solving cold cases from a distance after barely escaping a confrontation with an unbalanced killer obsessed with her mother's murder. But when victims of a brutal new serial killer start turning up, the Naturals are pulled into an active case that strikes too close to home: the killer is a perfect copycat of Dean's incarcerated father--a man he'd do anything to forget. Forced deeper into a murderer's psyche than ever before, will the Naturals be able to outsmart the enigmatic killer's brutal mind games before this copycat twists them into his web for good? In *All In*, Cassie and the Naturals are called in to investigate a string of brutal murders in Las Vegas. But even with the team's unique profiling talents, these murders seem baffling: unlike many serial killers, this one uses different methods every time. Hidden in the numbers is a code--and the closer the Naturals come to unraveling the mystery, the more perilous the case becomes. In *Bad Blood*, Cassie is reeling with the truth about her mother's murder. Everything Cassie thought she knew about what happened that night her mother was killed has been called into question. Her mother is alive, and the people holding her captive are more powerful--and dangerous--than anything the Naturals have faced so far. As Cassie and the team work to uncover the secrets of a group that has been killing in secret for generations, they find themselves racing a ticking clock. And when the bodies begin piling up, it soon becomes apparent that this time, the Naturals aren't just hunting serial killers. They're being hunted. In the novella *Twelve*, Cassie is now twenty-three years old, and she and her fellow Naturals have taken over running the program that taught them everything they know. As a unit, they're responsible for identifying new Naturals--and solving particularly impossible cases. When their latest case brings back a ghost from their past, Cassie and the other Naturals find themselves racing against the clock--and reliving their own childhood traumas. In a small, coastal town in Maine, there has been a rash of teen suicides--or at least, that's what the police believe. Enter the Naturals.

Twelve Jennifer Lynn Barnes, 2017-11-04 Dive back into the world of *The Naturals* in this e-novella from Jennifer Lynn Barnes, #1 New York Times bestselling author of *The Inheritance Games*. Cassie Hobbes has been working with the FBI since she was a teenager. Now twenty-three years old, she and her fellow Naturals have taken over running the program that taught them everything they know. As a unit, they're responsible for identifying new Naturals -- and solving particularly impossible cases. When their latest case brings back a ghost from their past, Cassie and the other Naturals find themselves racing against the clock -- and reliving their own childhood traumas. In a small, coastal town in Maine, there has been a rash of teen suicides -- or at least, that's what the police believe. Mackenzie McBride, age twelve, thinks differently. Desperate to make herself heard, she stands at the top of a lighthouse, threatening to jump . . . unless the FBI agents who rescued her from a kidnapper at age six come to hear her out. Enter the Naturals. It doesn't take Cassie long to realize that Mackenzie isn't bluffing: she truly is convinced that the suicides are murder, and she really will jump if she can't get the FBI to believe her. To the outside world, Mackenzie is nothing more than a traumatized child. But so was Cassie, once upon a time. So were

Michael, Dean, Sloane, Lia, and Celine. With a storm rolling in off the ocean and Mackenzie's position becoming more precarious by the moment, the Naturals have very little time to get to the truth about the deaths--and about twelve-year-old Mackenzie McBride. **For more thrilling mysteries by Jennifer Lynn Barnes, check out Little White Lies, Deadly Little Scandals, and The Inheritance Games series!
