**Rachael Killackey**

**The Four Loves** Clive Staples Lewis, 1991 Analyzes the feelings and problems involved in different types of human love, including familial affection, friendship, passion, and charity.

*The Four Loves* C. S. Lewis, 2023-11-20 The Four Loves is a 1960 book by C. S. Lewis which explores the nature of love from a Christian and philosophical perspective through thought experiments. The book was based on a set of radio talks from 1958 which had been criticized in the U.S. at the time for their frankness about sex. C.S. Lewis examines storge or empathy love; philia, friendship love; eros, romantic love; and agape, or God love. Excerpt: GOD is love, says St. John. When I first tried to write this book I thought that his maxim would provide me with a very plain highroad through the whole subject. I thought I should be able to say that human loves deserved to be called loves at all just in so far as they resembled that Love which is God.

*Summary of C. S. Lewis' The Four Loves* Everest Media, 2022-07-02T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 We must be careful not to call Need-love mere selfishness. We do violence to language and our understanding of it if we do not call Need-love love. We must also be cautious about calling Need-love mere selfishness. #2 The second thing we must consider is man's spiritual health, which is exactly proportional to his love for God. Man's love for God is always largely a Need-love. And when we face the paradox that man is most like God when he is most unlike God, we see that they do not necessarily coincide. #3 The fact that God is omnipotent, sovereign, and creative means that He is also blessed with happiness, strength, freedom, and fertility. These gifts do not have any necessary connection with our sanctification. #4 The natural loves, when they are in their best condition, tend to claim a divine authority. When they are what our grandfathers called pure or noble, their voice sounds as if it were the will of God Himself.

Love in Hard Places D. A. Carson, 2002 A readable guide for helping Christians understand what biblical forgiveness and biblical love really look like in the painful situations in life.

*The Perfect Gift* Amy A. Kass, 2002-08-12 The Perfect Gift aims to cultivate and enlighten our philanthropic imagination. It addresses us all as present and future philanthropists-as human beings who give, serve, and seek to promote the well-being of others. It suggests that we are continually confronted with choices about giving, and offers literary selections intended to help us reflect more seriously on these choices. Editor Amy A. Kass has gathered an intriguing and inspiring

collection of readings from many cultures, genres, and time periods. Classical literature, philosophy, and religion are well represented, but so are contemporary and popular writing. The Perfect Gift draws from the works of Aristotle, Shakespeare, Dostoevsky, C. S. Lewis, Alexis de Tocqueville, Martin Luther King, P. G. Wodehouse, and Shel Silverstein, among others. Kass's thoughtful introductions guide reflection on when, why, how, to whom, and what we should give.

**Oral and Written Narratives and Cultural Identity** Francisco Cota Fagundes, Irene Maria Blayer, 2007 This interdisciplinary volume centers on the interrelations of storytelling and various manifestations of cultural identity, from written to oral and from autobiographical to regional and national. Indigenous storytelling, as well as storytelling for and by children and the elderly, are the main focus of these essays. Together, these fifteen texts make a significant contribution toward a deeper understanding of various aspects of textual and oral narrative: they broaden the lines of inquiry into multidisciplinary and multicultural interests, particularly those centering on the construction, expression, and contextualization of various types of identity; and they illustrate the deployment of storytelling not only as testimony, contestation, and subversion - but also as peacebuilding. Many countries, languages and cultures are herein represented - from the United States and Canada to Japan, Singapore, and Malaysia, from English to Japanese to Greek to Italian to the languages of indigenous peoples of Latin America and the Philippines.

*The God Who Loves and Is Loved* Christian D. Kettler, 2019-11-12 Can there be a greater folly than writing a book about love? But how can we avoid that most basic of all desires and commands? Yet we are very poor lovers, as our history demonstrates. If God is love, though, can we find help in considering the love of Jesus Christ, and the love of Jesus thought of in terms of what T. F. Torrance called the vicarious humanity of Christ? This would mean that we realize our inability and the Son of God's ability to love on our behalf and in our place. Such a love mirrors the love of the Son for the Father in the Spirit, a love that reflects his eternal triune love. Therefore, could we have new perspectives on our relationships, the love of ourselves, of God, and the neighbor? How essential is love to being human, and what kind of love? What does it mean to love your enemies? What is the relationship between justice and love? And what are the fruits of love, the evidence of genuine love? Christian D. Kettler explores these issues in the context of the living reality of the vicarious humanity of Christ.

How Does He Love Me? Brad Lussier, 2021-01-20 If you love words well-chosen, the enticing turn of a phrase, and the rhythm of ten artful beats to a line, you will enjoy this collection of sonnets. However, if you have ever found yourself helplessly infatuated, the prisoner of an overwhelming and delightful passion, and captive to a ravenous hunger that only those eyes, that smile, and that voice can satisfy, you will love this book! Appropriating the wisdom of C. S. Lewis from *The Four Loves* and Pope Benedict XVI from *Deus Caritas Est*, Brad Lussier helps to close the gap between Eros and Agape and offers a fresh understanding of divine love. The sonnets in this collection will transport you to another era when those smitten penned their love, fourteen lines at a time.

**Love's Philosophy** Richard White, 2001-10-09 Love comes in many forms and touches all our lives, and despite its changing history, it remains constant in human experience. Love's Philosophy explores the basic expressions of love. In this book, White looks at friendship, romance, parenthood, and humanitarian love in classical and contemporary perspective. He argues that the philosophical oblivion of love has been a mistake. By examining both the historical and contemporary formations of love, he proposes alternative models to guide both our thinking and our experience of loving.

C S Lewis Colin Duriez, 2013-05-02 An Oxford student of C.S. Lewis's said he found his new tutor interesting, and was told by J.R.R. Tolkien, 'Interesting? Yes, he's certainly that. You'll never get to the bottom of him.' You can learn a great deal about people by their friends and nowhere is this more true than in the case of C.S. Lewis, the remarkable academic, author, populariser of faith - and creator of Narnia. He lost his mother early in life, and became estranged from his father, much to his regret. Throughout his life, key relationships mattered deeply to him, from his early days in the north of Ireland and his schooldays in England, as still a teenager in the trenches of World War One, and then later in Oxford. The friendships he cultivated throughout his life proved to be vital, influencing his thoughts, his beliefs and his writings. What did Arthur Greeves, a life-long friend from his adolescence, bring to him? How did J.R.R. Tolkien, and the other members of the now famous Inklings, shape him? Why, in his early twenties, did he move in with a single mother twice his age, Janie Moore, and live with her for so many years until her death? And why did he choose to marry so late? What of the relationship with his alcoholic and gifted brother, who eventually joined his unusual household? In this sparkling new biography, which draws on material not previously published, Colin Duriez brings C.S. Lewis and his friendships to life.

*Modern Fantasy* Colin N. Manlove, 2020-04-16 After a decade from 1965 which had seen the growth in Britain and America of an enormous interest in fantasy literature, and a rise in its academic repute from cold to lukewarm, a serious study of the subject seemed long overdue. In this first critical book in its time on modern English fantasy, Colin Manlove surveys a representative group of modern fantasies—in the Victorian period in the children's scientific and Christian fantasy *The Water-Babies* by Charles Kingsley and the mystical fantasy of the Scottish writer George MacDonald; and from the twentieth century the interplanetary romances of C. S. Lewis, the post-war fantasy of rebellious youth in Mervyn Peake's *Gormenghast* books, and the quest to avert apocalypse in J. R. R. Tolkien's *The Lord of the Rings*. The aim with all these works is to show the peculiar literary experiences they offer and to assess their strengths and limitations in relation to wider English literature. In the introduction to his book, Manlove gives a definition of fantasy, marking off the genre from its near neighbors science fiction and “Gothic” or horror story, and distinguishing between fantasies that are serious works of imagination and those that are fanciful or escapist. Each chapter that follows is primarily a literary analysis set in a context of the writer's life, thought, and other works. As the book proceeds, there begins to emerge a picture of the originality and merit of the writers, but at the same time the sense of a division in the purpose of each writer, whereby their works fail to

abide by their own laws. In the conclusion to this book Manlove draws the different types of division found into one and argues that the problem is one that is endemic to the writing of modern fantasy.

**Foundations of the Christian Faith** James Montgomery Boice, 1986-06-19 James Montgomery Boice provides an overview of Christian theology and doctrine in one systematic volume.

**A Fellowship of Differents** Scot McKnight, 2015-02-24 In this compelling book about diversity and community, McKnight shares his personal experiences and his study of the Apostle Paul to answer this significant question: What is the church supposed to be? Local churches matter far more than we often know because they determine what Christian life looks like for you. The church McKnight grew up in was a fellowship of sames and likes. Mostly white, same beliefs about everything, same tastes in music and worship and sermons and lifestyle. But the church God designed, says McKnight, is meant to be a fellowship of difference and differents. A mixture of people from all across the map and spectrum: men and women, rich and poor, black and white, and everything in between. A Fellowship of Differents explores the church as God's world-changing social experiment of bringing unlikes and differents to the table to share life with one another as a new kind of family, showing the world what love, justice, peace, reconciliation, and life together is designed by God to be.

Love in Recovery is also the perfect resource for those working to minister to sexually broken women.

**American Theological Inquiry, Volume Eight, Issue One** Gannon Murphy, 2015-09-08 American Theological Inquiry (ATI) reaches thousands of Christian scholars, clergy, and other interested parties, primarily in the U.S. and U.K. The journal was formed in 2007 by Gannon Murphy (PhD Theology, Univ. Wales, Lampeter; Presbyterian/Reformed) and Stephen Patrick (PhD Philosophy, Univ. Illinois; Eastern Orthodox) to open up space for Christian scholars who affirm the Ecumenical Creeds to contribute research throughout the broader Christian scholarly community in America and the West. The purpose of ATI is to provide an inter-tradition forum for scholars who affirm the historic Ecumenical Creeds of Christendom to constructively communicate contemporary theologies, developments, ideas, commentaries, and insights pertaining to theology, culture, and

history toward reforming and elevating Western Christianity. ATI seeks a critical function as much or more so as a quasi-ecumenical one. The purpose is not to erase or weaken the distinctives of the various ecclesial traditions, but to widen the dialogue and increase inter-tradition understanding while mutually affirming Christ's power to transform culture and the importance of strengthening Western Christianity with special reference to Her historic, creedal roots. Theologians, would-be theologians, and the theologically attentive will want to check out American Theological Inquiry. ~ Richard John Neuhaus (1936-2009), First Things

**Networks for Faith Formation** Steve Emery-Wright, Ed Mackenzie, 2017-05-19 The spiritual formation of young people can often focus on encouraging their personal spiritual practices, and perhaps linking them to a local youth group. While both are important, Networks for Faith Formation argues that a far wider set of relationships are needed to help faith grow. The aim of Networks for Faith Formation is to describe and commend eight key networks, relational bonds that nurture and nourish faith. The eight networks are bedroom practices (personal faith), church, family, friends, mentors, small groups, events and gatherings, and mission and service. The description of each network draws on biblical studies, practical

theology, and the social sciences, and practical ideas for helping young people engage with such networks are included throughout the book. In a context where some overlook the complexity of spiritual formation, *Networks for Faith Formation* is an important resource for church leaders, youth ministers, and parents seeking to help young people grow in faith. Since relational bonds are key for people of any age, it can also help all within the church understand the need for relationships in spiritual growth.
