Referencing history, literature, psychology, philosophy, and economics, Akst draws a vivid picture of the many-sided problem of desire-and delivers a blueprint for how we can steer shrewdly away from a campaign of

self-destruction.

Read Him Again and Again Andrew Zack Lewis, 2014-01-13 In Read Him Again and Again, Andrew Zack Lewis explores the reception history of the book of Job and the hermeneutical presuppositions of its interpreters. He pays special attention to the interpretations of Søren Kierkegaard (in his *Upbuilding Discourse on Job 1:21* and his philosophical novella *Repetition*), Wilhelm Vischer (in his essay *Hiob, ein Zeuge Jesu Christi*), and Karl Barth (in *Church Dogmatics IV.3.1*). In looking at Job in these works Lewis examines how each of the thinkers' contexts influence their writings and their understanding of Job. Read Him Again and Again begins with a discussion on the importance of reception history in biblical studies by walking through Mikhail Bakhtin's theories on great time and the chronotope. Great texts, Bakhtin argues, continue to live and grow even after their completion and canonization, expanding in meaning as more readers participate in their interpretations. This is certainly true of the book of Job and Read Him Again and Again shows not only how Kierkegaard, Vischer, and Barth read Job, but also how they inherit the Job of their predecessors in the Christian tradition, maintaining features of earlier allegorical interpretive strategies while remaining firmly established in the critical era.

The Money Mentor Graeme Holm, 2019-10-01 The Money Mentor is my take on the classic self-help book - with one major difference: It's a bullshit-free zone! If you're reading this, it's because you've recognised that your finances need help. Either that or your kids gave you the book as a Christmas stocking-filler, it's pouring with rain and there's nothing on telly this afternoon. Seriously, however you got here isn't important. The important thing is - you're here. Right here, right now is where you start getting control of your finances. This is where you stop throwing money away like it's going out of fashion and start saving. This is where your financial worries start to lessen. This is where you and your family begin to get ahead in the game. What I do is very straightforward - I help ordinary Mums and Dads burdened with standard 30-year home loans, pay off those loans within 7 to 10 years. Yes, you read that correctly - you can be mortgage-free in 7 to 10 years simply by following a plan that we create together. It's not magic. There's no smoke and mirrors. It's not even a secret how we can do this together. In fact, I call it the 'not-so-secret, secret', because anyone can do it. Together, we examine your lifestyle and make a detailed assessment of your living expenses. Using that information, we then give every single dollar of your family's monthly income a specific purpose and structure it within a realistic budget. And guarantee to pay the loan off in 7 to 10 years. Paying your home loan off over 30 years is bullshit! It's the biggest rip-off. When you're sitting in your bank, arranging your home loan, their entire focus is on the minimum monthly repayment. That just means they're forecasting their juicy profits over a 30-year period. Profits that you're paying for. We can even pay off that 30-year loan earlier in some cases. One of our records is having cleared a mortgage in only 3.5! Mortgage-free in three and a half years - wouldn't everyone love to be in that position? Our aim is to disrupt the passive, inherited way of thinking encouraged by the banks and to completely change traditional Mum and Dad psychology. Not with idealistic nonsense and impossible to achieve pie-in-the-sky advice

aimed at solving unrealistic or non-typical situations. This book is packed with proven, practical and realistic strategies that work. If you and your family follow the process that we all agree to in the beginning, you will achieve the results we predict at the start. Guaranteed!

**¡Adiós ayer! / Goodbye, Yesterday!** Cindy Trimm, 2020-02-25 Su ayer no DEFINE SU MAÑANA. Dentro de usted yacen las semillas de la grandeza: las habilidades latentes, los talentos y la capacidad innata de desarrollarse y prosperar plenamente. No obstante, si todavía vive en medio de sus fracasos e inseguridades del pasado, nunca alcanzará todo su potencial ni avanzará hacia el futuro extraordinario que Dios ha ordenado para usted. Usando los conocimientos adquiridos en el libro de Génesis, Cindy Trimm revela doce principios de fe que lo liberarán de su pasado, cambiarán la manera en que se ve a sí mismo, y lo posicionarán para recibir lo mejor de Dios. Con oraciones y declaraciones, este libro le dará poder para renegociar su futuro y abrazar su papel como representante de Dios en la tierra. CONCÉDASE A SÍ MISMO EL REGALO DE DECIR ADIÓS. El último capítulo de su vida aún no ha sido escrito. Empiece ahora a convertir su deslucido pasado en un mañana de leyenda. Each of us is born with a seed of greatness, but in many of us, it never grows to maturity because we don't realize our full potential. We continue to live day-to-day based on the failures, defeatist attitude, and purposelessness of the past rather than acknowledging that we were created for more. Using insights gained from the Book of Revelation, Goodbye, Yesterday! will teach readers the twelve principles of faith they need to be set free from the past, change the way they see themselves, and move fully into all that God has for them to do and to be. It will enable readers to renegotiate their future, redefine their destiny, reestablish their dominion in a world of chaos, and realize their full potential as God's representatives on the earth. This book will help readers move beyond the self-defeating behaviors and mindsets of the past and embrace the awesome person God designed them to be!

Your God-Given Dignity Jacqui Biernat, 2014-11-17 Your God Given Dignity begins with an introductory explanation of God's love and the part we play in our relationship with Him and others. It is set up as a devotional (thirty days of practices) to help the reader live their best life. Each day has a quote or verse with insights, followed by practices to engage with. The book utilizes key learning strategies involving every sense that God has given us to imbed new ideas and behaviors into the mind and heart in a gentle way. It also incorporates pictures to further the emotional impact and attachment to key concepts, because our emotions are often used when making critical decisions in our lives. This will give readers positive images so that their brains can track more positively. One of the most challenging things we face in life is making the best decisions with the information we have. When we have practiced our connection with God and are at peace, we can hear the "still small voice" and renew our minds much easier, making the best decisions for ourselves and our loved ones.

**The Idea of God** Kenneth A. Dobbs, 2020-11-20 What holds society together? How does civilization survive from collapsing in on itself? In this work, Kenneth A. Dobbs describes how religion is the cause of civilization's rise and prosperity. Beginning with psychological theories on human nature, Dobbs establishes that humanity needs the religious values of truth, beauty, and goodness to flourish. He then proves this psychological theory by analyzing religion's role in the historical developments of civilization in Mesopotamia, Egypt, Jerusalem, Greece, Rome, and Christendom. He also responds to rebuttals and objections against the thesis that religion is still necessary for modern civilization. The Idea of God explores the historical, political, and philosophical implications of both the implementation and rejection of religion within human civilization. Dobbs articulates religion's necessary role in civilization, while also provocatively predicting Western civilization's fate for rejecting religion: societal collapse. The book follows a long intellectual tradition of historians and philosophers who have argued a similar thesis including Polybius, St. Augustine, Arnold Toynbee, Russel Kirk, Richard M. Weaver, and Christopher Dawson. Dobbs reintroduces these classical ideas to the modern world.

The Political Economy of the Spectacle and Postmodern Caste John Asimakopoulos, 2019-10-01 In The Political Economy of the Spectacle and Postmodern Caste, John Asimakopoulos analyzes the political economy of the society of the spectacle, a philosophical concept developed by Guy Debord and Jean Baudrillard. Using the analytical tools of social science, while historicizing, Asimakopoulos reveals that all societies in every epoch have been and continue to be caste systems legitimized

by various ideologies. He concludes there is no such thing as capitalism (or socialism)—only a caste system hidden behind capitalist ideology. Key features of the book include its broad interdisciplinary-nonsectarian approach with quantitative and qualitative data. The Political Economy of the Spectacle and Postmodern Caste is well written and clear, making it accessible to the general public.
