**Independent Ed** Edward Burns, Todd Gold, 2015-01-29 An entertaining and inspirational memoir by one of the most prominent practitioners and evangelists of independent filmmaking, and the acclaimed writer, director, and actor (*Saving Private Ryan*, *Friends with Kids*, *Entourage*) whose first film—*The Brothers McMullen*—has become an indie classic. At the age of twenty-five, Ed Burns directed and produced his first film on a tiny \$25,000 budget. *The Brothers McMullen* went on to win the Grand Jury Prize at the Sundance Film Festival in 1995, and established the working-class Irish American filmmaker as a talent to watch. In the twenty years since, Burns has made ten more films (*She's the One*, *Sidewalks of New*

York, and The Fitzgerald Family Christmas), while also acting in big budget Hollywood movies (Saving Private Ryan), hit television shows (Entourage and Mob City), and pioneering a new distribution network for indie filmmakers online and with TV's On Demand service ("why open a film in twenty art houses when you can open in twenty million homes?"). Inspired by Burns's uncompromising success both behind and in front of the camera, students and aspiring filmmakers are always asking Burns for advice. In Independent Ed, Burns shares the story of his two remarkable decades in a fickle business where heat and box office receipts are often all that matter. He recounts stories of the lengths he has gone to to secure financing for his films, starting with The Brothers McMullen (he told his father: "Shooting was the twelve best days of my life"). How he found stars on their way up—including Jennifer Aniston and Cameron Diaz—to work in his films, and how he's adhered religiously to the dictum of writing what you know, working as if he was just starting out, and always "looking for the next twelve best days of my life." Chronicling the struggles and the long hours as well as the heady moments when months of planning and writing come to fruition, Independent Ed is a must-read for movie fans, film students, and everyone who loves a gripping tale about what it takes to forge your own path in work and life.

**Writing and Representing Qualitative Research** Maria K. E. Lahman,2021-08-31 This book addresses foundational areas of qualitative writing (such as journal articles and dissertations), aesthetic representations (including poetry and autoethnography), publishing, and reflexivity in representation in one practical and engaging text based on real experiences. Author Maria K.E. Lahman draws on her experiences as a qualitative research professor and writing instructor, and as someone who has published widely in scholarly journals, employing both traditional and more innovative forms of writing. The first part of the book covers writing tips; how to represent data; how to write a qualitative thematic journal article; how to write a qualitative dissertation; and provides guidance on the publication process. The second part encourages the qualitative researcher to move beyond traditional forms of writing and consider how qualitative research can be represented more aesthetically: as poems, autoethnographies, and visually. The book concludes with a chapter on reflexivity in research representations. Throughout, the author provides vivid examples from her own work, and that of graduate students and colleagues.

*Writing Voices* Teresa Cremin,Debra Myhill,2013-07-03 Drawing upon recent research projects undertaken by the co-authors, and other research within the wider research community, this timely book makes connections to projects and initiatives that are unfolding on the national and international scene. *Sense and Sensitivity* Hanna Ezer,2015-12-17 The study described in this book is a qualitative phenomenological research study whose objective was to reveal the writer's identity of teacher educators in academia and to discover how they express this identity in their teaching practice. Twenty-three academic scholars were interviewed for the study. The research findings indicate that the identity of the writer is complex, incorporating three interwoven aspects: a cognitive aspect, an emotional aspect and a sociocultural aspect. The cognitive aspect finds expression in the writer's awareness and understanding of the medium of writing, which explicitly and openly entails the production of ideas while writing. This process is fundamentally rhizomatic in that it moves in different directions, each time beginning anew from a different point,

and is ultimately geared toward a multidirectional and multilayered product. The emotional aspect in the writer's life is somewhat mystical in nature. It is a medium that surrounds writers at all times and enables them to find their voice and their place in the world. The writing workspace is perceived as part of this aspect. It is a sanctuary that provides inspiration, is designed according to the writer's needs and shapes the writing. The sociocultural aspect shapes the identity of the writer and highlights social mirroring as part of the writer's positioning in life and in the professional community. Intended audience: This book is aimed at the community of researchers in the writing domain. It is also of interest to academic scholars in higher education who perceive writing as part of their personal and academic identity. Qualitative researchers will find interest in the research method and the relations between qualitative genres, among them phenomenological and narrative genres.

The Writing Dead features thought-provoking, never-before-published interviews with these top writers and gives the creators an opportunity to delve more deeply into the subject of television horror than anything found online. In addition to revealing behind-the-scene glimpses, these writers discuss favorite characters and storylines and talk about what they find most frightening. They offer insights into the writing process reflecting on the scary works that influenced their careers. And they reveal their own personal fascinations with the genre. The thirteen interviews in The Writing Dead also mirror the changing landscape of horror on TV—from the shows produced by major networks and cable channels to shows made exclusively for online streaming services such as Netflix and Amazon Studios. The Writing Dead will appeal to numerous fans of these shows, to horror fans, to aspiring writers and filmmakers, and to anyone who wants to learn more about why we like being scared.
