The Spanish Lexicon of Baseball John M. Chaston,Robert N. Smead,2022-11-28 The Spanish Lexicon of Baseball:

Semantics, Style, and Terminology draws on nearly 6,000 published MLB game summaries to explore the contours of baseball terminology in Spanish. Organized in a logical sequence that corresponds to various aspects of baseball (field of play, player positions, getting on base, types and modes of hits, scoring, runs-batted-in, umpire involvement and calls, pitching, and defense), the work combines narrative style and illustrative examples with keen lexical analysis. The result is an entertaining and informative volume that is neither folksy nor linguistically overcomplicated.

Latin American Mystery Writers Darrell B. Lockhart, 2004-03-30 Latin America has a rich literary tradition that is receiving growing amounts of attention. The body of Latin American mystery writing is especially vast and diverse. Because it is part of Latin American popular culture, it also reflects many of the social and cultural concerns of that region. This reference provides an overview of mystery fiction of Latin America. While many of the authors profiled have received critical attention, others have been relatively neglected. Included are alphabetically arranged entries on 54 writers, most of whom

are from Argentina, Mexico, and Cuba. Every effort has been made to include balanced coverage of the few female mystery writers. Each entry is written by an expert contributor and includes a brief biography, a critical discussion of the writer's works, and primary and secondary bibliographies. The volume closes with a general bibliography of anthologies and criticism.
