Becoming Your Own Banker R. Nelson Nash, 2012-04-01

Summary of R. Nelson Nash's *Becoming Your Own Banker* Everest Media, 2022-08-29T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The banking business is the most important business in the world. Without it, all business transactions would cease to happen. The flow of money must come from a supply source, and that source is always controlled by someone or some organization. #2 The concept of compound interest over a long period of time was the basis of my thought process. I understood that with no taxation on the build-up, I was dealing with compound interest over a long period of time with no payments. #3 When this happens to you, you must ask the financial geniuses who recommended that you do this what you should do now. Most likely, they will tell you to sell the house. But where do you find a fool who will buy it under those circumstances. #4 The principles of insurance are the same no matter what type of insurance you have. It requires understanding and discipline to implement, but it can change your life dramatically.

Infinite banking concept Jeffery Long, 2021-09-28 Passive Income Ideas Requiring an Upfront Monetary Investment These types of passive income require you to invest money upfront to generate the passive income later. Don't be alarmed though - you can start with as little as \$5 with some of these ideas, so it's achievable for everyone. 1. Dividend Stocks Dividend stocks are tried and true way to earn passive income. You will have to do plenty of research to find good stocks and invest a significant amount of money to receive large dividend checks. However, if you consistently invest money into dividend stocks you can amass a nice residual income over time. For any of these investment opportunities, make sure you open an account at the best online brokerage and get rewards while doing it. This is amazing for investing in dividend stocks because you can build your portfolio of, say, 30 stocks. Then, your investments will be auto-allocated to your entire portfolio every deposit - for FREE! You can even auto-rebalance. Then, your dividends can also be reinvested. It's a fantastic platform, and it was made for this. 2. Rental Properties A cash-flowing rental property is a fantastic way to bring in a monthly income. To make this truly passive you can outsource the running of the properties to a management company. However, the internet has made investing in rental properties easier than ever before. There are a lot of ways you can invest in rental properties depending on what your goals and interests are. You can be a limited partner in large residential or commercial properties, or you can

buy homes and be a landlord - all online!

How to Become Truly Wealthy Grandpa "Bert" Foster, 2020-10-28 What could possibly have motivated a comfortably retired ninety-year-old former engineer to write a book titled How to Become Truly Wealthy? I was troubled seeing so many young Americans following their peers into bad life decisions, crushing debt, poor behavior, and a flawed idea of what true wealth is. I truly hope that you will join me to learn much more and that you enjoy the journey! The Wealthy Physician - Canadian Edition Chase Chandler, Antoine Rempp, Douglas Guest, 2020-05-21 The Canadian Edition of the Wealthy Physician is one of the very few books that describes the Canadian application of the infinite banking concept. Because most books on the topic describe the American application of the concept, Canadians risk turning a fantastic strategy into a nightmare if they blindly follow the advice or structure of the concept that is promoted south of the border. This book describes the differences between the American and Canadian application, but also offers some real life example of policies designed to maximize the growth of the cash value and its advantages for funding our own purchases, while maintaining the amazing estate transfer capacity of this approach. Doctors are often misguided and end up either losing significant sums of money in various investment or ventures, or don't get the returns they should on their money. Over the last few years, doctors have seen an increase on personal and corporate taxes that threaten their very own retirement. A properly designed, well funded whole life policy, especially when owned by a professional or holding corporation, is the most efficient tool remaining for sheltering, protecting and growing your wealth. This book is an informative and exciting resource

for the physician and all other professionals. Finally you have a one stop guide to help make complex financial decisions easier to understand! The objective of the book is nothing more and nothing less than to give the educated medical professional a solid and easy-to-understand track to run on.

Never Be Poor Again Matthew Morales, 2021-07-16 My biggest obstacle to wealth wasn't my poverty. It was my arrogance keeping me poor. Nothing else. I skipped all the introductions and all the conclusions {in books}. I skipped past the exercises because I was too smart for them. 'I didn't need them'. But recipes exist for a reason. All I had to do was listen. Listen to those before me that already found the way. I had to lose everything over and over again before I was willing to apply the lessons of the masters before me. This isn't a story about poverty. It's a story about how arrogance leaves us poor. If not financially, then mentally poor; which is a worse place to be. For a poor man with applied wisdom, is better than a sedentary genius. -Matthew Morales Discover how a kid from the hood made it good, not just financially, but through reaching a higher spiritual plane. In his fascinating work, *Never Be Poor Again*, Matthew Morales reveals the sometimes lucky, sometimes nerve-racking journey, from poverty to enlightenment and enoughness. Using *Laws of the Universe* and vulnerability, Matthew teaches how to respect and most importantly how to put into practice, the way out of poverty.

Mentally, Spiritually, and Financially. _____ The first book of its kind. This book will redefine how self-help books are written. Not many self-help books take you on the journey of struggles and what it actually took to grow. Most are told from the perspective of the expert, and what to do, this is the opposite. It takes you on an emotional rollercoaster as you experience the authors experiences of poverty, and watch as he frees himself by the end, giving you the satisfying feeling that you can do it too. It connects directly to the hearts of the readers, and is easier to relate to than any financial literacy book ever written before. **REVIEWS:** Thank you for this book, it's a blessing! I've started to read it and I've cried in the first chapter. So many emotions in me. Your words are so inspired. "Wow this is seriously a masterpiece" Hands down, the best personal development book I've ever read. Period. "Seems like I read 100 books in one, Lots of experience put in just one book" "To be honest I will forever be grateful to you for sending me this book" "This has nearly saved me a decade of time, I really wish I read this earlier." "From the moment I started reading I couldn't stop..." "I without a doubt absolutely recommend everyone read this book." "I'm so grateful for the existence of this book" "This book is gonna change the world" "I had so much fun reading this book, and at the same time there have been many "AHA" moments throughout all the book! I was searching for further guidance in integrating money with my spiritual path, this book arrived in perfect timing and offered me so many insights and tools... I loved it, you'll love it too :)"
