This Time Tomorrow Chief Executive Officer Christopher Love, 2005-11 John Henry's life, so far, was about working on a plantation with his father, Luke, in Huntsville, Alabama. The Civil War was at their doorsteps. His father is murdered by their Master because he spoke against slavery and wanted a better life for his son. John Henry runs away and seeks the basic liberties as described in the Declaration of Independence. He is forced into a world where two sides are fighting over the destiny of 4 million blacks in the United States. Will John Henry find happiness, or will he die trying to be free in this suspenseful and inspirational novel?

Tomorrow about this Time Grace Livingston Hill, 1923 Conflict between two half-sisters and a bewildered father.

My Times John L. Hess, 2003-09-02 My Times is a critical look at The New York Times from the inside. John Hess worked at the paper for twenty-four years as an editor, rewrite man, foreign correspondent, investigative reporter, and food critic, from New York to Paris to the Middle East and back. In his tenure Hess rubbed shoulders and butted heads with some of the notable figures of journalism from the last fifty years, including Cyrus Sulzberger and his cousin Punch, A. M. Rosenthal, Seymour Hersh, Scotty Reston, and Homer Bigart. But this isn't a lives of the saints; reporters, to Hess's observation, mostly churned out unambitious, conformist copy, and when they didn't, editors would fix it. He argues that the paper deliberately fudged its coverage of Vietnam at a crucial turn. He revisits the close association of the Sulzberger publishing family with the world leaders the newspaper purported to cover objectively. Later Hess shows that the Times was far better acquainted with the jet-set than with its neglected backyard; few at the paper in the 1970s seemed able to pick out the Bronx on a map. My Times is not without warmth for the Good Gray Lady. Hess praises individual reporters and editors, and notes that working for the most influential paper in the world gave him a platform to pursue various campaigns for justice, a few of which he recaps here: the journalistic prairie fire he set in connection with the New York State nursing home scandal; his exposé of shenanigans at the Metropolitan Museum of Art; and his revelation of corruption in several administrations at City Hall.

Bureaucrazy Blues Dean Hasse, 2017-05-25 This is a book about the people and institutions that influence our daily life. What is eating them? What do they achieve at the end of the day? Bureaucracy is the model that supports them to rise to the top and stay there. Waterland is a fictional country that is good because people all over the world recognize leaders who

pretend to revitalize society but only do well for themselves. The writer also highlights the hype of our modern times. The fitness craze, sexual fixations, eating disorders, obsession with animals, extraordinary interest in sports, homophobia, and the desperate search for role models. He also exposes in a subtle way the human failings. In this fairy tale of modern times, the heroes and villains are not kings, knights, witches, or wizards but politicians, psychotherapists, beautiful people, and business tycoons. If you like plots with several layers, drenched in dry humour, you will have a good time. We ought to be grateful for his description of the not-so-brave new world. The hilarious happenings in this book will make you understand the weaknesses of the Western world. This book is a fine spoof, except that this is today's reality and not a prediction of the future.

Birth of a Regiment Frank van Lunteren, 2022-09-06 Activated in May 1942, the 504th Parachute Infantry Regiment earned high praise for its very first mission when it effected the first U.S. mass regimental combat jump of World War II in the invasion of Sicily. According to German General Kurt Student, "if it had not been for the Allied airborne forces blocking the tanks of the Hermann Göring Division from reaching the beachhead, that Division would have driven the initial seaborne forces back into the sea." Led by Col. Reuben Tucker, the 504th subsequently dropped into the endangered Fifth U.S. Army beachhead at Salerno; bitter fighting led to hard-won success at Altavilla and Hill 424 and the regimental motto "Strike and Hold." Birth of a Regiment is the first book-length account of the birth of U.S. airborne forces, and the first to fully capture the details, danger, and crucial stakes of the initial 504th missions in the unforgettable voices of the newly minted paratroopers who fought the first Allied battles in the ETO up through the victorious entry into Naples. These initial missions were all the more important, in that they would determine future Allied strategy, planning, and tactics. It is not to be forgotten that Sicily was a testing ground for the Allied coalition: the first time an American army and a British army, managed at the top by a unified Allied staff, would undertake a major campaign. According to James M. Gavin, the Commanding General of the 82nd ABD at the end of the war, who had jumped into Sicily himself: "What was learned in that first cooperative action affected the whole outcome of World War II." Personally interviewed by the author over a period of 20 years, nearly 200 veterans of the 504th recount their remembrance of combat, permitting readers of Birth of a Regiment to relive epic battles of the ETO through the words of the very men who made history. Participants include survivors and witnesses of the tragic decimation of 23 aircraft and the death of 164 paratroopers and crew when U.S. troops mistook them for the enemy and fired on their planes as they flew into Sicily. Veterans recount the ferocious, desperate battle at Biazzi Ridge, and the later regimental action at the Salerno Beachhead, where the 504th crucially took Hill 424 after a night drop and seaborne landing. Having undisputedly proven their prowess, Tucker's troopers were chosen to spearhead the Fifth Army drive into Naples. These dramatic, unforgettable memories of the war provide new information from the foxhole view on up, giving historians and lay readers alike fresh perspective on the initial U.S. engagements in WWII and the difficult birth

of Allied airborne operations. The volume is enriched by new maps and historic archival photos, including many previously unpublished photos and provided by 504th veterans.

Grappling with the Chronology of the Genesis Flood Dr. Andrew A. Snelling, Dr. Steven W. Boyd, 2014-08-04 Understand this highly debated flash point for scientific debate, academic criticism, and common confusion with this unique presentation. Delve into the technical aspects of the chronology, historicity, and significance of understanding this landmark event, including what we can learn from the Hebrew words used to describe it. Examine the numerous geological, geophysical, and paleontological indications pointing to the reality and global scope of the Flood. Learn how and why the authors' exhaustive research began, putting forth objectives, criticisms they would address, and identifying obstacles to be resolved. The Flood as described in the Book of Genesis not only shaped the global landscape, it is an event that literally forms our understanding of early biblical history. Now an experienced team of scientists and theologians has written a

definitive account of the Genesis Flood with detailed research into the original biblical text and evidences unlocked by modern science and study. Often recounted and discounted as just a myth or children's story, what we find with deeper study is instead a cataclysmic event, one that truly wiped out life on our planet with the exception of those preserved through God's plan. The devastation the Genesis Flood wreaked upon a rebellious world remains an important part of the biblical narrative we should understand for what it was - a divine act of judgment on a sin-immersed world.
