultimate resource on the serial killer phenomenon. Rigorously researched and packed with the most terrifying, up-to-date information, this innovative and highly compelling compendium covers every aspect of multiple murderers—from psychology to cinema, fetishism to fan clubs, “trophies” to trading cards. Discover: WHO THEY ARE: Those featured include Ed Gein, the homicidal mama's boy who inspired fiction's most famous Psycho, Norman Bates; Angelo Buono and Kenneth Bianchi, sex-crazed killer cousins better known as the Hillside Stranglers; and the Beanes, a fifteenth-century cave-dwelling clan with an insatiable appetite for human flesh HOW THEY KILL: They shoot, stab, and strangle. Butcher, bludgeon, and burn. Drown, dismember, and devour . . . and other methods of massacre too many and monstrous to mention here. WHY THEY DO IT: For pleasure and for profit. For celebrity and for “companionship.” For the devil and for dinner. For the thrill of it, for the hell of it, and because “such men are monsters, who live . . . beyond the frontiers of madness.” PLUS: in-depth case studies, classic killers' nicknames, definitions of every kind of deviance and derangement, and much, much more. For more than one hundred profiles of lethal loners and killer couples, Bluebeards and black widows, cannibals and copycats—this is an indispensable, spine-tingling, eye-popping investigation into the dark hearts and mad minds of that twisted breed of human whose crimes are the most frightening . . . and fascinating.

Murder Cases of the Twentieth Century David K. Frasier, 2024-10-14 From Jack Henry Abbott, who stabbed a waiter through the heart for not allowing him to use the toilet, to the Zodiac, an unknown California serial killer who may have murdered as many as 37 people, this reference work details 280 of the most famous murder cases of the twentieth century. Each entry contains, when applicable, birth and death dates, aliases, occupation, location of the murders, weapons used, number of victims, and the time period when the killings occurred. Films, plays, television shows, videos and audio programs based on or inspired by the case are then cited, followed by a brief overview of the murder case and a bibliography of English-language works related to it.

Critiquing Violent Crime in the Media Maria Mellins, Sarah Moore, 2022-01-01 This book explores the recent surge in true crime by critically exploring how murder and violence are represented in documentaries, films, podcasts, museums, novels and in the press, and the effects. From a range of contributors, it touches on a wide variety of topics overall and illustrates how examining true crime across the changing popular media landscape can contribute to important debates in contemporary culture and society. It encourages a critical eye towards understanding the harmful stereotypes, myths and

misinformation that popular media can bring. Arranged into four sections, including: true crime trials, representations of victims, the consumption of serial killer narratives, and true crime spaces, each chapter explores different themes and topics across traditional and newer media. These topics include: emotion and appeals for justice in *Making a Murderer*, #MeToo and misogyny in crime narratives, true crime journalism being exploitative, the ethics of consuming dark tourism and the appetite for true crime, live streamed murder, and the ways in which true murder accounts might lend insight into other types of crime such as domestic violence and stalking. This book stimulates discussion on undergraduate courses in crime, media and culture as well as in film and media studies, and it also speaks to those with a general interest in true crime.

Women in True Crime Media Jen Erdman, 2022-11-11 While many people think true crime is a new phenomenon, Americans have been obsessed with the genre for over a century, and popular culture continuously tries to cash in. The names of infamous serial killers are well-known, but the identities of their often-female victims are frequently lost to history. This text flips the script and focuses on the women to keep their identities known and remembered. This is the first book to examine how popular culture has mistreated women as both perpetrators and victims of crime, covering a hundred-year span from 1920 to 2020. Detailed is popular culture's interest in true crime and how women in true crime documentation have largely been sexualized and victim-blamed over the decades.

Villainy in Western Culture M. Gregory Kendrick, 2016-03-09 Every society has its lineup of wicked, unethical characters--real or fictional--who are regarded as villainous. This book explores how Western societies have used villains to sort insiders from outsiders and establish behavioral norms to support harmony and well-being. There are three parts: nature and barbarians as sinister others bent on destroying Western civilization; tyrants, traitors and femmes fatales as challenges to ideals of legitimate governance, patriotism and gender roles; and gangsters, grifters and murderers as models of evil or unprincipled behavior. The author also discusses two related phenomena: the dramatic paring down of what is considered villainous in the West, and the proliferation of over-the-top villains in pop culture and mass media. Instructors considering this book for use in a course may request an examination copy [here](#).

Media and the Murderer Rebecca Frost, 2020-08-18 Some criminals become household names, while others--even those who seek recognition through their crimes--are forgotten. The criminal's actions are only a part of every famous true crime story. Other factors, such as the setting and circumstances of the crimes and the ways in which others take control of the narrative, ultimately drive their notoriety. Through a comparison of the tellings and retellings of two famous cases more than a century apart--the Jack the Ripper killings in 1888, and the murder trials of Steven Avery as documented in *Making a Murderer*--this book examines the complicated dynamics of criminal celebrity.

Hunting Humans Elliott Leyton, 2011-10-05 In this classic study, Elliott Leyton challenges the conventional idea of serial murderers as deranged madmen. He explores the twisted - but comprehensible - motives of a half-dozen notorious killers:

Edmund Emil Kemper, Theodore Robert Bundy, Albert DeSalvo (“The Boston Strangler”), David Richard Berkowitz (“Son of Sam”), Mark James Robert Essex, and Charles Starkweather. In the process of describing their crimes Leyton exposes the cold rationality that underlies their apparent pointlessness. The result is startling: a revelatory text on a deeply troubling topic.

Judging Evil Samuel H. Pillsbury, 1998-10 Why do killers deserve punishment? How should the law decide? These are the questions Samuel H. Pillsbury seeks to answer in this important new book on the theory and practice of criminal responsibility. In an argument both traditional and fresh, Pillsbury holds that persons deserve punishment according to the evil they choose to do, regardless of their psychological capacities. After considering potential objections to this approach, including those based on determinism, unjust social conditions, and the alleged cruelty of retribution, he presents an extended critique of American homicide law. Using real case examples, Pillsbury offers concrete proposals for legal reform, urging that modern preoccupations with subjective aspects of wrongdoing be replaced with rules that focus more on the individual's motives.

Ted Bundy - The Serial Killer Next Door Joe Blake, 2021-11-09 Ted Bundy is generally regarded to be the third most prolific American serial killer in history. Those who knew Bundy as a young man considered him to be preppy and square. They did not detect any dark heart or evil lurking in the body of Ted Bundy. Yet this is a man who murdered women and children and bludgeoned victims with pipes and crowbars. A man who shot and stabbed people and sexually abused the corpses of his victims. This is a man who would leave his victims covered in bite marks and then saw off their heads. By any standards this was an evil and ruthless man. And yet Bundy didn't look like a serial killer at all. He seemed alarmingly normal and kind to those who knew him. How was Bundy able to fool so many people and hide his true nature from them? Who exactly was Ted Bundy and why are we still fascinated by his harrowing story?
