The Southern Mystique Urszula Niewiadomska-Flis,2012-07 Amb la intenció de reconsiderar la construcció meridional del gènere que es mostra en la ficció i en les pel·lícules del segle XX naix aquest volum. Tres aspectes conceptuals guien la investigació. En primer lloc, les dones del sud poden treballar des de i en contra dels discursos de gènere de la seua societat a través de les pràctiques culinàries. En segon lloc, a través de l'amistat femenina, les dones poden transgredir el seu lloc prescrit pel patriarcat. En tercer lloc, per a infondre la construcció de gènere les dones han de desafiar la protecció

patriarcal i desobeir les regles de confinament de la feminitat en l'espai domèstic. Així, aquest volum qüestiona els efectes materials dels mites meridionals sobre les construccions i les negociacions de la condició de dona meridional contra les normes blanques, masculines i heterosexistes de la cultura del sud.

Interpreting Tyler Perry Jamel Santa Cruze Bell, Ronald L. Jackson II, 2013-10-23 Tyler Perry has become a significant figure in media due to his undeniable box office success led by his character Madea and popular TV sitcoms *House of Payne* and *Meet the Browns*. Perry built a multimedia empire based largely on his popularity among African American viewers and has become a prominent and dominant cultural storyteller. Along with Perry's success has come scrutiny by some social critics and Hollywood well-knowns, like Spike Lee, who have started to deconstruct the images in Perry's films and TV shows suggesting, as Lee did, that Perry has used his power to advance stereotypical depictions of African Americans. The book provides a rich and thorough overview of Tyler Perry's media works. In so doing, contributors represent and approach their analyses of Perry's work from a variety of theoretical and methodological angles. The main themes explored in the volume include the representation of (a) Black authenticity and cultural production, (b) class, religion, and spirituality, (c) gender and sexuality, and (d) Black love, romance, and family. Perry's critical acclaim is also explored.

The Impact of Racism on African American Families Paul C. Rosenblatt, 2016-03-03 In spite of the existence of statistics and numerical data on various aspects of African American life, including housing, earnings, assets, unemployment, household violence, teen pregnancy and encounters with the criminal justice system, social science literature on how racism affects the everyday interactions of African American families is limited. How does racism come home to and affect African American families? If a father in an African American family is denied employment on the basis of his race or a wife is demeaned at work by racist slurs, how is their family life affected? Given the lack of social science literature responding to these questions, this volume turns to an alternative source in order to address them: literature. Engaging with novels written by African American authors, it explores their rich depictions of African American family life, showing how these can contribute to our sociological knowledge and making the case for the novel as an object and source of social research. As such, it will appeal to scholars and students of the sociology of the family, race and ethnicity, cultural studies and literature.

Transposing Broadway S. Hecht, 2014-10-01 Over the last hundred years, musical theatre artists - from Berlin to Rodgers

and Hammerstein to Sondheim - have developed a form that corresponds directly to the Americanization of the increasingly Jewish New York audience; and that audience's aspirations and concerns have played out in the shows themselves. Musicals thus became a paradigm which instructed newcomers in how to assimilate while correspondingly envisioning American Dream America as democratic and inclusive. Broadway musicals still continue to function today as cultural Ellis Islands for fringe populations seeking acceptance into the nation's mainstream - including women, blacks, Latinos, and gays - all essentially modeled upon the Jewish example. Stuart J. Hecht offers a fascinating examination of the relationship between Jews, assimilation, and the changing face of the American musical.

Finding God in All the Black Places Beretta E. The Murder Mystique Laurie Nalepa, Richard Pfefferman, 2013-02-07 Although they account for only ten percent of all murders, those attributed to women seem especially likely to captivate the public. This absorbing book examines why that is true and how some women, literally, get away with murder. Combining compelling storytelling with insightful observations, the book invites readers to take a close look at ten high-profile killings committed by American women. The work exposes the forces that underlie the public's fascination with female killers and determine why these women so often become instant celebrities. Cases are paired by motive—love, money, revenge, self-defense, and psychopathology. Through them, the authors examine the appeal of women who commit murders and show how perceptions of their crimes are shaped. The book details both the crimes and the criminals as it explores how pop culture treats stereotypes of female murderers in film and print. True crime aficionados will be fascinated by the minute descriptions of what happened and why, while pop culture enthusiasts will appreciate the lens of societal norms through which these cases are examined.

The Womanist Preacher Kimberly P. Johnson, 2017-07-28 *The Womanist Preacher: Proclaiming Womanist Rhetoric from*

the Pulpit performs a close textual analysis of five womanist sermons to answer the question: how does womanist preaching attempt to transform/adapt the tenets of womanist thought to make it rhetorically viable in the church? And what is gained and lost in this? The sermons come from five women who are considered exemplars of womanist preaching: Elaine M. Flake, Gina M. Stewart, Cheryl Kirk-Duggan, Melva L. Sampson, and Claudette A. Copeland. This book takes the first step in womanist scholarship to dissect what is rhetorically going on in womanist preaching, to categorize womanist sermons under the four tenets of womanist preaching, and to then create four rhetorical models that reflect the rhetorical attributes of the four different categories or phrased tenets that Stacey Floyd-Thomas uses to represent Alice Walker's "womanist" definition.
