DJ Losen

We Are All Good People Here Susan Rebecca White, 2020-03-03 From the author of *A Place at the Table* and *A Soft Place to Land*, an “intense, complex, and wholly immersive” (Joshilyn Jackson, New York Times bestselling author) multigenerational novel that explores the complex relationship between two very different women and the secrets they bequeath to their daughters. Eve Whalen, privileged child of an old-money Atlanta family, meets Daniella Gold in the fall of 1962, on their first day at Belmont College. Paired as roommates, the two become fast friends. Daniella, raised in Georgetown by a Jewish father and a Methodist mother, has always felt caught between two worlds. But at Belmont, her bond with Eve allows her to finally experience a sense of belonging. That is, until the girls’ expanding awareness of the South’s systematic injustice forces them to question everything they thought they knew about the world and their places in it. Eve veers toward radicalism—a choice pragmatic Daniella cannot fathom. After a tragedy, Eve returns to Daniella for help in beginning anew, hoping to shed her past. But the past isn’t so easily buried, as Daniella and Eve discover when their daughters are endangered by secrets meant to stay hidden. Spanning more than thirty years of American history, from the twilight of Kennedy’s Camelot to the beginning of Bill Clinton’s presidency, *We Are All Good People Here* is “a captivating...meaningful, resonant story” (Emily Giffin, author of *All We Ever Wanted*) about two flawed but well-meaning women clinging to a lifelong friendship that is tested by the rushing waters of history and their own good intentions.

Tales of the Serendip Mike the Janitor, 2002-05-17 The Tales of the Serendip take place in a virtual pub that exists only in the minds of the fantasy writers who crafted the Tales of the Serendip. It’s a place where, given a few rules and a common backdrop, writers can create small vignettes to explore new story lines, break writer’s block, or experiment with new characters. Plus it helps to keep them all out of the psychiatric ward. Where else would you go to sip fine Akuvian cinnamon wine and have a heart-to-heart with one of your more troubling characters? Or maybe you choose to sit in the Writer’s Nook discussing magic spells and comma usage with other writers while slugging down mugs of Korone Dwarven Dark Ale. Bar fights, bad puns, a bouncer named Grendel (yes, *The Grendel*), and a bartender who can dispense advice and drinks simultaneously, all exist inside this fabulous place. The Tales of the Serendip will bring you inside to see the fabulous writing

treasures fueled by the collective imaginations of people who are destined to become tomorrow's Asimovs, Heinleins and Le Guins.

Nerds Who Kill Mark Richard Zubro, 2025-06-25 In Mark Richard Zubro's *Nerds Who Kill*, Paul Turner is a widowed father of two teenaged boys, one of whom has spina bifida, rapidly approaching middle age, and used to dealing gracefully with all the challenges these things entail. Turner, however, is slightly different from others in his situation - he's openly gay and a homicide detective for the Chicago Police Department. Despite everything, his personal and family life is relatively placid. Until right now. This time, his life couldn't possibly get more complex and problematic: there's a Science Fiction and Media convention in Chicago this weekend - one of the world's largest such gathering - and his sons are both attending. In full costume. And Paul Turner, like any good father, is going with them. If the prospect of that weren't bad enough, one of the convention's guests - one of the field's most successful fantasy writers - is found murdered, mostly likely by the broadsword found rammed through the corpse's chest. In most circumstances, a broadsword would be a unique murder weapon, but this time there are hundreds of attendees carrying similar ones as part of their costumes. Including his own son. That one gruesome murder is just the beginning - the dead bodies amidst the revelers are starting to pile up - and Turner must sort through a confusing array of suspects in short order if he's to find the killer in time.
