## American Hereford Cattle Breeders' Association

Descendants of William Cromartie and Ruhamah Doane Amanda Cook Gilbert, 2013 This ambitious work chronicles 250 years of the Cromartie family genealogical history. Included in the index of nearly fifty thousand names are the current generations, and all of those preceding, which trace ancestry to our family patriarch, William Cromartie, who was born in 1731 in Orkney, Scotland, and his second wife, Ruhamah Doane, who was born in 1745. Arriving in America in 1758, William Cromartie settled and developed a plantation on South River, a tributary of the Cape Fear near Wilmington, North Carolina. On April 2, 1766, William married Ruhamah Doane, a fifth-generation descendant of a Mayflower passenger to Plymouth, Stephen Hopkins. If Cromartie is your last name or that of one of your blood relatives, it is almost certain that you can trace your ancestry to one of the thirteen children of William Cromartie, his first wife, and Ruhamah Doane, who became the founding ancestors of our Cromartie family in America: William Jr., James, Thankful, Elizabeth, Hannah Ruhamah, Alexander, John, Margaret Nancy, Mary, Catherine, Jean, Peter Patrick, and Ann E. Cromartie. These four volumes hold an account of the descent of each of these first-generation Cromarties in America, including personal anecdotes, photographs, copies of family bibles, wills, and other historical documents. Their pages hold a personal record of our ancestors and where you belong in the Cromartie family tree.

**Last Days in Babylon** Marina Benjamin, 2013-12-19 The fascinating story of the Iraqi Jews told through the life of the author's grandmother 'Last Days in Babylon is a marvel ... An amalgam of political commentary, history and personal memoir, it offers a poignant testimony to an obliterated people' Sunday Times 'This is a history unknown even to most Jews. Benjamin narrates it fluently and passionately' Independent Marina Benjamin grew up in London, feeling estranged from her family's Middle Eastern ways, refusing to speak Arabic or eat their food. But when Benjamin had her own child a few years ago, she realised that she was losing her link to the past, inspiring a journey to Baghdad and into her family's history. Her discoveries will haunt anyone who seeks to understand a country whose ongoing struggles continue to command the world's attention. By turns moving and funny, Last Days in Babylon is an adventure story, a riveting history and a timely reminder that behind today's headlines are real people whose lives are caught in the crossfire of misunderstanding, prejudice and ambition.

*Memories of Eden* Violette Shamash, 2016-03-15 According to legend, the Garden of Eden was located in Iraq, and for millennia, Jews resided peacefully in metropolitan Baghdad. Memories of Eden: A Journey Through Jewish Baghdad

reconstructs the last years of the oldest Jewish Diaspora community in the world through the recollections of Violette Shamash, a Jewish woman who was born in Baghdad in 1912, sent to her daughter Mira Rocca and son-in-law, the British journalist Tony Rocca. The result is a deeply textured memoir—an intimate portrait of an individual life, yet revealing of the complex dynamics of the Middle East in the twentieth century. Toward the end of her long life, Violette Shamash began writing letters, notes, and essays and sending them to the Roccas. The resulting book begins near the end of Ottoman rule and runs through the British Mandate, the emergence of an independent Iraq, and the start of dictatorial government. Shamash clearly loved the world in which she grew up but is altogether honest in her depiction of the transformation of attitudes toward Baghdad's Jewish population. Shamash's world is finally shattered by the Farhud, the name given to the massacre of hundreds of Iraqi Jews over three days in 1941. An event that has received very slight historical coverage, the Farhud is further described and placed in context in a concluding essay by Tony Rocca.

**British Pro-consuls in Egypt, 1914-1929** Charles William Richard Long, 2005 Long tells the story of four proconsuls (McMahon, Wingate, Allenby and Lloyd), their principal opponent, Sa'ad Zaghlul, and the great events of the time: the rise of the Wafd party, the uprising of 1919, the murder of Sir Lee Stack and the Allenby ultimatum.

**Poison in Small Measure: Dr. Christopherson and the Cure for Bilharzia** Ann Crichton-Harris, 2009-06-02 In 1917, in Khartoum, Dr. J.B. Christopherson experimentally treated seventy bilharzia patients with injections of antimony tartrate, an early chemotherapy. His was the first successful treatment. Antimony had never been tried on bilharzia patients before, or so he believed. This biography examines the turbulent life of this medical pioneer, his fight for priority and his struggle for professional survival amid the politics of exclusion in General Wingate's Sudan. His was a career full of paradoxes: acclaimed for intercepting a smallpox outbreak, building a hospital and satellite clinics, he battled accusations and removal as director of the Medical Department. From the Boer War, two decades in Sudan, his capture and release in Serbia to his time in France in WW1, controversy seldom left him.

**Abridged Biography and Genealogy Master Index** Barbara McNeil, 1988

**The Fall of the House of Bush** Craig Unger, 2007-11-13 The presidency of George W. Bush has led to the worst foreign policy decision in the history of the United States -- the bloody, unwinnable war in Iraq. How did this happen? Bush's fateful decision was rooted in events that began decades ago, and until now this story has never been fully told. From Craig Unger, the author of the bestseller *House of Bush, House of Saud*, comes a comprehensive, deeply sourced, and chilling account of the secret relationship between neoconservative policy makers and the Christian Right, and how they assaulted the most vital safeguards of America's constitutional democracy while pushing the country into the catastrophic quagmire in the Middle East that is getting worse day by day. Among the powerful revelations in this book: Why George W. Bush ignored the sage

advice of his father, George H.W. Bush, and took America into war. How Bush was convinced he was doing God's will. How Vice President Dick Cheney manipulated George W. Bush, disabled his enemies within the administration, and relentlessly pressed for an attack on Iraq. Which veteran government official, with the assent of the president's father, protested passionately that the Bush administration was making a catastrophic mistake -- and was ignored. How information from forged documents that had already been discredited fourteen times by various intelligence agencies found its way into President Bush's State of the Union address in which he made the case for war with Iraq. How Cheney and the neocons assembled a shadow national security apparatus and created a disinformation pipeline to mislead America and start the war. A seasoned, award-winning investigative reporter connected to many back-channel political and intelligence sources, Craig Unger knows how to get the big story -- and this one is his most explosive yet. Through scores of interviews with figures in the Christian Right, the neoconservative movement, the Bush administration, and sources close to the Bush family, as well as intelligence agents in the CIA, the Pentagon, and Israel, Unger shows how the Bush administration's certainty that it could bend history to its will has carried America into the disastrous war in Iraq, dooming Bush's presidency to failure and costing America thousands of lives and trillions of dollars. Far from ensuring our security, the Iraq War will be seen as a great strategic pivot point in history that could ignite wider war in the Middle East, particularly in Iran. Provocative, timely, and disturbing, *The Fall of the House of Bush* stands as the most comprehensive and dramatic account of how and why George W. Bush took America to war in Iraq.

*Serials and Series* Buck Rainey, 2015-06-08 While many fans remember *The Lone Ranger*, *Ace Drummond* and others, fewer focus on the facts that serials had their roots in silent film and that many foreign studios also produced serials, though few made it to the United States. The 471 serials and 100 series (continuing productions without the cliffhanger endings) from the United States and 136 serials and 37 series from other countries are included in this comprehensive reference work. Each entry includes title, country of origin, year, studio, number of episodes, running time or number of reels, episode titles, cast, production credits, and a plot synopsis.

*The Millers of Millersburg and Their Descendants*, 1923 Isaac Miller was born about 1755 in Ireland, and immigrated about 1781 to western Pennsylvania. He fought in the Revolutionary war, married twice, and moved to Tennessee, where he died in 1806.

**The Link Family** Paxson Link, 1951 John Jacob Link (Hans Jacob Linckh) was born at Grossgarthach near Heilbronn, Germany on 20 October 1682. He married Elizabeth König in 1708, and Anna Magdalena Neuwirth in 1720. They immigrated to Philadelphia in 1733, and settled in Oley Hills, Pennsylvania. He died in 1738. Descendants have resided throughout the United States.

The Prize Daniel Yergin, 2012-09-11 *The Prize* recounts the panoramic history of oil -- and the struggle for wealth power

that has always surrounded oil. This struggle has shaken the world economy, dictated the outcome of wars, and transformed the destiny of men and nations. The Prize is as much a history of the twentieth century as of the oil industry itself. The canvas of this history is enormous -- from the drilling of the first well in Pennsylvania through two great world wars to the Iraqi invasion of Kuwait and Operation Desert Storm. The cast extends from wildcatters and rogues to oil tycoons, and from Winston Churchill and Ibn Saud to George Bush and Saddam Hussein. The definitive work on the subject of oil and a major contribution to understanding our century, The Prize is a book of extraordinary breadth, riveting excitement -- and great importance.
