The Stargate Conspiracy Lynn Picknett, 2001-09-01 In recent years, alternative historians have gained remarkable insight into the mysteries of ancient Egypt—but according to Lynn Picknett and Clive Prince, their discoveries tie into a dangerous conspiracy nearly fifty years in the making. At the center of this conspiracy is a group of respected, powerful individuals who believe that the ancient Egyptian gods are really extraterrestrials who will soon return to earth. The conspirators have intimate and exclusive knowledge of this momentous second coming—but they insist on keeping it to themselves. What could be the purpose of such a conspiracy? Why are the conspirators so desperate to keep their information a secret? And what does it mean for mankind? In this riveting, well-researched book, Picknett and Price offer compelling evidence that the conspiracy exists—and expose the insidious motivations of the individuals and organizations behind it....

**Energy Medicine Technologies** Finley Eversole, 2013-05-20 New and suppressed breakthroughs in energy medicine, ways to combat toxins and electromagnetic fields, and the importance of non-GMO foods • Explores the use of microcrystals, ozone and hydrogen peroxide therapy, and how to tap in to healing antioxidant electrons from the Earth • Reveals the scientifically proven health risks of genetically modified foods • Examines the suppressed cancer-curing electromedicine of Royal Raymond Rife and Nobel laureate Albert Szent-Györgi Natural, nontoxic, inexpensive, and effective alternatives to conventional medicine exist, yet they have been suppressed by the profit-driven medical-pharmaceutical complex. Presenting a compendium of some of the most revolutionary yet still widely unknown discoveries in health and energy medicine, this book edited by Finley Eversole, Ph.D., explores the use of microcrystals to harmonize the energies of body, mind, and environment; the healing effects of ozone and hydrogen peroxide therapy; ways to combat electromagnetic fields and environmental toxins; sources of disruptive energy that cause stress and health problems, including other people's negative emotions; and how to tap in to healing antioxidant electrons from the Earth. The book reveals the scientifically proven health

risks of genetically modified foods--the first irreversible technology in human history with still unknown consequences. It looks at the link between industrial farming and the precipitous rise in heart disease, cancer, diabetes, and Alzheimer's over the past 100 years, providing a 10-point Low-Toxin Program to reduce your risk. It explores the cancer-curing electromedicine of Royal Raymond Rife and its suppression by the medical establishment as well as Nobel laureate Albert Szent-Györgi's follow-up discovery of Frequency Therapy. Offering a window into the holistic future of medicine, the book shows the body not simply as a biological machine to be patched and repaired but as a living organism made up of cells dynamically linked to their inner and outer environments.

The Hidden Knowledge of Egyptian Mythology Mary Gemming Ph.D.,2021-05-03 The Egyptian gods no longer have the power they once possessed. **TranscEnding the Global Power Game** Armin Risi,2004-01-01 Whatever happens on the visible plane has its roots in invisible dimensions; reality is more than meets the eye. This is the essence of all spiritual teachings and mystery schools, and it is the key to understanding what actually happens on the stage of the global power game. Here, in a unique compendium, you get to know what the world looks like when seen from this paranormal viewpoint. Step by step, the author unfolds stunning insights into the hidden dimensions of secret politics, money manipulations, and the ongoing transformation. The pieces are put together to reveal an exciting puzzle. Topics Include: • Ancient knowledge and new revelations • The conclusive meaning of the symbolism of light and darkness • The ideology of the Illuminati • The roots and goals of today's secret societies • Prophecies regarding money and the crash • Alien forces and the presence of lightbeings • Our role in this cosmic drama Had Armin Risi lived in classical times, he would now be counted among the great philosophers and theologians. Being a contemporary author, however, he is able to go beyond classical philosophy and shed light on problems, coverups, and challenges of today, using a revolutionary logic, or mytho-logic, as he calls it. — Professor Jorg Rehberg, Zurich
