Treasure in Clay Fulton J. Sheen, 2009-04-02 *Treasure in Clay* provides a lifetime's worth of wisdom from one of the most beloved and influential figures in twentieth-century Catholicism. Completed shortly before his death in 1979, *Treasure in Clay* is the autobiography of Fulton J. Sheen, the preeminent teacher, preacher, and pastor of American Catholicism. Called "the Great Communicator" by Billy Graham and "a prophet of the times" by Pope Pius XII, Sheen was the voice of American Catholicism for nearly fifty years. In addition to his prolific writings, Sheen dominated the airwaves, first in radio, and later television, with his signature program "Life is Worth Living," drawing an average of 30 million viewers a week in the 1950s. Sheen had the ears of everyone from presidents to the common men, women, and children in the pews, and his uplifting message of faith, hope, and love shaped generations of Catholics. Here in Sheen's own words are reflections from his childhood, his years in seminary, his academic career, his media stardom, his pastoral work, his extensive travels, and much more. Readers already familiar with Sheen and as well as those coming to him for the first time will find a fascinating glimpse into the Catholic world Sheen inhabited, and will find inspiration in Sheen's heartfelt recollections. *Treasure in Clay* is a classic book and a lasting testament to a life that was worth living.

Allegiance to Liberty Barry J. Balleck, 2014-11-25 This provocative volume explores how and why the word patriot has been appropriated by those who fight against the U.S. government—sometimes advocating violence in support of their goals. Today, as in the past, some patriot groups in America long for a return to traditional values and believe it is their duty to stop an intrusive government from whittling away at the freedoms that define the United States. This book looks at the origins and current activities of such groups through an exploration of the dual nature of the patriot in American mythos—the unquestioning lover of the country and its policies versus the man or woman who places the founding principle of limited government above all else. Focusing on contemporary patriot groups and their impact on U.S. society, the work offers insights into factors that have contributed to the rise of such groups in the past that are again manifesting themselves. It explores the groups' motivations and justifications and shows how these groups use the emotionally powerful sentiment of patriotism to agitate for change and promote political violence. Perhaps most significant for readers is a discussion of the beliefs that divide the American public today as reflected in the ideologies of patriot groups—and what this means for the future.

Theologies of Human Agency Megan Fullerton Strollo, 2022-12-13 This book examines the relationship between divine in/activity and human agency in the five books of the Megilloth—the books of Ruth, Song of Songs, Ecclesiastes, Lamentations, and Esther. As works of literature dating to the early Second Temple period (ca. 6th–3rd centuries BCE), these books and the implicit interpretation of these particular themes reflect the diverse cultural and theological dynamics of the time. Megan Fullerton Strollo contends that the themes themselves as well as the correlation between them should be interpreted as implicit theology insofar as they represent reflective interpretation of earlier theological traditions. With regard to divine in/activity, she argues that the Megilloth presents a certain level of skepticism or critical analysis of the Deity. From doubt to protest, the books of the Megilloth grapple with received traditions of divine providence and present experiences of absence, abandonment, and distance. As a correlative to divine in/activity, human agency is presented as consequential. In addition, the portrayal of human agency serves as a theological response insofar as the books advance the theme through specific references to and reevaluations of earlier theocentric traditions.

Poetics and Religion in Pindar Agis Marinis, 2024-08-13 This book delves into the intricate and, as argued, essential relationship between poetics and religion in Pindar. It explores how performance, cult, and religious attitudes intersect, offering readers a nuanced approach to Pindaric poetry concerning the relationship between mortals and the divine. Marinis approaches the world of Pindaric poetry within its historical context, enabling readers to explore the cultural and religious foundations of Pindar's lyric verse. The chapters examine both epinician poetry and cultic songs, the two major genres of the

Pindaric corpus. This monograph focuses on the interconnectedness of poetics and religion, a central question that is essential for understanding the distinctive nature of Pindaric poetry. It examines the diverse ways in which Pindaric poetic tropes intersect with religious themes through detailed analysis and scholarly research. Readers gain an understanding of the significance of performance and cult in the public enactment of Pindar's works, exploring the relations between mortals – the composer of the song, its performer, and the victor in the case of epinician poetry – and the divine, highlighting the complexities of ancient Greek literature regarding religious practices and attitudes. Through its rigorous examination of Pindaric poetics and religious themes, this book offers readers a profound insight into the religious dimensions of ancient Greek poetry and the enduring legacy of Pindar's oeuvre. Poetics and Religion in Pindar is suitable for scholars and students working on ancient Greek literature, particularly the works of Pindar and lyric poetry, as well as those interested in classical literature and ancient Greek religion and culture more broadly.
