L'intelligence émotionnelle en pratique Stéphanie de Schaetzen, Valentine Anciaux, Magalie Le Gall, 2022-02-03

Qu'est-ce que l'intelligence émotionnelle ? Quels sont ses bienfaits ? Et concrètement, comment la développer ? Comment en faire un allié au quotidien ? Bien qu'elle soit un facteur-clé de succès, l'intelligence émotionnelle reste très peu exploitée.

Pourtant, identifier ses émotions, les maîtriser et composer avec celles des autres permet de multiplier les échanges constructifs, de déployer son inventivité et d'atteindre de nouveaux objectifs. Stéphanie de Schaetzen et Valentine Anciaux ont fait de cette forme d'intelligence leur spécialité ! Dans un ouvrage superbement illustré, elles livrent leurs témoignages et partagent leurs expériences, proposant ainsi un espace d'échanges. A l'aide d'outils pratiques, d'exercices et de jeux, elles invitent chacun à muscler son intelligence émotionnelle pour réveiller son énergie créatrice et, finalement, aller au bout de ses rêves ! Un guide innovant pour apprendre à réaliser tous ses objectifs grâce à l'intelligence émotionnelle !

CE QU'EN PENSE LA CRITIQUE

L'intelligence émotionnelle est responsable de 80% de nos succès. - Florence Servan-Schreiber

Réalisé par une orthophoniste et une psychopédagogue, ce guide bien conçu mêle théorie et pratique ; il contribuera à s'épanouir... - Stéphanie Combe,

La Vie Dans le livre L'Intelligence émotionnelle en pratique, l'orthophoniste Stéphanie de Schaetzen et la psychoéducatrice Valentine Anciaux nous apprennent comment apprivoiser nos émotions pour atteindre de nouveaux objectifs et faire face aux enjeux de société à venir. - Barbara Witkowska,

Télépro À PROPOS DES AUTEURES

Stéphanie de Schaetzen est orthophoniste spécialisée dans la prise en charge psychoéducative des troubles d'apprentissage. Elle coordonne l'espace « Crescendo de Jodoigne ». Elle a co-créé le site Psychoeducation.be, qui développe divers projets, notamment de formations, dans les domaines de la psychologie et l'éducation. Valentine Anciaux est formée à la psychoéducation au Québec et intervient auprès d'enfants et d'adolescents présentant des troubles d'apprentissage et du comportement. Elle a co-créé le site Psychoeducation.be, qui développe divers projets, notamment de formations, dans les domaines de la psychologie et l'éducation.

Émotions et intelligence émotionnelle dans les organisations Nicolae Sfetcu, Une argumentation pour l'importance dualiste des émotions dans la société, individuellement et au niveau communautaire. La tendance actuelle à la prise de conscience et au contrôle des émotions grâce à l'intelligence émotionnelle a un effet bénéfique dans les affaires et pour le succès des activités sociales mais, si nous n'y prenons pas garde, elle peut conduire à une aliénation irréversible au niveau

individuel et social. L'essai est composé de trois parties principales: Émotions (Modèles d'émotions, Le processus des émotions, La bonheur, La philosophie des émotions, L'éthique des émotions), Intelligence émotionnelle (Modèles d'intelligence émotionnelle, L'intelligence émotionnelle dans la recherche et l'éducation, La philosophie d'intelligence émotionnelle, L'intelligence émotionnelle dans la philosophie orientale) et Intelligence émotionnelle dans les organisations (Travail émotionnel, La philosophie de l'intelligence émotionnelle dans les organisations, La critique de l'intelligence émotionnelle dans les organisations, L'éthique de l'intelligence émotionnelle dans les organisations). Dans les Conclusions, je présente un résumé des déclarations contenues dans le document. SOMMAIRE: Abstract 1. Developing Your Emotional Intelligence 50minutes,2017-04-28 Ready to take your career to the next level? Find out everything you need to know about emotional intelligence with this practical guide. Emotional intelligence refers to the ability to “identify, access and control one’s own emotions and those of others in a group”. This is undoubtedly an essential skill for almost any career and luckily, it is also something that everybody can learn. This summary will teach you the methods you need to understand and control your own emotions as well as to read other people’s feelings, allowing you to become a more empathetic person. In 50 minutes you will be able to: • Identify emotional intelligence and why it is important for professional and personal development • Analyse your emotions and how they contribute to your strengths and weaknesses, as well as how you can use them to achieve success • Discover the key to interpreting the emotions of others, helping you to read body language and communicate effectively, thus avoiding difficult situations and conflict ABOUT 50MINUTES.COM | COACHING The Coaching series from the 50Minutes collection is aimed at all those who, at any stage in their careers, are looking to acquire personal or professional skills, adapt to new situations or simply re-evaluate their work-life balance. The concise and effective style of our guides enables you to gain an in-depth understanding of a broad range of concepts, combining theory, constructive examples and practical exercises to enhance your learning.

La gestion de l'intelligence émotionnelle au travail André Durivage,Jean-Christophe Zapata,2025-10-09T00:00:00-04:00 La gestion de l'intelligence émotionnelle au travail : guide pratique pour les gestionnaires et les managers aborde la conscience des états émotifs, la sensibilité sociale, le niveau d'empathie et la gestion active des

émotions. Chaque chapitre fait un survol des connaissances les plus récentes sur les plans scientifique et professionnel afin de permettre aux cadres, aux managers, aux psychologues et aux spécialistes en ressources humaines d'intervenir de façon efficace en matière d'intelligence émotionnelle. Les approches nord-américaines et européennes sont combinées afin d'offrir un panorama de la question.

Développer l'intelligence émotionnelle et relationnelle Laurie Dubuc, 2022-08-24 Réflexionner. Réfléchir, réflexions, raisonner, réfléchir. Parce que quand vous voyez de beaux outils vous vous dites probablement : « D'accord, mais est-ce que c'est soutenu par la recherche ça ? » Parce que vous avez probablement déjà dit à un ou une collègue : « C'est bien beau, mais comment vas-tu mettre ça en place concrètement ? » Parce que vous vous êtes probablement déjà questionné : « Ben là, est-ce que quelqu'un l'a essayé pour savoir si ça fonctionne pour vrai ? » Voici un ouvrage soutenu par les recherches actuelles en éducation et des outils clé en main afin de soutenir la connaissance de soi chez les enfants.

Intelligence émotionnelle et management Ilios Kotsou, 2019-05-13 L'ouvrage traite de l'importance et de l'utilisation, en management, des émotions et des compétences qui y sont liées. Parmi les thèmes traités, on citera : la gestion de ses propres émotions, la prise de décision, la gestion des conflits, du changement. Longtemps considérées comme étant un phénomène gênant ou même une faiblesse, les émotions apparaissent aujourd'hui liées à des compétences indispensables pour évoluer dans un environnement en perpétuel changement. Les recherches en psychologie des émotions et en neurobiologie nous montrent que si les compétences de régulation émotionnelle sont liées à la santé physique et mentale, elles le sont aussi à la capacité à prendre des décisions, gérer des relations et faire preuve de leadership. Cet ouvrage, dont la 4e édition est actualisée et enrichie, traite de l'importance et de l'utilisation de ces compétences dans le management. Parmi les thèmes traités nous retrouvons la gestion de ses propres émotions et de celles des autres, la prise de décision, la gestion des conflits dans les organisations et la gestion du changement. Les concepts de l'intelligence émotionnelle sont développés ici de manière scientifique et rigoureuse, mais toujours en lien avec leur utilisation pratique dans le management. Écrit dans un style clair et direct, l'ouvrage s'adresse à toute personne intéressée par les émotions et, tout particulièrement, les managers, directeurs des ressources humaines, consultants et formateurs. Il intéressera également les étudiants en management et en gestion des ressources humaines.

Innovations in Global Mental Health Samuel O. Okpaku, 2021-11-02 Over the course of the last decade, political and mental entities at large have embraced global mental health: the idea that psychiatric health is vital to improved quality of life. Physicians globally have implemented guidelines recommended by the National Institute of Mental Health (NIMH) in 2007, thereby breaking down barriers to care and improving quality of life in areas where these practices have been implemented. Programs for training and education have expanded as a result. Clinicians benefit more from both local

resources in some regions as well as in international collaboration and technological advancements. Even amidst all of these positive outcomes, clinicians still face some stumbling blocks. With worldwide statistics estimating that 450 million people struggle with mental, neuropsychiatric, and neurological disorders—25 percent of the world’s non-communicable disease burden—rising to these challenges prove to be no small feat, even in wealthy Western nations. Various articles and books have been published on global mental health, but few of them thoroughly cover the clinical, research, innovative, and social implications as they pertain to psychiatry; often, only one of these aspects is covered. A comprehensive text that can keep pace with the rapidly evolving literature grows more and more valuable each day as clinicians struggle to piece together the changes around the world that leave open the possibility for improved outcomes in care. This book seeks to boldly rectify this situation by identifying innovative models of service delivery, training, education, research funding, and payment systems that have proven to be exemplary in implementation and scalability or have potential for scalability. Chapters describe specific barriers and challenges, illuminating effective strategies for improved outcomes. This text is the first peer-reviewed resource to gather prestigious physicians in global mental health from around the world and disseminate their expertise in the medical community at large in a format that is updateable, making it a truly cutting-edge resource in a world constantly changed by medical, scientific, and technological advances. *Innovations in Global Mental Health* is the ultimate resource for psychiatrists, psychologists, primary care physicians, hospitalists, policy makers, and all medical professionals at the forefront of global mental health and its implications for the future.

Développer son intelligence émotionnelle Maïlys Charlier, 50 minutes, 2015-07-23 Un guide pratique et accessible pour apprendre à gérer au mieux ses émotions afin de maximiser ses chances de réussite ! Mis en lumière par des psychologues avertis, le concept d’intelligence émotionnelle propose un nouveau regard sur les raisons du succès professionnel. Ainsi, la capacité à contrôler ses émotions et celles des autres conduirait plus sûrement à la réussite que des dispositions intellectuelles hors normes. Le quotient émotionnel (QE) vient s’ajouter au quotient intellectuel (QI) dans la mesure de l’intelligence globale d’un individu. Ce livre vous aidera à : • Comprendre ce qu’est l’intelligence émotionnelle • Identifier vos compétences émotionnelles • Agir en pleine conscience de vous-même et des autres • Et bien plus encore ! Le mot de l’éditeur : « Dans ce numéro de notre série Coaching pro, Maïlys Charlier nous explique ce qu’est l’intelligence émotionnelle et en quoi elle est utile dans un cadre professionnel. L’auteure nous dispense ensuite ses conseils et bonnes pratiques pour apprendre à gérer ses émotions et celles des autres et les utiliser en complément de ses capacités intellectuelles. » Laure Delacroix À PROPOS DE LA SÉRIE 50MINUTES | Coaching pro La série Coaching pro de la collection 50MINUTES s’adresse à tous ceux qui, en période de transition ou non, désirent acquérir de nouvelles compétences, réagir face à une situation qui les incommodent, ou tout simplement réévaluer leur équilibre de travail. Dans un style simple et dynamique, nos auteurs combinent de la théorie, des pistes de réflexion, des exemples concrets et des exercices pratiques pour permettre à chacun

d'avancer sur le chemin de l'épanouissement professionnel.

The Management of Living Beings or Emo-management Delphine Van Hoorebeke, 2018-08-01 This book is based on the author's research carried out over the last ten years in terms of emotional management. It establishes the intervention of emotions at all levels of management: the Littré definition, management being the art of the possible, the art of guiding, managing, handling, motivating ... even resolving and arranging. Emotion is a subject studied particularly in management in English speaking countries and has become a topic of growing interest in organizational behavior. E-motion is, in this book, considered based on its etymological origin (ex-movere: put into action by the external factors). The objective is to demonstrate a new vision of responsible management and to confront the current challenges in motion. In this way, the latter tends to take into consideration the 'living', i.e. the psychobiological, neurological and sociological aspects of people in business.

Comprendre le cerveau Vers une nouvelle science de l'apprentissage OECD, 2002-09-18 Ce livre examine comment les nouvelles connaissances scientifiques sur le fonctionnement du cerveau peuvent aider les éducateurs et les responsables politiques dans l'élaboration de méthodes d'apprentissage et des politiques plus efficaces. Cette ...

Complex Decision-Making in Economy and Finance Pierre Massotte, Patrick Corsi, 2020-01-14 Pertinent to modern industry, administration, finance and society, the most pressing issue for firms today is how to reapproach the way we think and work in business. With topics ranging from improving productivity and coaxing economic growth after periods of market inactivity, *Complex Decision-Making in Economy and Finance* offers pragmatic solutions for dealing with the critical levels of disorder and chaos that have developed throughout the modern age. This book examines how to design complex products and systems, the benefits of collective intelligence and self-organization, and the best methods for handling risks in problematic environments. It also analyzes crises and how to manage them. This book is of benefit to companies and public bodies with regards to saving assets, reviving fortunes and laying the groundwork for robust, sustainable societal dividends. Examples, case studies, practical hints and guidelines illustrate the topics, particularly in finance.

Becoming a Caring Manager 50minutes,, Karima Chibane, 2017-02-20 Ready to take your business to the next level? Find out everything you need to know about caring management with this practical guide. In contemporary management literature, there is an increasing focus on the human side of management, with particular emphasis on emotional intelligence and empathy. This trend towards caring management is all the more important now that colleagues from different generations, with different expectations for their jobs, are working together. It will allow you to foster a positive working environment and get the best out of employees of all ages and backgrounds. In 50 minutes you will be able to: • Take a caring approach to management that is consistent with your personal values • Understand and cater to the needs of colleagues from Generations X, Y and Z • Understand the behaviour of your colleagues and adapt your own behaviour in

order to encourage a caring and harmonious work environment ABOUT 50MINUTES.COM| COACHING The Coaching series from the 50Minutes collection is aimed at all those who, at any stage in their careers, are looking to acquire personal or professional skills, adapt to new situations or simply re-evaluate their work-life balance. The concise and effective style of our guides enables you to gain an in-depth understanding of a broad range of concepts, combining theory, constructive examples and practical exercises to enhance your learning.

Bridging Horizons in Artificial Intelligence, Robotics, Cybersecurity, Smart Cities, and Digital Economy Klodian Dhoska,Evjola Spaho,2025-03-15 This book aims to foster interdisciplinary research among industry and academic participants and form long-term strategic links. It provides a presentation of new knowledge and development through the exchange of practical experience between industry, scientific institutes and business. The carefully selected conference themes have been chosen to engender these in the fields of engineering, industry, information technology, business, economics and finance, and applied sciences. This book aims to provide the latest research findings, innovative research results, methods and development techniques from both theoretical and practical perspectives related to the emerging areas of artificial intelligence, cybersecurity, robotics and automation, smart technologies, data analytics and data science, network and communication, cloud and mobile computing, Internet of things, virtual augmented and mixed reality, technology in applied science, digital economy, management and business, finance and accounting, statistics and econometrics, economics and social sciences.

The Universal Language of Nature: A New Way of Conflict Resolution and Authentic Leadership Alexandra Sith,2021-05-21 Equine assisted coaching is a powerful tool for conflict resolution in both professional and private life. Learn the magical role of animals and nature in helping us find answers and our place in life and relationships. We live in a society where technology overshadows the human values of empathy development, and connection with nature and ourselves. In her practice as an international mediator in various cultures, the author was always looking for universal elements of conflicts. This book is a result of this study and highlights interesting aspects that have been neglected for far too long, but could offer structural solutions to the problems of our society today; by the development of emotional intelligence and felt sense, as well as emphasizing the importance of the authentic power of every human being. Nature and especially horses help us in this personal development.

Les intelligences citoyennes Antony Gallais, 2020-04-16 Face aux enjeux sociaux et environnementaux, de plus en plus de voix s'élèvent dans l'espoir de voir naître une prise de conscience à la hauteur. C'est à la construction de cette sagesse sociale, politique et psychique que ce livre est consacré. Nous verrons dans quelle mesure les compétences émotionnelles et existentielles peuvent être au centre de ce processus de transformation, pour peu que nous leur donnions la place sociale et politique qu'il convient. Nous espérons ainsi préciser les contours d'une classe citoyenne (Créatifs culturels) dotée non pas seulement de valeurs mais d'une réelle forme d'intelligence. Concevoir ces talents comme des formes supérieures d'intelligence, c'est semer les graines d'un nouvel ordre social, écologique et humaniste

L'antidote au stress Marie-Louise Roy, 2019-06-03 T00:00:00-04:00 Le stress, vous connaissez? L'auteure nous présente sa vision sur l'art d'échapper à ce véritable fléau qui frappe tant nos vies personnelles que professionnelles. L'antidote au stress n'est pas un livre ordinaire. Riche en renseignements de sources diverses, il décrit ce qui se passe réellement dans notre cerveau; et nous donne les outils nécessaires pour éviter le stress et la détresse qu'il entraîne souvent.

The Point of Being Cristina Miranda de Almeida, Derrick de Kerckhove, 2014-06-19 Current digital processes of production, reproduction and distribution of information affect the perception of time, space, matter, senses and identity. This book explores the research question: what are the psycho-physiological dimensions of the ways people experience their presence in the world and the world's presence in them? Because they deal principally with issues of perception and sentience, with a particular emphasis on art, there is in all chapters an invitation to experience a shift of perception. An embodied sensation of the world and a re-sensorialization of the environment are described to complement the visually-biased perspective with a renewed sense of humans' relationship to their spatial and material surrounding. As such, this book presents the topological reunion of sensation and cognition, of sense and sensibility and of body, self and world. The perception of the "Point of Being", to which the various chapters of this book invite the reader, proposes an alternative to the "Point of View" inherited from the Renaissance; it offers a way to situate the sense of self through the physical, digital and electronic domains that shape physical, social, cultural, economic and spiritual conditions at the beginning of the twenty-first century. Nine authors explore different ways in which the paradigm of the Point of Being can bridge the interval, the discontinuity, between subjects and objects that began with the diffusion of the phonetic alphabet. The Point of Being is a

signpost on that journey.

Human Resource Management Zaidi,2009

Whispering the Secrets of Language: An Emotional Quest through **L Intelligence Motionnelle Pdf**

In a digitally-driven world where monitors reign supreme and quick conversation drowns out the subtleties of language, the profound secrets and emotional subtleties concealed within words usually move unheard.
