Subgenres growing in popularity such as steampunk are highlighted to keep you current with the latest trends. The guide will serve three audiences. Of course, you can turn to it as you help your teenage patrons select the books and genres that will interest them most. Teen readers, whether devoted fans or newcomers, can use it themselves to find titles and subgenres they might like. In addition, the guide will help teachers and parents match students with the right books.

**Where Ashes Fall** Thomas Malinowski, 2023-12-12 After the massive earthquake tore its way through the continent, the people of Cormea were met with a beautiful and terrifying sight. A large, sapphire pillar of light has shot up into the sky from the southern mountains, just as the stories had once described. Now, as the looming threat of a civil war begins to look inevitable, King Oswald Ryker and Head Councilman Hugo are forced to pursue this mysterious rumor of the southern mountains. As tensions rise between Ryker and the council, Sebastian feels determined to have his voice heard, vowing to stop the oncoming civil war by any means necessary. Tremor struggles to push down the demons from his past and keep his young pupil out of harm's way. Meanwhile, the war between Glimmer Watch and Bedelia begins to weigh heavier on its leaders. As Teron works with his people to hold off the increasingly numerous waves of Kren, Evelyn struggles to get a handle on her new responsibilities. The sudden revelation of potential power on the mountain of Grimbreak has put a temporary pause on their fierce war. As everyone begins to converge on Grimbreak, many will soon struggle to avoid making the same mistakes as those who came before them.

**Reign of Ash** Gail Z. Martin, 2014 Blaine McFadden survived six years in the brutal Velant prison colony, exiled for murder. When war devastates his homeland of Donderath, it also destroys the intentional magic on which Donderath and its fellow kingdoms rely. Blaine and a small group of fellow exiles return to a lawless wasteland where unrestrained magic storms appear and disappear unpredictably, and monsters roam the ruins. Yet rumours persist that the seeds of a new magic rest with a dangerous, ancient ritual and a handful of survivors who have disappeared. He resolves to find these survivors and work the ritual, despite the danger, to restore the magic and end the chaos. He rallies a small and desperate army for a last stand, knowing that if they fail, the civilisation of the Ascendant Kingdoms dies with them.

*Fated In Ashes* Kristi Yoake, 2025-06-20 After the war, Dean returns to a pack forever changed. The loss of life was

devastating, and with the former Alpha fallen, the mantle is passed to him-whether he wants it or not. As a wolf shifter, Dean is bound by ancient law: an Alpha must have a Luna. But his fated mate is gone, lost before they ever had the chance to build a future. He was on Earth training to cope with that grief when he met the crew... and now fate is knocking again. A Luna Competition is called. It's tradition-each contestant must prove herself capable of leading beside the Alpha. But when Dean meets her-a fierce, mysterious shifter with a haunted past and a spark that sets his wolf on edge-he knows something has shifted. She might be his second chance. The bond is real. But she still has to win. Dean can't choose her, not without breaking the laws that have held his kind together for generations. She must fight. Win. Earn her place. And all the while, threats loom within the pack and beyond. Unrest stirs. The rebuilding of Aetheria isn't just political-it's personal. The scars of war run deep, and some would rather see the pack fall apart than follow a new Alpha with a new mate.

**Flight of the Dying Sun** Rich Wulf,2007 Fantasy-roman.
