The Power of One Bryce Courtenay, 1996-09-29 "The Power of One has everything: suspense, the exotic, violence; mysticism, psychology and magic; schoolboy adventures, drama." -The New York Times "Unabashedly uplifting . . . asserts forcefully what all of us would like to believe: that the individual, armed with the spirit of independence-'the power of one'-can prevail." -Cleveland Plain Dealer In 1939, as Hitler casts his enormous, cruel shadow across the world, the seeds of apartheid take root in South Africa. There, a boy called Peekay is born. His childhood is marked by humiliation and abandonment, yet he vows to survive and conceives heroic dreams-which are nothing compared to what life actually has in store for him. He embarks on an epic journey through a land of tribal superstition and modern prejudice where he will learn the power of words, the power to transform lives, and the power of one. "Totally engrossing . . . [presents] the metamorphosis of a most remarkable young man and the almost spiritual influence he has on others . . . Peekay has both humor and a refreshingly earthy touch, and his adventures, at times, are hair-raising in their suspense." -Los Angeles Times Book Review "Marvelous . . . It is the people of the sun-baked plains of Africa who tug at the heartstrings in this book. . . . [Bryce] Courtenay draws them all with a fierce and violent love." -The Washington Post Book World "Impressive." -Newsday "A compelling tale." -The Christian Science Monitor

**The Power of the Pen** Denise Merkle, 2010 This interdisciplinary collection investigates the relations between translation and different forms and systems of censorship that were operating in nineteenth-century Europe. The volume presents and discusses broadly the research findings of translation studies scholars from a total of nine countries. Contributors have studied not only the apparatus of power that enforces censorship but also the symbolic dimension that as well as being inherent to systems is also an explicit activity on the part of decision makers. The nineteenth century has been very neglected in studies of translation censorship to date. This volume addresses this gap in research, showing how discourse was filtered by official and unofficial censorship mechanisms against a background of massive political and technological change. The volume brings together eleven essays on censorship of literature, philosophy and the press in Austro-Hungary, Belgium,

Finland, France, Germany, Great Britain, Portugal, Russia and Spain. Publisher's note.

Books in the Life of a Child Maurice Saxby, 1997-10-15 Books in the Life of a Child explores the value of books and reading in the stimulation of children's imagination and their fundamental importance in the development of language and true literacy. It examines not only the vast range of children's books available but also how to introduce young people to the joys of reading in the home, the school and in the community. The book has been written as a resource for all adults, especially teachers, student teachers, librarians and parents, and those who care about the value of literature for children. It is a comprehensive and critical guide, with chapters on the history of children's literature and an analysis of its many forms and genres, from poetry, fairytale, myth, legend and fantasy, through realistic and historical fiction, to humour, pulp fiction and information books.

**Ongoing Conversion: From Good to Better** Fr. Henry J. Charles, 2014-01-17 This book is a compilation of homilies of Fr. Henry Charles composed and delivered over a period of at least twenty years. The homilies were written out and were eventually typed up and it is possible that Fr. Henry had himself thought about publishing them, though we do not know this for sure. While many persons were privileged to receive emailed copies and others actually heard his preaching, the homilies were thought to be deserving of a wider audience. The underlying message of his preaching is that discipleship of Jesus Christ requires not only the grace of faith but also demands perseverance, courage and discipline, critical elements of the process he terms "ongoing conversion." In addition, Fr. Henry advocates moral excellence, not settling for the merely moderate or the mediocre, but striving always to "be perfect." Fr. Henry faces up to and wrestles with the "perplexities" of the Gospel and he believed that one of the keys to overcoming these is an appreciation of its many paradoxes and that as a consequence, we are required to see things from a different perspective, not as we are normally inclined to see them, but as God sees them. The homilies have been arranged thematically—On God; On Jesus; What Jesus Calls Us To Be; What Jesus Calls Us To Do; Faith; Hope; Love; Loss, Suffering, Death and Heaven; Virtues and Vices; Human Dignity; Spirituality; Church, Liturgy and Ritual and Culture Society and Leadership. There is of course considerable overlap among the various

themes. The subjects he refers to and the examples he gives are contemporary and relevant, not only to a Caribbean audience, but we think to audiences globally. The style is informal and conversational for the most part and this quality of the writing has been maintained. The homilies have been edited for clarity and for obvious errors and omissions in the transcripts, and some have been retitled, but they have otherwise been reproduced and stand as he wrote them.

**The Many Lives of It** Ron Riecki,2020-04-23 After its publication in 1986, Stephen King's novel *It* sparked sequels, remakes, parodies and solidified an entire genre: clown horror. Decades later, director Andy Muschietti revitalized King's popular novel, smashing all box office expectations with the release of his 2017 film *It*. At the time of its release, the movie set the record for the world's highest-grossing horror film. Examining the legacy of the controversial cult novel, the 2017 box office sensation and other incarnations of the demonic clown Pennywise, this collection of never-before-published essays covers the franchise from a variety of perspectives. Topics include examinations of the carnivalesque in both the novel and films, depictions of sexuality and theology in the book, and manifestations of patriarchy and the franchise, among other diverse subjects.

*Subjectivity* Willem van Reijen,Willem G. Weststeijn,2000 Subjectivity is one of the central issues of twentieth-century philosophy, literature and art. Modernism, which discovered the subconscious, put an end to the belief in the Cartesian Subject as the autonomous centre of knowledge and self-consciousness. Instead, the subject became something uncontrollable, unreliable, incomplete and fragmentary. The attempts to recapture the unity of the subject led to the existential quest and the flight into ideology (nazism, communism). Postmodernism, the cultural movement of the second half of the twentieth century, did not consider the subject any longer as an important category. Attention was focused on the I and the Other, on dialogism and polyphonism (Bakhtin). Ideology lost its appeal and so did the great stories (Lyotard). In this issue of *Avant-Garde Critical Studies* the problem of subjectivity in twentieth-century culture is discussed from various angles by specialists in the field of philosophy, literature, film, music and dance.

*THE POWER OF MIND - 17 Books Collection: The Key To Mental Power Development And Efficiency, Thought-Force in Business and Everyday Life, The Power of Concentration, The Inner Consciousness...* William Walker Atkinson,2024-01-10 In *The Power of Mind: 17 Books Collection*, William Walker Atkinson delves into the intricate realms of mental development, offering readers a comprehensive guide to harnessing the latent powers of their minds. The collection is characterized by Atkinson's distinct literary style, blending practical advice with philosophical insights, a hallmark of the New Thought movement prevalent during the early 20th century. With titles such as *The Power of Concentration* and *Thought-Force in Business and Everyday Life*, Atkinson crafts a narrative that encourages readers to cultivate mental discipline and focus,

positing that mastery over one's thoughts can lead to significant enhancements in personal and professional realms. Atkinson, a prominent figure in the New Thought movement, was deeply influenced by the burgeoning ideas of mentalism and self-help popularized in his era. His background as a lawyer and journalist, coupled with his interest in metaphysical teachings, fueled his desire to empower individuals through the exploration of the mind's capabilities. This collection reflects Atkinson's own journey of self-discovery and his belief in the transformative power of thought, making his perspective both relatable and aspirational. For those seeking to unlock their mental potential and achieve personal growth, Atkinson's 'The Power of Mind' serves as an invaluable resource.
