Poe Evermore David Huckvale, 2014-10-02 Edgar Allan Poe exerted a profound influence on many aspects of 20th century culture, and continues to inspire composers, filmmakers, writers and artists. Popularly thought of as a horror writer, Poe was also a philosophical aesthete, a satirist, a hoaxer, a psychologist and a prophet of the anxieties and preoccupations of the modern world. Alphabetically arranged, this book explores Poe's major works both in their own right and in terms of their impact on others, including Baudelaire, who translated his works into French; Debussy, Rachmaninoff and the Alan Parsons' Project, who set them to music; Roger Corman, Federico Fellini and Jean Epstein, who interpreted his visions for film audiences; and television shows such as *The Six Million Dollar Man* and *Time Tunnel*, which borrowed his imagery (and, in the case of *The Simpsons*, sent it up). A wide range of other responses to his compelling *Tales of Mystery and Imagination*, his poetry and the theoretical writings, combine strongly to suggest that Poe's legacy will indeed last forevermore.

Poe, "The House of Usher," and the American Gothic D. Perry, Carl H. Sederholm, 2009-04-27 Poe, 'The House of Usher,' and the American Gothic discusses the interrelation between Poe's tale and the modern horror genre, demonstrating how Poe's work continues to serve as a model for exploring the deepest and most primitive corners of the human mind and heart.

Classic Horror Films and the Literature That Inspired Them Ron Backer, 2015-05-11 Classic horror films such as *Dracula*, *Frankenstein* and *The Picture of Dorian Gray* are based on famous novels. Less well known--even to avid horror fans--are the many other memorable films based on literary works. Beginning in the silent era and continuing to the present, numerous horror films found their inspiration in novels, novellas, short stories and poems, though many of these written works are long forgotten. This book examines 43 works of literature--from the famous to the obscure--that provided the basis for 62 horror films. Both the written works and the films are analyzed critically, with an emphasis on the symbiosis between the two. Background on the authors and their writings is provided.

Women in the Horror Films of Vincent Price Jonathan Malcolm Lampley, 2014-01-10 Many of the key films in the career of horror icon Vincent Price (1911-1993) contain commentaries both obvious and subtle on the role of women, not only in the context of the times in which the films were created, but also during the historical periods depicted in the storylines. This examination of Price's horror films focuses on how the principal female characters--portrayed by such notable actresses as Barbara Steele, Hazel Court and Diana Rigg, to name but a few--are simultaneously villains, victims and objects of

reverence. Also considered are issues of gender and sexuality as addressed in Vincent Price's most memorable movies. Included are dozens of rare production stills and a selected filmography that provides significant background information on the films cited.

American Literature in Context Brian Harding, 2016-05-20 First published between 1982 and 1983, this series examines the peculiarly American cultural context out of which the nation's literature has developed. Covering the years from 1830 to 1865, this second volume of American Literature in Context examines twelve major American writers of the three decades before the Civil War, including Edgar Allan Poe, Ralph Waldo Emerson, Henry David Thoreau, Herman Melville and Walt Whitman. The book also analyses the writing of two contemporary historians, an intellectual Journalist and Abraham Lincoln. Among the major themes discussed the religious heritage of New England Transcendentalism, sectional rivalries, tensions between self-culture and social awareness, and the widening gulf between the idea of national destiny and the fact of growing disunity. In addition, the dominant literary forms of the period - sermon, essay, travelogue - are related to the common cultural assumptions of the age. This book will be of interest to those studying American literature and American studies.

The Fall of the House of Usher and Other Classic Tales of Horror Edgar Allan Poe, 2017-05-04 Edgar Allan Poe is regarded as one of the greatest American writers and a pioneer of the horror genre, and this collection brings together some of his most celebrated tales. Themes of guilt, fear and revenge abound as the master of gothic horror transports readers to mysterious worlds, carries them on dangerous sea voyages, and investigates gruesome murders. Exploring the hidden depths of the human mind, these are tales full of thrills and intrigue. Includes: • The Fall of the House of Usher • The Tell-Tale Heart • The Black Cat • The Cask of Amontillado • The Masque of the Red Death • The Pit and the Pendulum

The Fall of the House of Poe Phillip Roderick, 2006 Why was Edgar Allan Poe unable to form either emotional or sexual bonds with the women in his life? Why did he worship at the grave of his friend's mother-a woman he may have loved but who he could have never been intimate with? Why did he marry his 13 year-old cousin and what impact did her tragic death have on his literary creations? Why do the female characters in his short stories endure disturbingly sadistic punishment and torture at the hands of an almost overtly mad husband or acquaintance? Through both a feminist and psychoanalytic analysis, *The Fall of the House of Poe* attempts to explain Poe's morbid treatment of the female characters in his short stories by examining his own disturbingly tragic experiences with women throughout his short life. Ultimately this book elucidates unequivocally the acute psychological motivations for Poe's profoundly psychoanalytic tales of horror and imagination.

Poe, Queerness, and the End of Time Paul Christian Jones, 2022-05-16 This book builds upon recent theoretical approaches that define queerness as more of a temporal orientation than a sexual one to explore how Edgar Allan Poe's literary works were frequently invested in imagining lives that contemporary readers can understand as queer, as they stray

outside of or aggressively reject normative life paths, including heterosexual romance, marriage, and reproduction, and emphasize individuals' present desires over future plans. The book's analysis of many of Poe's best-known works, including *The Raven*, *The Fall of the House of Usher*, *The Black Cat*, *The Masque of the Red Death*, and *The Murders in the Rue Morgue*, show that his attraction to the liberation of queerness is accompanied by demonstrations of extreme anxiety about the potentially terrifying consequences of non-normative choices. While Poe never resolved the conflicts in his thinking, this book argues that this compelling imaginative tension between queerness and temporal normativity is crucial to understanding his canon.

American Literature in Context Various Authors, 2021-05-13 First published between 1982 and 1983, this series examines the peculiarly American cultural context out of which the nation's literature has developed. Covering the years from 1620 to 1930, these four volumes present a coherent, consecutive and comprehensive sequence of interpretations of major American texts, including fiction, non-fiction, poetry and drama. Every chapter includes an extract from the chosen text which serves as a springboard for wider discussion and analysis. Each analysis demonstrates how students can move into and then from the pages of literature to a consideration of the whole text, and thence to an understanding of the author's oeuvre and of the cultural moment in which he or she lived and wrote. This set will be a valuable resource for students of American literature and American studies.

An Edgar Allan Poe Companion J R Hammond, 2016-01-15

Corman/Poe Chris Alexander, 2023-07-06 *THE FALL OF THE HOUSE OF USHER, THE PIT AND THE PENDULUM, PREMATURE BURIAL, TALES OF TERROR, THE HAUNTED PALACE, THE RAVEN, MASQUE OF THE RED DEATH, THE TOMB OF LIGEIA...* Produced on modest budgets for American International Pictures, Roger Corman's adaptations of Edgar Allan Poe stories were popular in their time as escapist horror cinema. Most starred horror icon Vincent Price and were written (and "freely adapted") by the likes of Richard Matheson, Charles Beaumont and Robert Towne. Today the series is recognized as unique and sophisticated, one that delivers decadent Gothic chills while exploring ideas of faith, sexuality, psychology and the supernatural. *CORMAN/POE: Interviews and Essays Exploring the Making of Roger Corman's Edgar Allan Poe Films, 1960-1964* is the only book to fully examine this important chapter in horror film history. In-depth conversations with the maverick Roger Corman are book-ended by engaging critical analyses of each of the eight films, which together stand as a fully realized and consistent creative vision. The book is illustrated with dozens of photographs and stills, many of which have never been published before, and features a brand-new foreword from Corman.

The Fall of the House of Usher (TV Tie-in Edition) Edgar Allan Poe, 2023-09-12 A deluxe anthology of works by Edgar Allan Poe that inspired Netflix's *The Fall of the House of Usher*, curated by series creator Mike Flanagan There was an iciness, a sinking, a sickening of the heart—an unredeemed dreariness of thought which no goading of the imagination could torture into aught of the sublime. What was it—I paused to think—what was it that so unnerved me in the contemplation of the House of Usher? Slip behind the bleak walls and vacant windows of Netflix's reimagining of the mansion of doom in this anthology of works by Edgar Allan Poe that inspired the limited series *The Fall of the House of Usher*. From well-loved classics like "The Raven" and "The Tell-Tale Heart" to lesser-known gems such as "Tamerlane" and "The Murders in the Rue Morgue," these collected tales have withstood the test of time, haunting readers for nearly two hundred years. With a foreword by series creator and horror maverick Mike Flanagan, this anthology is the perfect viewer's companion to Netflix's *The Fall of the House of Usher*.

Unless the Threat of Death is Behind Them John T. Irwin, 2006-10-25 The noted literary critic delves into the psychology and significance of American hardboiled crime fiction and film noir of the 1930s and '40s. Early in the twentieth century, American crime novelists like Dashiell Hammett and Raymond Chandler put forward a new kind of character: the "hard-boiled" detective, as exemplified by Sam Spade in *The Maltese Falcon*. Unlike the analytical detectives of nineteenth-century fiction, these new detectives encountered cases not as intricate logical puzzles but as stark challenges of manhood. John T. Irwin explores how the stories of these characters grapple with ideas of American masculinity. Professional codes are pitted against personal desires, resulting in either ruinous relationships or solitary integrity. In thematic conflicts between independence and subordination, all notions of manly independence prove subordinate to the hand of fate. Tracing the

stylistic development of the genre, Irwin demonstrates the particular influence of the novel of manners, especially the writing of F. Scott Fitzgerald. He also shows that as hard-boiled fiction began to appear on the screen in film noir, it took on themes of female empowerment—just as women entered the workforce in large numbers. Finally, he discusses how these themes persist in contemporary dramatic series on television, representing the conflicted lives of Americans into the twenty-first century.

Student Companion to Edgar Allan Poe Tony Magistrale, 2001-04-30 The contributions of Edgar Allan Poe have withstood the test of time; his best poems and fiction are more popular and carry greater significance now than they did during his own era. This highly readable introduction to the life, times, and major works of Poe offers fresh interpretations of timeless masterpieces like *The Raven* and *The Purloined Letter*. Carefully considering important thematic elements as well as genre, this book organizes the works of Poe into four significant groupings: the poetry, Vampiric love stories, tales of psychological terror, and the detective stories. Close readings are given for a selection of the most important works that represent Poe's canon of writings, including the chilling *Tell Tale Heart* and *The Black Cat*. This introductory study to Edgar Allan Poe begins with a concise biographical chapter that explores Poe's troubled experiences. The Literary Heritage chapter chronicles Poe's influence on other writers, artists, and filmmakers who followed. This work examines the major poems from Poe's canon, with special attention to those works that are most often taught and anthologized. Poe's most famous tales of terror and revenge are juxtaposed because they all revolve around murders and the elements of terror associated with the

act of killing. Likewise, his love stories are brought together in a chapter that deals with vampirism and gender. The final chapter, The Origins of the Detective Tale, examines Poe's tales of ratiocination, and traces the evolution of many popular culture super sleuths to Poe's Dupin. A selective bibliography of biographical and critical works on Poe, including contemporary reviews, completes this thorough volume. Students, general readers, and fans of all things Gothic will enjoy the fascinating insights this volume offers.
