The Fix Michelle P. King, 2020-03-03 In the vein of #Girlboss and Nice Girls Don't Get the Corner Office, discover how to thrive at work from the head of the Global Innovation Coalition for Change at UN Women with this "passionate, practical roadmap for addressing inequality and finally making our workplaces work for women" (Arianna Huffington). For years, we've been telling women that in order to succeed at work, they have to change themselves first—lean in, negotiate like a man, don't act too nice or you'll never get the corner office. But after sixteen years working with major Fortune 500 companies as a gender equality expert, Michelle King has realized one simple truth—the tired advice of fixing women doesn't fix anything. The truth is that workplaces are gendered; they were designed by men for men. Because of this, most organizations unconsciously carry the idea of an "ideal worker," typically a straight, white man who doesn't have to juggle work and family commitments. Based on King's research and exclusive interviews with major companies and thought leaders, *The Fix* reveals why denying the fact that women are held back just because they are women—what she calls gender denial—is the biggest obstacle holding women back at work and outlines the hidden sexism and invisible barriers women encounter at work every day. Women who speak up are seen as pushy. Women who ask for a raise are seen as difficult. Women who spend hours networking don't get the same career benefits as men do. Because women don't look like the ideal worker and can't behave like the ideal worker, they are passed over for promotions, paid less, and pushed out of the workforce, not because they aren't good enough, but because they aren't men. In this fascinating and empowering book, King outlines the invisible barriers that hold women back at all stages of their careers, and provides readers with a clear set of takeaways to thrive despite the sexist workplace, as they fight for change from within. Gender equality is not about women, and it is not about men—it is about making workplaces work for everyone. Together, we can fix work, not women.

Recovering Women's Voices Reham ElMorally, 2024-09-09 Reham ElMorally draws upon Sylvia Walby's *Six Structures of Patriarchy*, tailored for the Egyptian context, to dissect how this patriarchal construct has historically suppressed and exploited women.

Ethics, Ethnocentrism and Social Science Research Divya Sharma,2020-11-29 This book addresses the ethical and methodological issues that researchers face while conducting cross-cultural social research. With globalization and advanced means of communication and transportation, many researchers conduct research in cross-cultural, multicultural, and transnational settings. Through a range of case studies, and drawing on a range of disciplinary expertise, this book addresses the ethics, errors, and ethnocentrism of conducting law and crime related research in settings where power differences, as well as stereotypes, may come into play. Including chapters from scholars across cultures and settings – including Greece, Canada, Vienna, South Africa, India, and the United States – this book provides an invaluable survey of the issues attending cross-cultural social justice research today. Engaging issues confronted by all cross-cultural researchers this book will be invaluable to those working across the social sciences as well as professionals in criminal justice and social work.
