**Genealogist's Address Book. 6th Edition** Elizabeth Petty Bentley,2009-02 This book is the answer to the perennial question, What's out there in the world of genealogy? What organizations, institutions, special resources, and websites can help me? Where do I write or phone or send e-mail? Once again, Elizabeth Bentley's Address Book answers these questions and more. Now in its 6th edition, The Genealogist's Address Book gives you access to all the key sources of genealogical information, providing names, addresses, phone numbers, fax numbers, e-mail addresses, websites, names of contact persons, and other pertinent information for more than 27,000 organizations, including libraries, archives, societies, government agencies, vital records offices, professional bodies, publications, research centers, and special interest groups.

We Did That? Sophie Stirling,2020-05-19 Buckle up for a very odd ride through history with entertaining trivia about the odd things humans have done . . . This book is packed with fun facts about: Quirky inventions: Everyone knows about mousetraps, but did you know they were originally inspired by burglar alarms? Bizarre beauty and fashion fads: Discover wooden bathing suits, breast enhancers in the shape of toilet plungers, and death-inducing cosmetics. Strange superstitions and folklore: Do you know about the centuries-old Banana Curse, the origin of the Tooth Fairy, or our weird obsession with shoes? Covering these and other subjects from very odd jobs to gross medical cures, this collection of our species' accomplishments is likely to leave you wondering, We did that?

*The Ancestry Family Historian's Address Book* Juliana Szucs Smith,2003 A directory of contact information for organizations in genealogical research and how to find them.

*Waiting for the Queen* Joanna Higgins,2013-08-19 Two girls—one a Pennsylvania Quaker, the other a refugee from the French Revolution—form an unlikely friendship in this “rewarding” novel (School Library Journal). Fifteen-year-old Eugenie de La Roque and her family have barely escaped the French Revolution with their lives. Along with several other noble families, they sail to America, where an area that would come to be known as French Azilum is being carved out of the rugged Pennsylvania wilderness. Hannah Kimbrell is a young Quaker who’s been chosen to help prepare French Azilum for the arrival of the aristocrats. In this wild place away from home, Eugenie and Hannah seem a mismatched pair—but find

more in common than they first realize. With much to learn from each other, the girls unite to help free several slaves from their tyrannical French owner, a dangerous scheme that requires personal sacrifice in exchange for the slaves' freedom. A story of friendship against all odds, *Waiting for the Queen* is a loving portrait of the values of a young America, and a reminder that true nobility is more than a royal title. "Based on the true story of a group of families who sought asylum in Pennsylvania, this title vividly captures the hardships faced by the teen and her parents as they adjust to a life without luxuries . . . Eugenie's growth as she begins to understand what is really important to her is beautifully and convincingly portrayed." —School Library Journal "The story shifts between Hannah and Eugenie's well-developed and distinct perspectives, both of which strongly reflect their respective upbringings and cultures. A meticulously detailed work of historical fiction about the challenges of the new and unfamiliar, and about looking beyond oneself toward the greater good." —Publishers Weekly

**Bygone Binghamton** Jack Edward Shay,2012-06-27 Not Applicable. A wraparound cover is being provided by the author.

**Ragtime** Edward Berlin,2016-06-28 Ragtime, the jaunty, toe-tapping music that captivated American society from the 1890s through World War I, forms the roots of America's popular musical expression. But the understanding of ragtime and its era has been clouded by a history of murky impressions, half-truths, and inventive fictions. *Ragtime: A Musical and Cultural History* cuts through the murkiness. A methodical survey of thousands of rags along with an examination of then-contemporary opinions in magazines and newspapers demonstrate how the music evolved, and how America responded to it.

**The Family Guide to Surviving Stroke and Communication Disorders** Dennis C. Tanner,2008 A comprehensive guide for families of stroke survivors, speech pathologists and rehabilitation specialists, and counselors who respond to the needs of stroke survivors and their families, this edition engages all readers on a journey toward understanding, healing, and persevering after a stroke and uses non-technical terms, case studies, questions and answers, and examples.

**National Endowment for the Humanities ... Annual Report** National Endowment for the Humanities,1995

**Inventing Entertainment** Brian Dolan,2009-01-16 Brian Dolan's social and cultural history of the music business in relation to the history of the player piano is a critical chapter in the story of contemporary life. The player piano made the American music industry-and American music itself-modern. For years, Tin Pan Alley composers and performers labored over scores for quick ditties destined for the vaudeville circuit or librettos destined for the Broadway stage. But, the introduction of the player piano in the early 1900s, transformed Tin Pan Alley's guild of composers, performers, and theater owners into a music industry. The player piano, with its perforated music rolls that told the pianos what key to strike, changed musical performance because it made a musical piece standard, repeatable, and easy rather than something laboriously learned. It also created a national audience because the music that was played in New Orleans or Kansas City could also be played in New York or Missoula, as new music (ragtime) and dance (fox-trot) styles crisscrossed the continent along with the player piano's music rolls. By the 1920s, only automobile sales exceeded the amount generated by player pianos and their music rolls. Consigned today to the realm of collectors and technological arcane, the player piano was a moving force in American music and American life.

**Sea Serpents!** Gardner Dozois,Jack Dann,2013-03-25 Ten thrilling tales of the marvelous monsters of the deep Here, in one thrilling volume, are 12 tales of the creatures who rule the bottom of the sea, featuring today's finest science fiction and fantasy authors.
