**A Radical's Books** Michael Cyril William Hunter,1999 The library owned by Samuel Jeake of Rye, nonconformist and local activist, was one of the most remarkable of its time. It is of particular importance in that relatively little information has hitherto been available about the ownership of books in the English provinces, or the reading habits of intellectuals who -- like Jeake --were outside London and university circles from which most surviving libraries have come down to us. The collection of some 1500 volumes includes an extraordinary assemblage of radical pamphlets from the English Revolution alongside works of theology, literature, scholarship and science. Other books reflect astrological and magical interests, and the collection also includes a medical library. Jeake's library catalogue, published here, gives much information about titles that are now lost, about the penetration of foreign books into provincial England, and about book prices. The introduction places Jeake's collection in context, and makes a significant contribution to the history of the book in the early modern period; appendices list surviving volumes from the library and give a complete list of the Jeake manuscripts now in Rye Museum.MICHAEL HUNTER is Professor of History at Birkbeck College, University of London; GILES MANDELBROTE is a Curator, British Collections 1501-1800, at the British Library; RICHARD OVENDEN is Deputy Head, Rare Books Division of the National Library of Scotland; NIGEL SMITH is Reader in English at the University of Oxford.

Read Me a Tree, Rhyme Me a Bee Heather McNeil, 2025-07-10 Experts agree that it's essential for children to spend time exploring and enjoying the outdoors; when they come back in, librarians and teachers can supplement their adventures with nature storytimes. In this comprehensive book full of storytime plans, veteran children's librarian Heather McNeil recommends storytime books that encourage respect for nature and an understanding of the fragility of ecosystems. Each

chapter includes crafts, games, songs, and rhymes that focus on learning about and appreciating nature. Some crafts use items from the outdoors; others represent nature's beauty or mystery. Storytime plans include all the components of a successful storytime: books, songs, movement, and creative participation. Librarians and early elementary teachers will enjoy using this book to support literacy and social emotional goals while helping children develop an appreciation of the natural world.
