Resisting Indonesia's Culture of Impunity Jess Melvin, Sri Lestari Wahyuningroem, Annie Pohlman, 2023-08-31 Resisting Indonesia's Culture of Impunity examines the role of Indonesia's first truth and reconciliation commission—the Aceh Truth and Reconciliation Commission, or KKR Aceh—in investigating and redressing the extensive human rights violations committed during three decades of brutal separatist conflict (1976–2005) in the province of Aceh. The KKR Aceh was founded in late 2016, as a product of the 2005 peace deal between the Indonesian government and the Free Aceh Movement (GAM). It has since faced many challenges—not least from Indonesia's security forces and former GAM leaders, who have joined together in their determination to maintain impunity for their respective roles in the conflict. Indeed, the commission would not have been established without the tireless work of civil society actors, including non-government organisations and other humanitarian groups. In Resisting Indonesia's Culture of Impunity, the editors set out to amplify the role of these civil society actors in the KKR Aceh and in transitional justice in Indonesia. Each chapter has been written by a team of authors, composed predominantly of commissioners and staff from the KKR Aceh itself, members of key civil society organisations, and academics. Further, the editors aim to scrutinise the KKR Aceh from the inside and analyse the establishment and operation of what is perhaps the only genuine state-sponsored attempt to implement transitional justice in Indonesia today.

Offenders and the Sexual Abuse of Children James A. Cates, 2024-11-22 This book synthesizes the nascent but growing body of literature and research emerging on risk management and treatment of persons who sexually offend against children. This volume demonstrates the need for change by placing current attitudes toward sexual offending in their sociocultural context and then discussing the impact of these attitudes. Rather than parse the needs of children who have been victimized from those who have offended, a model emerges that explains the interlocking dynamics of those who offend and those offended against. This book upends the convenient fiction that child sexual abuse can be reduced by locking away those who offend and then monitoring them upon release. Rather, the book addresses the need for ongoing interaction of the two

populations; the reality that the two populations at times overlap; and the increasingly public question of how to manage those who acknowledge an attraction to children but deny an intent to act on that desire. Providing alternative viewpoints, research avenues, and policy options that can accommodate a more realistic effort to reduce the risk of sexual abuse, it is a must read for all policymakers or professionals working with those who have offended or acknowledge attraction to children, alongside students and researchers from forensic psychology, clinical psychology, or criminology backgrounds.

RDA Around the World Marie-France Plassard,Gordon Dunsire,2017-10-02 This book provides a snapshot of the implementation in various countries around the world of the international cataloging standard RDA: resource description and access. All stages of implementing a new standard are covered, from initial assessment and impact analysis through translation, staff training, and data migration, to implementation and user orientation. Contributions include the results of detailed research into awareness of the standard in professional groups, differences between catalog metadata produced using RDA and current local standards, and the effect of RDA on the presentation of catalog displays to the end user. The contributions cover aspects of RDA implementation in Canada, China, German-speaking countries, Iran, Israel, Mexico, the Philippines, Singapore, and Turkey, and French, German and Spanish translation activity. The information contained will be relevant for many years to come, for those who are intending to implement RDA, review the quality of legacy data, measure the impact of the globalization of cataloguing data, or prepare for education and orientation in international bibliographic standards. This book was published as a special double issue of Cataloging and Classification Quarterly.

Singapore Radio Bradley C. Freeman,Yokanathan Ramakrishnan,2016-04-26 The world of media moves quickly -

nowhere is this more the case than Singapore, a world-class alpha city that prides itself on being first. This book tracks the journey of Singapore radio from its humble beginnings to its advanced modern-day incarnations. Along the way, Freeman and Ramakrishnan also detail economic, political, cultural, and technological aspects of this medium in Singapore. The role of radio is deliberated, as well as the times when radio and its personalities have broken the rules. In addition, campus radio and social media are also discussed. The book functions as a treasure-trove, partial archive, and starting point for those interested in knowing more about the radio portion of Singapore's media landscape. At the same time, it serves as a fitting birthday present to the medium, as radio meets and passes the 80-year mark in the country. As such, the book makes significant contributions to multiple aspects of the radio medium as it exists in Singapore, aspects that are not to be found anywhere else.
