More Than Words Can Say Marv Goldberg, 1998-11-05 The story of the Ink Spots is a rags-to-riches story beloved in American mythology. The success of the Ink Spots inspired many others to attempt (some merely mimicking) their popular and musical success. They were, without question, the most influential black vocal group of the 1940s, and one of the earliest to sing sweet ballads, which they elevated to an art form (although an increasingly formulaic one). Goldberg gets behind the streamers and glitter of the Ink Spots and the publicity machines of record labels, and provides the story of the group's creation, its music, and its monumental impact on the course of American music. *More Than Words Can Say* uncovers the mythos and origins of the Ink Spots, from the dramatic stories of finding the band name, to the dozens of individuals who still claim to be original members of the group. Goldberg interviews some of the singers, musicians, and arrangers associated with the original Ink Spots who provide invaluable first-hand accounts of the group. The book discusses the musical environment of the Ink Spots, including the ASCAP/BMI War, gas rationing, War of the Record Speeds, vinyl shortages, and all the lawsuits. Additionally, Goldberg has searched tirelessly through Billboard magazine and theater reviews to get a sense of the Ink Spots' contemporary reception. Also included is a bibliography of sources and a complete alphabetical listing of Ink Spots recordings released on Decca or Victor labels. A fascinating story filled with excellently researched information and exciting anecdotes, Goldberg's text brings out the authentic story of the Ink Spots, from their origins in the early 1930s through the tumultuous recording world of 1940s and 1950s America.

More Than Words Mia Sheridan, 2018-06-12 From New York Times bestselling author of Archer's Voice comes a second chance, childhood friends to lovers romance between a famous musician and the only woman he's ever loved, perfect for fans of Colleen Hoover and Lucy Score. The moment eleven-year-old Jessica Creswell met Callen Hayes, she knew he was a broken prince. Her prince. They became each other's refuge, a safe and magical place far from their troubled lives. Until the day Callen kissed her—Jessica's first real, dreamy kiss—and then disappeared from her life without a word. Years later, everyone knows who Callen Hayes is. Famous composer. Infamous bad boy. What no one knows is that Callen's music is now locked deep inside, trapped behind his own inner demons. It's only when he withdraws to France to drink his way through the darkness that Callen stumbles into the one person who makes the music return. Jessica. His Jessie. And she still tastes of fresh, sweet innocence . . . even as she sets his blood on fire. But they don't belong in each other's worlds anymore. There are too many mistakes. Too many secrets. Too many lies. All they have is that instinctive longing, that need—and something that looks dangerously like love.

More Than Words Elena Aitken, 2025-04-23 Starting over was the goal—falling in love wasn't. I came back to Trickle Creek to open a brewery and build a life for my daughter. Falling for the uptight bookstore owner next door? Not part of the plan. Delaney Hart is all closed doors and cool glares—especially when my construction noise crashes her book club. I try to charm her. She shuts me down. But the more we clash, the more I want her. And when a snowstorm traps us together... all bets are off. She thinks I'm just another smooth-talker like her ex. She's wrong. Because I'm not walking away. Not from her. Not this time.

With dedicated resources, focus, sustainable effort, and comprehensive strategy, your top performers will be equipped to drive your organization to the top. Among Capacity's Key Points: Learn what top performers need to produce their very best work Discover the biggest factor influencing your team's FOCUS, ENERGY and DRIVE Prevent burnout and stimulate innovation by allowing your people to have a bigger container Adopt a strategy of expanding capacity to exceed your high-performance goals Deeply personal, but organizationally focused. Capacity is an engaging and even life changing book Capacity is the next big paradigm shift for the future of training and development—as we shift to the world of the knowledge worker, it is not information or talent that wins, it's whoever has the largest capacity that will win. The Stonebearers Phillip Varady,2005-08 This is a story of human exploitation of planet Orsa, a Bronze Age culture. The natives' only assets are stones that their priests bear; both a terrible weapon and a source of energy. Although watchdogs were sent to insure that Earth culture does not affect the Orsans, their efforts fail. When the power of the stones becomes known, the rivalry between competing firms turns deadly and results in a great loss of life, human and Orsan. The hero discovers that the priests are hiding a shameful secret of a past encounter with visitors from the stars and this allows him to change Orsan society forever. The destruction of both rivals' ships leaves the survivors marooned for eight years until a rescue team arrives. Instead of being an occasion for rejoicing, he and a few others are arrested. This results in an armed confrontation between rescuers and natives. The planet is declared off limits to humans but six adults elect to remain and are welcomed to begin a new life among the natives.
