Blair, Girish Uppal, 2010-12-01 In this companion handbook to *The Deal Decade: What Takeovers and Leveraged Buyouts mean for Corporate Governance*, Margaret Blair and Girish Uppal present summary statistics and details on the corporate restructuring movement of the 1980s. Rhyder’s not interested in the over-opinionated, pint-sized dynamo with too much attitude until she turns clinical on him and cites his duty to procreate genius. Of course, she’s thinking in vitro... of course, he’s not... Desperate for a child, Roxie agrees to a proposed “arrangement” that includes a massive spreadsheet with formulas, schedules, and probabilities that calculate the best and quickest chance to reach her goal. But neither has calculated the heat and desire they’ll generate with their “togetherness” and that threatens the perfect deal. Best Intentions series: Book 1: *The Sweetest Deal* Book 2: *The Perfect Deal* Book 3: TBD

The Sweetest Deal Mary Campisi, 2018-09-26 Unlikely couples, matchmakers, and moral dilemmas are the heart of the Best Intention series, a collection of novellas set in a business environment where negotiations and deals turn personal... *The Sweetest Deal* is Book One in this series. Ian Woodford is about to close the most important business transaction of his life and realize his father’s dream—all he has to do is agree to one request: give the man who’s controlling the deal a grandchild. The proposition is every level of wrong, but an arrangement like this would honor his father’s memory, and while Ian can

never replace the child he lost, it would give him an opportunity for another child, this time without the encumbrance of a wife. But the more time he spends with C.C., the more he realizes he wants her for more than a way to get a deal and a child... C.C. aka Catherine Crowell gave up on dreams of a family after Mr. Worse-Than-Wrong broke her heart. Hiding behind spreadsheets, and oversized suits, she's determined to show her business-mogul father she's capable of taking over his company and won't be fooled by smooth talking liars again. Her work has become her life, and while she'd love a child, that's not going to happen. When Ian Woodford, the company's newest business partner, shows interest in her, C.C.'s more than a little suspicious, and determined to find out if his intentions are real, and what she plans to do about it if they are...or aren't. It's going to get messy and once the truth come out, as it always does, it's going to take more than one matchmaker to get the sweetest deal. **BONUS:** Included with this ebook is the first chapter of *Strangers Like Us*, Book 1 of the *Reunion Gap* series.

The Deal Paradox Michel Driessen, Anna Faelten, Scott Moeller, 2023-02-03 *The Deal Paradox* explores what successful dealmaking looks like in the age of digital transformation, drawing on interviews with top dealmakers and M&A experts sharing their stories, triumphs, and challenges. It walks through the attributes and skills needed in this new landscape and how M&A professionals can build them into their approach, from finding and executing deals to making sure they deliver the desired outcomes. *The Deal Paradox* draws on 60 years' combined experience of cutting-edge deal making, built on landmark deals ranging from Morgan Stanley's IPO at the height of the 1980s banking boom and Kraft's takeover of Cadbury to key tech deals including the £1bn sale of financial data intelligence company Acuris to ION. Chapters are richly illustrated throughout with real-world examples featuring organizations such as Apple, Google, BP and SoftBank Vision Fund.

The Next Deal Andrei Cherny, 2008-01-07 American politics today is run on scandal and sound bites because our politicians have become disconnected from the government and public that they serve. Vast changes brought about by the information revolution and the global economy-and by the new Choice Generation of Americans under the age of thirty-have yet to impact America's centralized, one-size-fits-all government programs. Enter Andrei Cherny, who uses his unique vantage point as a twentysomething with experience working closely with the President and Vice President of the United States to consider what these vast changes will mean for American government and society. Cherny convincingly argues that Americans are coming to demand a Choice Revolution in government-expanding democracy by taking decision-making power out of the hands of experts and putting back into the hands of ordinary people. But more individual power doesn't mean just more individualism. Cherny proposes a truly interactive government in which increased government responsiveness is met with an increased commitment on the part of the public to the common good.

The Feature Film Distribution Deal John W. Cones,1997 John W. Cones, whose real goal is to stimulate a long-term film industry reform movement, shows how the financial control of the film industry in the hands of the major studios and

distributors actually translates into creative control of the industry. Cones discusses the pros and cons of the debate relating to the industry's so-called net profit problem and the way in which the distribution deal plays an integral part in that problem. He then breaks down five major film finance/distribution scenarios, explaining various distribution deals and suggesting ways of negotiating distribution. Critically examining the specific terms of the distribution deal itself, Cones covers gross receipts exclusions, distributor fees, and distribution expenses. He also investigates the various forms of interest, issues of production costs, matters of creative control, and general contractual provisions. For handy reference, Cones includes an extensive checklist for negotiating any feature film distribution deal. The list deals with distribution fees, distribution expenses, interest, production costs, creative control issues, general contractual provisions, distributor commitments, and the limits of negotiating. His nine appendixes present a Motion Picture Industry Overview, Profit Participation Audit Firms, ADI (Top 50) Market Rankings, an AFMA Member List, 1992-1993, a Production-Financing/Distribution Agreement, a Negative Pickup Distribution Agreement, a Distribution Rights Acquisition Agreement, a Distribution Agreement (Rent-a-Distributor Deal), and a Foreign Distribution Agreement. Cones wrote this book for independent producers, executive and associate producers and their representatives, directors, actors, screenwriters, members of talent guilds, distributors, and entertainment, antitrust, and securities attorneys. Securities issuers and dealers, investment bankers, and money finders, investors, and financiers of every sort also will be interested. In addition, Cones suggests and hopes that the book will interest Congress, their research staff, government regulators at the Internal Revenue Service, the Securities and Exchange Commission, the Federal Trade Commission, and law enforcement officials such as the Los Angeles District Attorney and the U.S. Justice Department.

A New Deal for All? Andor Skotnes, 2012-12-14 In *A New Deal for All?* Andor Skotnes examines the interrelationships between the Black freedom movement and the workers' movement in Baltimore and Maryland during the Great Depression and the early years of the Second World War. Adding to the growing body of scholarship on the long civil rights struggle, he argues that such border state movements helped resuscitate and transform the national freedom and labor struggles. In the wake of the Great Crash of 1929, the freedom and workers' movements had to rebuild themselves, often in new forms. In the early 1930s, deepening commitments to antiracism led Communists and Socialists in Baltimore to launch racially integrated initiatives for workers' rights, the unemployed, and social justice. An organization of radicalized African American youth, the City-Wide Young People's Forum, emerged in the Black community and became involved in mass educational, anti-lynching, and Buy Where You Can Work campaigns, often in multiracial alliances with other progressives. During the later 1930s, the movements of Baltimore merged into new and renewed national organizations, especially the CIO and the NAACP, and built mass regional struggles. While this collaboration declined after the war, Skotnes shows that the earlier cooperative efforts greatly shaped national freedom campaigns to come—including the civil rights movement.

A Deal with The Devil Eden Phillpotts, 2014-11-16 Example in this ebook CHAPTER I. GRANDFATHER'S BIRTHDAY. Before my grandpapa, Mr. Daniel Dolphin, comes down to breakfast on the morning of his hundredth birthday, I may tell you something about him. He has been married three times; he has buried all his wives and all his children. There were five of the latter, resulting from grandpapa's three marriages; but now I, Martha Dolphin, the only child of grandpapa's eldest son, am the sole survivor and living descendant of Daniel Dolphin. Frankly it must be confessed that grandpapa has been an unprincipled man in his time. Among other inconveniences, resulting from unedifying conduct, he suffered five years' imprisonment for forgery before I was born; but when he turned ninety-five I think he honestly began to realise that this world is, after all, a mere temporary place of preparation, and from that age up to the present moment (I am dealing with the morning of his hundredth birthday) he abandoned the things which once gave him pleasure, and began to look seriously towards another and a better life beyond the grave. Indeed, thanks to my ever-present warnings, and the Rev. John Murdoch's ministrations, grandpapa, from the time he was ninety-five, kept as sober, as honest, and as innocent as one could wish to see any nonagenarian. He regarded the future with quiet confidence now, feared death no longer, and alleged that his approaching end had no terrors for him. The dear old fellow was very fond of me, and he often said that, but for his patient granddaughter, he should never have turned from the broad downward road at all. I can see him now coming in to breakfast--a marvellous man for his age. Bent he was, and shrivelled as a brown pippin from last year looks in June, but his eyes were bright, his intelligence was keen, his wit and humour ever active, his jokes most creditable for a man of such advanced age. In his antique frilled shirt, black stock, long snuff-coloured coat, and velvet cap, grandpapa looked a perfect picture. I cannot say there was anything venerable about him, but he would have made a splendid model for a miser or something of that sort. Many, many happy returns of the day, dear grandpapa, said I, hastening to kiss his withered cheek and to place a white rose from our little garden in his button-hole. Thank you, thank you, Martha. Have you got a present for the old man? he asked, in his sharp, piping treble. That I have, dear grandpapa--a big packet of the real rappee you always like so much. Good girl. And this--Lord! Lord!--this is my hundredth birthday! Presently he wrestled with a poached egg and some bread-and-milk. He spoiled his beautiful frilled shirt with the egg, and used an expletive. Then he remembered a comic incident, and began to chuckle in the middle of tea-drinking, and so choked. I patted him on the back, cleaned him up, and pulled him together. Then, spluttering and laughing, all in a breath, he turned to me, gradually calmed down, and spoke: A dream--it was a dream that came to me last night--a vivid incubus, mighty clear and mighty real. It must have been the tapioca pudden at supper. I told you it was awful tough. Indeed, dearest one, I made it myself. Well, well. To the dream. I thought a figure stood at my bedside--a figure much like that in the flames on the old stained-glass window at St. Paul's. He wore horns too, but certainly he had the manners of a gentleman. Of course we all know he is one. It's in the Bible, or

Shakespeare, or somewhere. A fiend, grandpapa! To be continue in this ebook

The Black Image in the New Deal Nicholas Natanson, 1992 Between 1935 and 1942, photographers for the New Deal's Resettlement Administration-Farm Security Administration (FSA) captured in powerfully moving images the travail of the Great Depression and the ways of a people confronting radical social change. Those who speak of the special achievement of FSA photography usually have in mind such white icons as Dorothea Lange's Migrant Mother or Walker Evans's Alabama sharecroppers. But some six thousand printed images, a tenth of FSA's total, included black figures or their dwellings. At last, Nicholas Natanson reveals both the innovative treatment of African Americans in FSA photographs and the agency's highly problematic use of these images once they had been created. While mono-dimensional treatments of blacks were common in public and private photography of the period, such FSA photographers as Ben Shahn, Arthur Rothstein, and Jack Delano were well informed concerning racial problems and approached blacks in a manner that avoided stereotypes, right-wing as well as left-wing. In addition, rather than focusing exclusively on FSA-approved agency projects involving blacks - politically the safest course - they boldly addressed wider social and cultural themes. This study employs a variety of methodological tools to explore the political and administrative forces that worked against documentary coverage of particularly sensitive racial issues. Moreover, Natanson shows that those who drew on the FSA photo files for newspapers, magazines, books, and exhibitions often entirely omitted images of black people and their environment or used devices such as cropping and captioning to diminish the true range of the FSA photographers' vision.
