

I Sommersi E I Salvati

Peter Bondanella, Andrea Ciccarelli

I sommersi e i salvati Primo Levi, 1985

Primo Levi Lucie Benchouiha, 2006 As one of the best-known survivors of the concentration camps, Primo Levi's testimony to his experiences in Auschwitz is internationally recognised as one of the most significant works of the last century. This volume examines each of Levi's works in detail, assessing and analysing the influence of Levi's time in Auschwitz on his writing. It identifies a variety of thematic, temporal, stylistic and linguistic echoes of Levi's concentration camp testimony, and traces these echoes throughout his subsequent, apparently unrelated, work. The book provides original and fascinating insights into the works of this remarkable writer, giving readers a new understanding and perspective on the immense significance and the pervasive influence of the holocaust on Levi's creative output.

Makers of Jewish Modernity Jacques Picard, Jacques M. Revel, Michael P. Steinberg, Idith Zertal, 2016-08-09 A unique reference to leading Jewish figures who helped shape the modern world This superb collection presents more than forty incisive portraits of leading Jewish thinkers, artists, scientists, and other public figures of the last hundred years who, in their own unique ways, engaged with and helped shape the modern world. Makers of Jewish Modernity features entries on political figures such as Walther Rathenau, Rosa Luxemburg, and David Ben-Gurion; philosophers and critics such as Walter Benjamin, Hannah Arendt, Isaiah Berlin, Jacques Derrida, and Judith Butler; and artists such as Mark Rothko. The book provides fresh insights into the lives and careers of novelists like Franz Kafka, Saul Bellow, and Philip Roth; the filmmakers Joel and Ethan Coen; social scientists such as Sigmund Freud; religious leaders and thinkers such as Avraham Kook and Martin Buber; and many others. Written by a diverse group of leading contemporary scholars from around the world, these vibrant and frequently surprising portraits offer a global perspective that highlights the multiplicity of Jewish experience and thought. A reference book like no other, Makers of Jewish Modernity includes an informative general introduction that situates its subjects within the broader context of Jewish modernity as well as a rich selection of photos.

Understanding Primo Levi Nicholas Patruno, 1995 Levi's compulsion to record the Holocaust.

The Legacy of Primo Levi S. Pugliese, 2004-12-16 This collection represents some of the latest research on Primo Levi, the famous Auschwitz survivor Italian author, in the field of Italian Studies, Holocaust Studies, Jewish Studies, literary theory, philosophy, and ethics. The author has collected an impressive group of scholars, including Ian Thomson, who has

published a well-received biography of Levi in the UK (a US edition is due this year); Alexander Stille, who is a staff writer got the New Yorker as well as for the New York Times (he is also the author of Benevolence and Betrayal: Five Italian Jewish Families under Fascism); and David Mendel, who knew Levi and had an extensive correspondence with the Italian writer. There are four essays on Levi's complex and fertile theory of the 'Gray Zone' and further essays on the myriad aspects of this thought. This is an excellent collection with new perspectives and interpretations of the life and work of Primo Levi.

Interpreting Primo Levi Arthur Chapman, Minna Vuohelainen, 2016-04-29 The legacy of antifascist partisan, Auschwitz survivor, and author Primo Levi continues to drive exciting interdisciplinary scholarship. The contributions to this intellectually rich, tightly organized volume - from many of the world's foremost Levi scholars - show a remarkable breadth across fields as varied as ethics, memory, and media studies.

Memory, History, Justice in Hegel Angelica Nuzzo, 2012-04-05 This reconstruction of the work of 'dialectical memory' in Hegel raises the fundamental question of the principle that presides on the articulation of history and indicates in Hegel's philosophy two alternative models of conceiving history: one that grounds history on 'ethical memory,' the other that sees justice as the moving principle of history.

The Cambridge Companion to the Italian Novel Peter Bondanella, Andrea Ciccarelli, 2003-07-31 The Cambridge Companion to the Italian Novel provides a broad ranging introduction to the major trends in the development of the Italian novel from its early modern origin to the contemporary era. Contributions cover a wide range of topics including the theory of the novel in Italy, the historical novel, realism, modernism, postmodernism, neorealism, and film and the novel. The contributors are distinguished scholars from the United Kingdom, the United States, Italy, and Australia. Novelists examined include some of the most influential and important of the twentieth century inside and outside Italy: Luigi Pirandello, Primo Levi, Umberto Eco and Italo Calvino. This is a unique examination of the Italian Novel, and will prove invaluable to students and specialists alike. Readers will gain a keen sense of the vitality of the Italian novel throughout its history and a clear picture of the debates and criticism that have surrounded its development.

In Praise of Antiheroes Victor Brombert, 2001-11 In an age of upheaval and challenged faith, traditional heroes are hard to come by, and harder still to love, with their bloodstained hands and backs unbowed by the consequences of their actions. Through penetrating readings of key works of modern European literature, Victor Brombert shows how a new kind of hero—the antihero—has arisen to replace the toppled heroic model. Though they fail, by design, to live up to conventional expectations of mythic heroes, antiheroes are not necessarily failures. They display different kinds of courage more in tune with our time and our needs: deficiency translated into strength, failure experienced as honesty, dignity achieved through humiliation. Brombert explores these paradoxes in the works of Büchner, Gogol, Dostoevsky, Flaubert, Svevo, Hašek, Frisch, Camus, and Levi. Coming from diverse cultural and linguistic traditions, these writers all use the figure of the antihero to

question handed-down assumptions, to reexamine moral categories, and to raise issues of survival and renewal embodying the spirit of an uneasy age.

Musings on Mortality Victor Brombert, 2013-10-15 “Elegant, beautifully written literary criticism, examining how eight major writers—‘From Tolstoy to Primo Levi’—dealt with death in their fiction.” —The Wall Street Journal “All art and the love of art,” Victor Brombert writes at the beginning of the deeply personal *Musings on Mortality*, “allow us to negate our nothingness.” As a young man returning from World War II, Brombert came to understand this truth as he immersed himself in literature. Death can be found everywhere in literature, he saw, but literature itself is on the side of life. With delicacy and penetrating insight, Brombert traces the theme of mortality in the work of a group of modern writers: Leo Tolstoy, Thomas Mann, Franz Kafka, Virginia Woolf, Albert Camus, Giorgio Bassani, J. M. Coetzee, and Primo Levi. Illuminating their views on the meaning of life and the human condition, Brombert ultimately, reveals that by understanding how these authors wrote about mortality, we can grasp the full scope of their literary achievement and vision. Winner of the Robert Penn Warren-Cleanth Brooks award for outstanding literary criticism. “Suffused with wisdom and argued with the strong hand of a weathered and feeling literary scholar. . . . It is hard to imagine such thematic criticism being done better than here. What a beautiful book.” —Thomas Harrison, author of *1910: The Emancipation of Dissonance* “A brave and eloquent book.” —Peter Brooks, author of *Henry James Goes to Paris* “The simplicity and directness of Brombert’s style gives his discussion of the philosophical and aesthetic underpinnings of the works under scrutiny great clarity.” —Publishers Weekly “Brombert’s eloquently written book is for serious lovers of literature.” —Library Journal

Primo Levi and the Identity of a Survivor Nancy Harrowitz, 2017-01-06 Primo Levi (1919-1987) was an Italian chemist, writer, and Holocaust survivor who used a combination of testimony, essays, and creative writing to explore crucial themes related to the Shoah. His voice is among the most important to emerge from this dark chapter in human history. In *Primo Levi and the Identity of a Survivor*, Nancy Harrowitz examines the complex role that Levi’s Jewish identity played in his choices of how to portray his survival, as well as in his exposition of topics such as bystander complicity. Her analysis uncovers a survivor’s shame that deeply influenced the personas he created to recount his experiences. Exploring a range of Levi’s works, including *Survival at Auschwitz* and lesser-known works of fiction and poetry, she illustrates key issues within his development as a writer. At the heart of Levi’s discourse, Harrowitz argues, lies a complex interplay of narrative modes that reveals his brilliance as a theorist of testimony.

Pained Screams from Camps Aisling Reid, Valentina Surace, 2024-06-17 Detention camps exceed the juridical concept of punishment and crime. This book comprises two parts: 1. a collected volume that discusses camps not as something of the past, but as a paradigmatic political space in which ordinary law is completely suspended, and 2. an Italian-English parallel text of the war diary of an Italian prisoner during his confinement at the Stalag X-B internment camp near Sandbostel from

1943–1945. 1. *The Human Condition of Exception: Collected Essays* Edited by Aisling Reid and Valentina Surace Written in Italian and English, the essays collected in this volume explore the issue of camps and suffering from various perspectives, including philosophical inquiry, literary analysis, historical description and legal assessment. As Agamben suggests, the camp embodies the state of exception. A dehumanising camp life will therefore emerge every time such a structure is created. What happens in camps exceeds the juridical concept of punishment, as well as that of crime. Prisoners are faced with a ‘useless’ pain (Levinas) as it is not the expiation of a fault. Prisoners attempt to describe their extreme suffering through their diaries. Their experience, however, cannot be entirely communicated. Even their screams, which express humanity at the extreme limit of its un-power, are silenced. Given the recent popularity of right-wing politics, as well as the centenary of Mussolini’s march on Rome, such research is more urgent than ever. The book will appeal to readers with an interest in philosophy as well as Irish history scholars studying internment during Partition and The Troubles in Northern Ireland. 2. *Aldo Quarisa’s Diary: An Italian-English Edition* Edited by Aisling Reid and Valentina Surace. Transcribed and with a preface by Galileo Sartor. Translation of the diary by Aisling Reid (Italian-English). In 1943, Aldo Quarisa worked at a military school in Florence, where he taught literature. In October of that year, one month after Italy had surrendered to the Allied forces, the Italians declared war on the Germans. In Florence, the German occupiers responded quickly, by arresting and deporting people with military connections to numerous concentration camps in Austria. Quite suddenly, Aldo was detained and deported through a network of camps, including Benjaminovo and the Stalag X-B internment camp, near the German village of Sandbostel. For two years, he found himself imprisoned alongside other Italians, including the celebrated journalist Giovannino Guareschi, who secretly kept a diary that was later published as his *Diario Clandestino 1943–1945* in 1946. Much like Guareschi, Aldo also kept a diary and excerpts are published here in both Italian and English for the first time. The diary describes in unprecedented detail the monotony of camp life, the cruelty of the guards and the prisoners’ struggle to survive. The text is an important document that preserves the memory and voices of all those who suffered during the war and will inevitably be of interest to readers with an interest in World War II.

Arduous Tasks Lina N Insana, 2009-05-22 One of twentieth-century Italy's greatest thinkers, Primo Levi (1919-1987) started reflecting on the Holocaust almost immediately after his return home from the year he survived in Auschwitz. Levi's powerful Holocaust testimonials reveal his preoccupation with processes of translation, in the form of both embedded and book-length renderings of texts relevant to Holocaust survival. In *Arduous Tasks*, Lina N. Insana demonstrates how translation functions as a metaphor for the transmission of Holocaust testimony and broadens the parameters of survivor testimony. The first book to study Levi and translation, *Arduous Tasks* overcomes the conventional views of the separation between his own personal memoirs and his translations by stressing the centrality of translation in Levi's entire corpus. Examining not only the testimonial nature of his work, Insana also discusses the transgressive and performative aspects of

transmission in his writings. *Arduous Tasks* is a superb and innovative study on the importance of translation not only to Levi, but also to Holocaust studies in general.

Approaches to Teaching the Works of Primo Levi Nicholas Patruno, Roberta Ricci, 2014-11-01 Primo Levi, Holocaust survivor and renowned memoirist, is one of the most widely read writers of post-World War II Italy. His works are characterized by the lean, dispassionate eloquence with which he approaches his experience of incarceration in Auschwitz. His memoirs--as well as his poetry and fiction and his many interviews--are often taught in several fields, including Jewish studies and Holocaust studies, comparative literature, and Italian language and literature, and can enrich the study of history, psychology, and philosophy. The first part of this volume provides instructors with an overview of the available editions, anthologies, and translations of Levi's work and identifies other useful classroom aids, such as films, music, and online resources. In the second part, contributors describe different approaches to teaching Levi's work. Some, in presenting *Survival in Auschwitz*, *The Reawakening*, and *The Drowned and the Saved*, look at the place of style in Holocaust testimony and the reliability of memory in autobiography. Others focus on questions of translation, complicated by the untranslatable in the language and experiences of the concentration camps, or on how Levi incorporates his background as a chemist into his writing, most clearly in *The Periodic Table*.

A Centaur in Auschwitz Massimo Giuliani, 2003-01-01 In *A Centaur in Auschwitz*, Massimo Giuliani sheds new light on Primo Levi's rational, demythologizing approach to suffering and survival. Whether working in narrative or poetic form, Levi grappled with the ambiguities and complexities of innocence and guilt, triumph and loss. Giuliani presents a powerful new means to understand Levi's thought: employing the neologism of *salvaction* (conveying salvation through one's own action), Giuliani has developed a star of *salvaction*--a diagram in the shape of a star of David, in which each of the six points leads to a strategy Levi learned for seeking meaning, and thereby salvation, in the misery of Auschwitz. This unique book, with its concise overview of Levi's expression and development as a writer, reveals Primo Levi for what he was: scientist, intellectual, Jew, and dedicated seeker of the roots of human dignity.

Italian Literature since 1900 in English Translation 1929-2016 Robin Healey, 2019-03-07 Providing the most complete record possible of texts by Italian writers active after 1900, this annotated bibliography covers over 4,800 distinct editions of writings by some 1,700 Italian authors. Many entries are accompanied by useful notes that provide information on the authors, works, translators, and the reception of the translations. This book includes the works of Pirandello, Calvino, Eco, and more recently, Andrea Camilleri and Valerio Manfredi. Together with Robin Healey's *Italian Literature before 1900 in English Translation*, also published by University of Toronto Press in 2011, this volume makes comprehensive information on translations from Italian accessible for schools, libraries, and those interested in comparative literature.

Traumatic Verses Andrés José Nader, 2007 *Traumatic Verses* provides psychoanalytically informed close readings of a

range of poems and discusses their significance for aesthetic theory and for research on the camps. It also tells the stories behind the composition and preservation of these poems and the history of their publication since 1945. Most of the poems appear here for the first time in English translation along with the original texts. This book fills a gap left by literary historians, who have mostly ignored writings from the camps and avoided careful scrutiny of literature produced under the Nazi regime. Studies of trauma have concentrated on post-traumatic experiences; discussions of aesthetics after the Holocaust have neglected the issue of the artistic impulse in the camps. On both counts this book constitutes a unique contribution to scholarship, showing that, when read attentively, the poems written in the camps are invaluable sites for confronting the Nazi past. --book jacket.

Primo Levi Mirna Cicioni, 1995-12-01 Primo Levi (1919-1987) is one of Italy's most distinguished writers. A survivor of the Holocaust, his memoirs on the Nazi death camps (*If This Is a Man* and *The Truce*) are internationally recognized as among the most powerful and profound testimonies to have come out of the extermination of European Jewry. This book is the first comprehensive introduction to Levi and his writing for English-speaking readers. The author draws attention to the literary worth of Levi's entire output - not just the Holocaust testimonies for which he is primarily known - and situates his works in the context of Italian culture and society from the 1920s to the 1980s. A man with many identities - chemist, industrial manager and writer - he tried, through his writing, to build bridges between different cultures and fields of enquiry.

Encyclopedia of Life Writing Margaretta Jolly, 2013-12-04 First published in 2001. This is the first substantial reference work in English on the various forms that constitute life writing. As this term suggests, the *Encyclopedia* explores not only autobiography and biography proper, but also letters, diaries, memoirs, family histories, case histories, and other ways in which individual lives have been recorded and structured. It includes entries on genres and subgenres, national and regional traditions from around the world, and important auto-biographical writers, as well as articles on related areas such as oral history, anthropology, testimonies, and the representation of life stories in non-verbal art forms.

A Civil War Claudio Pavone, 2013-11-19 *A Civil War* is a history of the wartime Italian Resistance, recounted by a historian who took part in the struggle against Mussolini's Fascist Republic. Since its publication in Italy, Claudio Pavone's masterwork has become indispensable to anyone seeking to understand this period and its continuing importance for the nation's identity. Pavone casts a sober eye on his protagonists' ethical and ideological motivations. He uncovers a multilayered conflict, in which class antagonisms, patriotism and political ideals all played a part. A clear understanding of this complexity allows him to explain many details of the post-war transition, as well as the legacy of the Resistance for modern Italy. In addition to being a monumental work of scholarship, *A Civil War* is a folk history, capturing events, personalities and attitudes that were on the verge of slipping entirely out of recollection to the detriment of Italy's

understanding of itself and its past.
