Pop Showcase for Strings (Violin 1) Jack Bullock, 2001-08-17 Pop Showcase for Strings, for solo or string orchestra, is a collection of 13 popular songs that can be played as a solo with piano or with a string orchestra. Each selection is presented in two arrangements, a solo and a complete string orchestra piece. The solo section is written so that it can be played as a solo or in unison (or octaves) together by any ensemble, including the entire orchestra, with or without piano accompaniment. The arrangement for string orchestra that follows uses the same rhythms and melodic lines included in the solo section. The first song can be played after the first six notes are learned in any string method and the pieces progress to about a level two. These arrangements are excellent supplements for enhancing any student's knowledge of popular music from the 20th century and are great concert material. Orchestral "Pops" Music Lucy Manning, 2013-10-10 In this second edition of *Orchestral "Pops" Music: A Handbook*, Lucy Manning brings forward to the present her remarkable compendium of information about this form of orchestral music. Since the appearance of the first edition in 2008, this work has proven critical to successful "pops" concert programming. With changes in publishers and agents, the discontinuation of the publication of certain original material or, worst of all, presses going out of business, music directors, orchestra conductors, and professional instrumentalists face formidable challenges in tracking down accurate information about this vast repertoire. This revised handbook alleviates the time-consuming task of

researching these changes by offering a list of works for orchestral “pops” concerts that is comprehensive, informative, and current. Manning’s emphasis on clarity and accuracy gives users an indispensable tool for gathering vital information on the style, instrumentation, and availability of the repertoire listed, as well as notes on its performance. The user-friendly appendices include expanded instrumentation choices, easy-to-find durations, and handy title cross-references. In addition to corrections and updates, this new edition of Orchestral “Pops” Music includes at least 1,000 new title listings. Orchestral “Pops” Music: A Handbook is the ideal tool for working conductors and orchestral librarians, as well as music program directors at colleges, conservatories, and orchestras.
