Aphrodite's Daughters Maureen Honey, 2016-08-31 The Harlem Renaissance was a watershed moment for racial uplift, poetic innovation, sexual liberation, and female empowerment. *Aphrodite's Daughters* introduces us to three amazing women who were at the forefront of all these developments, poetic iconoclasts who pioneered new and candidly erotic forms of female self-expression. Maureen Honey paints a vivid portrait of three African American women—Angelina Weld Grimké, Gwendolyn B. Bennett, and Mae V. Cowdery—who came from very different backgrounds but converged in late 1920s Harlem to leave a major mark on the literary landscape. She examines the varied ways these poets articulated female sexual desire, ranging from Grimké's invocation of a Sapphic goddess figure to Cowdery's frank depiction of bisexual erotics to Bennett's risky exploration of the borders between sexual pleasure and pain. Yet Honey also considers how they were united in their commitment to the female body as a primary source of meaning, strength, and transcendence. The product of extensive archival research, *Aphrodite's Daughters* draws from Grimké, Bennett, and Cowdery's published and unpublished poetry, along with rare periodicals and biographical materials, to immerse us in the lives of these remarkable women and the world in which they lived. It thus not only shows us how their artistic contributions and cultural interventions were vital to

their own era, but also demonstrates how the poetic heart of their work keeps on beating.

Langston's Salvation Wallace D. Best, 2017-11-07 Looking for Langston -- New territory for new Negroes -- Poems of a religious nature -- Concerning goodbye, Christ--My Gospel year -- Christmas in black -- Do nothing till you hear from me

Langston Hughes Laurie Leach, 2004-06-30 This biography traces Hughes' life and artistic development, from his early years of isolation, which fostered his fierce independence, to his prolific life as a poet, playwright, lyricist, and journalist. Hughes' inspiring story is told through 21 engaging chapters, each providing a fascinating vignette of the artistic, personal, and political associations that shaped his life. Recounted are the pivotal developments in his literary career, with all its struggles and rewards, as well as his travel adventures to Africa, Europe, and Asia, and his political commitments to fight fascism as well as racism. Langston Hughes was raised by a grandmother who actively aided the Underground Railroad, and his first forays into poetry reflected personal tales of slavery and heroism. Through his poetry, Hughes lived up to a proud tradition and continued the uplifting legacy of his race. He was a renaissance man in nearly every aspect of his life, and his name has become synonymous with the Harlem Renaissance movement he helped launch. This biography traces Hughes' life and artistic development, from his early years of isolation, which fostered his fierce independence, to his prolific life as a poet, playwright, lyricist, and journalist. Hughes' inspiring story is told through 21 engaging chapters, each providing a fascinating vignette of the artistic, personal, and political associations that shaped his life. Recounted are the pivotal developments in his literary career, with all its struggles and rewards, as well as his travel adventures to Africa, Europe, and Asia, and his political commitments to fight fascism as well as racism. A timeline, a selected bibliography of biographical and critical sources, and a complete list of Hughes' writings complete the volume.

Queer Natures, Queer Mythologies Sam See, 2020-01-07 Queer Natures, Queer Mythologies collects in two parts the scholarly work—both published and unpublished—that Sam See had completed as of his death in 2013. In Part I, in a thorough reading of Darwin, See argues that nature is constantly and aimlessly variable, and that nature itself might be considered queer. In Part II, See proposes that, understood as queer in this way, nature might be made the foundational myth for the building of queer communities. With essays by Scott Herring, Heather Love, and Wendy Moffat.

The New Red Negro James Edward Smethurst, 1999 The New Red Negro surveys African-American poetry from the onset of the Depression to the early days of the Cold War. It considers the relationship between the thematic and formal choices of African-American poets and organized ideology from the proletarian early 1930s to the neo-modernist late 1940s. This study examines poetry by writers across the spectrum: canonical, less well-known, and virtually unknown. The ideology of the Communist Left as particularly expressed through cultural institutions of the literary Left significantly influenced the shape of African-American poetry in the 1930s and 40s, as well as the content. One result of this engagement of African-American writers with the organized Left was a pronounced tendency to regard the re-created folk or street voice as the

authentic voice--and subject--of African-American poetry. Furthermore, a masculinist rhetoric was crucial to the re-creation of this folk voice. This unstable yoking of cultural nationalism, integrationism, and internationalism within a construct of class struggle helped to shape a new relationship of African-American poetry to vernacular African-American culture. This relationship included the representation of African-American working class and rural folk life and its cultural products ostensibly from the mass perspective. It also included the dissemination of urban forms of African-American popular culture, often resulting in mixed media high- low hybrids.

The Congressional Globe United States. Congress,1858

Harlem Renaissance and Beyond Lorraine Elena Roses,Ruth Elizabeth Randolph,1990 In this ground-breaking collection of literary biographies, many with pictures, authors Lorraine Elena Roses and Ruth Elizabeth Randolph chronicle the lives and works of 100 black women novelists, short-story writers, playwrights, poets, essayists, critics, historians, journalists, and editors writing in the United States between 1900 and 1945. Here are insightful portraits of famous black women, among them Zora Neale Hurston, Katherine Dunham, Angelina Weld Grimké, Mary Eliza Church Terrell, and Ida Bell Wells-Barnett. Here, too, are many thoughtful profiles of neglected writers--their works deserving to be rescued from obscurity. Drawing on extensive archival research and interviews with the writers and their families, *The Harlem Renaissance and Beyond* traces its subjects' contributions to literature, their concerns about race and gender, their common themes, their relationships with artistic contemporaries, and the influence of these early writers on their modern-day counterparts in American literature.

The Pharmaceutical Era ,1906

The Muse is Music Meta DuEwa Jones,2011 This wide-ranging, ambitiously interdisciplinary study traces jazz's influence on African American poetry from the Harlem Renaissance to contemporary spoken word poetry. Examining established poets such as Langston Hughes, Ntozake Shange, and Nathaniel Mackey as well as a generation of up-and-coming contemporary writers and performers, Meta DuEwa Jones highlights the intersections of race, gender, and sexuality within the jazz tradition and its representation in poetry. Applying prosodic analysis to emphasize the musicality of African American poetic performance, she examines the gendered meanings evident in collaborative performances and in the criticism, images, and sounds circulating within jazz cultures. Jones also considers poets who participated in contemporary venues for black writing such as the Dark Room Collective and the Cave Canem Foundation, including Harryette Mullen, Elizabeth Alexander, and Carl Phillips. Incorporating a finely honed discussion of the Black Arts Movement, the poetry-jazz fusion of the late 1950s, and slam and spoken word performance milieus such as Def Poetry Jam, she focuses on jazz and hip hop-influenced performance artists including Tracie Morris, Saul Williams, and Jessica Care Moore. Through attention to cadence, rhythm, and structure, *The Muse is Music* fills a gap in literary scholarship by attending to issues of gender in jazz and poetry and by analyzing recordings of poets both with and without musical accompaniment. Applying the methodology of

textual close reading to a critical close listening of American poetry's resonant soundscape, Jones's analyses include exploring the formal innovation and queer performance of Langston Hughes's recorded collaboration with jazz musicians, delineating the relationship between punctuation and performance in the post-soul John Coltrane poem, and closely examining jazz improvisation and hip-hop stylization. An elaborate articulation of the connections between jazz, poetry and spoken word, and gender, *The Muse Is Music* offers valuable criticism of specific texts and performances and a convincing argument about the shape of jazz and African-American poetic performance in the contemporary era.
