Love in a Green Shade Richard F. Hardin, 2000-01-01 *Love in a Green Shade* examines for the first time in depth the reception history of Daphnis and Chloe in literature, beginning with its Renaissance rediscovery and working through its various transformations in English, French, Spanish, and other literatures. At the same time, Richard F. Hardin launches a groundbreaking exploration of the idyllic romance tradition in fiction and drama. While Virgil and Theocritus beget a tradition of poetry concerned with male eroticism, idyllic romance centers on the couple in a story pointing toward marriage. In addition to Daphnis and Chloe, this study considers numerous works influenced by the idyllic romance tradition, including Shakespeare's *The Tempest*, Milton's *Paradise Lost*, Bernardin's *Paul et Virginie*, Stowe's *The Pearl of Orr's Island*, Cather's *O Pioneers!*, novels by Sand, Hardy, and Pardo Bazan, Louis Hemon's *Maria Chapdelaine*, and Mishima's *The Sound of Waves*.

The Sound of Waves 青木野瑤, 1956

Escape from the Wasteland Susan Jolliffe Napier, 1995 Lurid depictions of sex and impotence, themes of emperor worship and violence, the use of realism and myth--these characterize the fiction of Mishima Yukio and Oe Kenzaburo. Napier discovers surprising similarities as well as provocative dissimilarities in the work of two writers of radically different political orientations.

Yukio Mishima Damian Flanagan, 2014-08-15 The most internationally acclaimed Japanese author of the twentieth century, Yukio Mishima (1925-70) was a prime candidate for the Nobel Prize. But the prolific author shocked the world in

1970 when he attempted a coup d'état that ended in his suicide by ritual disembowelment. In this radically new analysis of Mishima's extraordinary life, Damian Flanagan deviates from the stereotypical depiction of a right-wing nationalist and aesthete, presenting the author instead as a man in thrall to the modern world while also plagued by hidden neuroses and childhood trauma that pushed him toward his explosive final act. Flanagan argues that Mishima was a man obsessed with the concepts of time and "emperor," and reveals how these were at the heart of his literature and life. Untangling the distortions in the writer's memoirs, Flanagan traces the evolution of Mishima's attempts to master and transform his sexuality and artistic persona. While often perceived as a solitary protest figure, Mishima, Flanagan shows, was very much in tune with postwar culture—he took up bodybuilding and became a model and actor in the 1950s, adopted the themes of contemporary political scandals in his work, courted English translators, and became influenced by the student protests and hippie subculture of the late 1960s. A groundbreaking reevaluation of the author, this succinct biography paints a revealing portrait of Mishima's life and work.

The Japanese Film Joseph L. Anderson, Donald Richie, 2018-06-05 Tracing the development of the Japanese cinema from 1896 (when the first Kinetoscope was imported) through the golden ages of film in Japan up to today, this work reveals the once flourishing film industry and the continuing unique art of the Japanese film. Now back in print with updated sections, major revaluations, a comprehensive international bibliography, and an exceptional collection of 168 stills ranging over eight decades, this book remains the unchallenged reference for all who seek a broad understanding of the aesthetic, historical, and economic elements of motion pictures from Japan.

Some Organic Readings in Narrative, Ancient and Modern: Gathered and originally presented as a book for John Ian Repath, Fritz-Gregor Herrmann, 2019-10-01 This volume in honour of John Morgan contains seventeen essays by colleagues, research students, and post-doctoral researchers who have worked with and been influenced by him during his 40 years in Swansea, up to and beyond his retirement in 2015. It is designed to reflect the esteem and affection in which the honorand is held, as teacher, supervisor, colleague, and friend. All the contributions reflect John Morgan's interests, with a particular focus on narrative, which has always been at the forefront of his teaching and research: he has elucidated the forms, structures, strategies, and functions of numerous ancient narratives, especially fictional, in a voluminous body of scholarship. The contributors consider a wide range of narratives, extending from those which show the influence of older stories on the beginnings of ancient Greek civilisation, through various narrative genres in different periods of antiquity, and up to later eras when the impact of Greek and Roman learning, stories, and ideas has been felt. The core of this volume contains discussions of narratives from the Roman imperial period, since this is the area to which the majority of John Morgan's work

has been devoted and where his research has seen him become a world-leader in the study of the ancient Greek novel. Several of the contributions, at various stages of development, were delivered and discussed at gatherings organised under the aegis of KYKNOS, the Centre for Research on the Narrative Literatures of the Ancient World, which was established at Swansea in 2004 at John Morgan's initiative.

Poetics of the Elements in the Human Condition: Part I - The Sea Anna-Teresa Tymieniecka, 1985-09-30

The Life and Death of Yukio Mishima Henry Scott Stokes, 2000-08-08 Novelist, playwright, film actor, martial artist, and political commentator, Yukio Mishima (1925-1970) was arguably the most famous person in Japan at the time of his death. Henry Scott Stokes, one of Mishima's closest friends, was the only non-Japanese allowed to attend the trial of the men involved in Mishima's spectacular suicide. In this insightful and empathetic look at the writer, Stokes guides the reader through the milestones of Mishima's meteoric and eclectic career and delves into the artist's major works and themes. This biography skillfully and compassionately illuminates the achievements and disquieting ideas of a brilliant and deeply troubled man, an artist of whom Nobel Laureate Yasunari Kawabata had said, A writer of Mishima's caliber comes along only once every two or three hundred years.

Sound of Waves, The 田代百合子, 1961

In the Sun's House Kurt Caswell, 2011-04-14 In the year he spent teaching at Borrego Pass, a remote Navajo community in northwest New Mexico, Kurt Caswell found himself shunned as persona non grata. His cultural missteps, status as an interloper, and white skin earned him no respect in the classroom or the community—those on the reservation assumed he would come and go like so many teachers had before. But as Caswell attempts to bridge the gap between himself and those who surround him, he finds his calling as a teacher and develops a love for the rich landscape of New Mexico, and manages a hard-won truce between his failings and successes.

Another Country John A. Murray, 2002 America's red rock desert is a place unlike any other -- such a marvelous fusion of form and color -- and Another Country is a correspondingly unique song of praise. Pairing fifteen essays with fifteen short stories, acclaimed writer John A. Murray takes you deep into this wonderland, one of the most remarkable regions on Earth. The territory Murray celebrates is a vast triangle in the heart of the Colorado Plateau, a region embracing slickrock canyons, blue mesas, snow-capped peaks and the world's greatest concentration of national parks and monuments.
