Wendell Berry: Essays 1993-2017 (LOA #317) Wendell Berry, 2019-05-21 The second volume of the Library of America's definitive two-volume selection of the nonfiction writings of our greatest living advocate for sustainable culture. Writing with elegance and clarity, Wendell Berry is a compassionate and compelling voice for our time of political and cultural distrust and division, whether expounding the joys and wisdom of nonindustrial agriculture, relishing the pleasure of eating food produced locally by people you know, or giving voice to a righteous contempt for hollow innovation. He is our most important writer on the cultural crisis posed by industrialization and mass consumerism, and the vital role of rural, sustainable farming in preserving the planet as well as our national character. Now, in celebration of Berry's extraordinary six-decade-long career, Library of America presents a two-volume selection of his nonfiction writings prepared in close consultation with the author. In this second volume, forty-four essays from ten works turn to issues of political and social debate--big government, science and religion, and the meaning of citizenship following the tragedy of 9/11. Also included is his Jefferson Lecture to the National Endowment for the Humanities, *It All Turns on Affection* (2012). Berry's essays remain timely, even urgent today, and will resonate with anyone interested in our relationship to the natural world and especially with a younger, politically engaged generation invested in the future welfare of the planet. INCLUDES: *Life is a Miracle* AND SELECTIONS FROM *Sex, Economy, Freedom & Community* *Another Turn of the Crank* *Citizenship Papers* *The Way of Ignorance* *What Matters?* *Imagination in Place* *It All Turns on Affection* *Our Only World* *The Art of Loading Brush* LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing, and keeping permanently in print, America's best and most significant writing. The Library of America series includes more than 300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries.

Wendell Berry: Essays 1969-1990 (LOA #316) Wendell Berry, 2019-05-21 The first volume of the Library of America's definitive two-volume selection of the nonfiction writings of our greatest living advocate for sustainable culture. Writing with elegance and clarity, Wendell Berry is a compassionate and compelling voice for our time of political and cultural distrust and division, whether expounding the joys and wisdom of nonindustrial agriculture, relishing the pleasure of eating food produced locally by people you know, or giving voice to a righteous contempt for hollow innovation. He is our most important

writer on the cultural crisis posed by industrialization and mass consumerism, and the vital role of rural, sustainable farming in preserving the planet as well as our national character. Now, in celebration of Berry's extraordinary six-decade-long career, Library of America presents a two-volume selection of his nonfiction writings prepared in close consultation with the author. This first volume collects thirty-three essays from nine different books, including his first, *The Long-Legged House* (1969), *What are People For?* (1990), with its still provocative essay *Why I am Not Going to Buy a Computer*, and the complete text of his now classic *The Unsettling of America* (1975), whose argument about the enormous ecological, economic, and human costs of industrial agriculture has, as the author notes, not had the happy fate of being proved wrong. Berry's essays remain timely, even urgent today, and will resonate with anyone interested in our relationship to the natural world and especially with a younger, politically engaged generation invested in the future welfare of the planet. INCLUDES: *The Unsettling of America* AND SELECTIONS FROM *The Long-Legged House* *The Hidden Wound* *A Continuous Harmony* *Recollected Essays* *The Gift of Good Land* *Standing by Words* *Home Economics* *What Are People For?* LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing, and keeping permanently in print, America's best and most significant writing. The Library of America series includes more than 300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries.

Wendell Berry: Port William Novels & Stories: The Postwar Years (LOA #381) Wendell Berry, 2024-07-16 Library of America continues its definitive edition of Wendell Berry's complete fiction, including the novels *The Memory of Old Jack* and *Remembering* and 23 brilliant and beautiful stories. In this second volume, Port William faces the disappearance of farms and farmers in the decades after World War II, while Andy Catlett resolves to remain in the Membership Set along the banks of the Kentucky River in America's heartland, fictional Port William, Kentucky, is an agrarian world is peopled with memorable and beloved characters collectively known as the Port William Membership. For more than 50 years, Wendell Berry has told Port William's history from the Civil War to the present day, recapturing a time when farming, faith, and family were the anchors of community and the ligaments that bound one generation to the next. Now Library of America continues its definitive edition, prepared in close consultation with the author and published for his 90th birthday, presenting the complete story of Port William for the first time in the order of narrative chronology. This second volume contains 23 stories and 2 novels that span the years 1945 to 1978, as the town faces the forces of mechanization and the looming possibility of its own disappearance. As the generation that came of age after the Civil War disappears, the younger generation increasingly chooses to leave and not return; one of the only exceptions is Andy Catlett, who resolves to remain in and to maintain the Membership. This definitive edition of Wendell Berry's complete fiction includes detailed notes, endpapers featuring a map of Port William and a Membership family tree, and a chronology of Berry's remarkable life and career.

The Chronology of Water Lidia Yuknavitch, 2011-04-01 This is not your mother's memoir. In *The Chronology of Water*, Lidia Yuknavitch, a lifelong swimmer and Olympic hopeful escapes her raging father and alcoholic and suicidal mother when she accepts a swimming scholarship which drug and alcohol addiction eventually cause her to lose. What follows is promiscuous sex with both men and women, some of them famous, and some of it S&M, and Lidia discovers the power of her sexuality to help her forget her pain. The forgetting doesn't last, though, and it is her hard-earned career as a writer and a teacher, and the love of her husband and son, that ultimately create the life she needs to survive.

Wendell Berry: Port William Novels & Stories: The Civil War to World War II (LOA #302) Wendell Berry, 2018-01-30 Library of America inaugurates its edition of the complete fiction of one of America's most beloved living writers For more than fifty years, in eight novels and fortytwo short stories, Wendell Berry (b. 1934) has created an indelible portrait of rural America through the lens of Port William, Kentucky, one of the most fully imagined places in American literature. Taken together, these novels and stories form a masterwork of American prose: straightforward, spare, and lyrical. Now, for the first time, in an edition prepared in consultation with the author, Library of America is presenting the complete story of Port William in the order of narrative chronology. This first volume, which spans from the Civil War to World War II, gathers the novels *Nathan Coulter* (1960, revised 1985), *A Place on Earth* (1967, revised 1983), *A World Lost* (1996), and *Andy Catlett: Early Travels* (2006), along with twenty-three short stories, among them such favorites as "Watch With Me," "Thicker than Liquor," and "A Desirable Woman." It also features a newly researched chronology of Berry's life and career, a map and a Port William Membership family tree, and helpful notes. LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing, and keeping permanently in print, America's best and most significant writing. The Library of America series includes more than 300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries.

Books and Beyond Kenneth Womack, 2008-10-30 There's a strong interest in reading for pleasure or self-improvement in America, as shown by the popularity of Harry Potter, and book clubs, including Oprah Winfrey's. Although recent government reports show a decline in recreational reading, the same reports show a strong correlation between interest in reading and academic achievement. This set provides a snapshot of the current state of popular American literature, including various types and genres. The volume presents alphabetically arranged entries on more than 70 diverse literary categories, such as cyberpunk, fantasy literature, flash fiction, GLBTQ literature, graphic novels, manga and anime, and zines. Each entry is written by an expert contributor and provides a definition of the genre, an overview of its history, a look at trends and themes, a discussion of how the literary form engages contemporary issues, a review of the genre's reception, a discussion of

authors and works, and suggestions for further reading. Sidebars provide fascinating details, and the set closes with a selected, general bibliography. Reading in America for pleasure and knowledge continues to be popular, even while other media compete for attention. While students continue to read many of the standard classics, new genres have emerged. These have captured the attention of general readers and are also playing a critical role in the language arts classroom. This book maps the state of popular literature and reading in America today, including the growth of new genres, such as cyberpunk, zines, flash fiction, GLBTQ literature, and other topics. Each entry is written by an expert contributor and provides a definition of the genre, an overview of its history, a look at trends and themes, a discussion of how the literary form engages contemporary issues, a review of the genre's critical reception, a discussion of authors and works, and suggestions for further reading. Sidebars provide fascinating details, and the set closes with a selected, general bibliography. Students will find this book a valuable guide to what they're reading today and will appreciate its illumination of popular culture and contemporary social issues.

Wendell Berry Jason Peters, 2010-06-11 A portrait of one of America's most profound and honest thinkers, this book combines biographical sketches, personal accounts, literary criticism, and social commentary to illuminate Berry as he is: a complex man of place and community with a depth of domestic, intellectual, filial, and fraternal attributes.

Beyond Maintenance to Mission Craig L. Nesson, 2010-02-24 Visionary yet practical, Nesson's influential book makes a persuasive case for the centrality of mission in the life of the church. Nesson's model of mission-driven leadership is strongly centered on the community of faith's worship and draws unique connections between the worship life of a congregation and every aspect of the church's ministry. Around the twin foci of congregational identity and mission, the chapters in this dynamic book provide solid theological and radical direction on the themes of worship, education, fellowship, stewardship, evangelism, global connections, and social ministry.

Letters to a Young Farmer Martha Hodgkins, 2017-03-07 An agricultural revolution is sweeping the land. Appreciation for high-quality food, often locally grown, an awareness of the fragility of our farmlands, and a new generation of young people interested in farming, animals, and respect for the earth have come together to create a new agrarian community. To this group of farmers, chefs, activists, and visionaries, *Letters to a Young Farmer* is addressed. Three dozen esteemed leaders of the changes that made this revolution possible speak to the highs and lows of farming life in vivid and personal letters specially written for this collaboration. Barbara Kingsolver speaks to the tribe of farmers—some born to it, many self-selected—with love, admiration, and regret. Dan Barber traces the rediscovery of lost grains and foodways. Michael Pollan bridges the chasm between agriculture and nature. Bill McKibben connects the early human quest for beer to the modern challenge of farming in a rapidly changing climate. *Letters to a Young Farmer* is a vital road map of how we eat and farm, and why now, more than ever before, we need farmers.

Green Ethics and Philosophy Julie Newman, 2011-05-03 *Green Ethics and Philosophy: An A-to-Z Guide* covers the moral relationship between humans and their natural environment, specifically targeting the contemporary green movement. Since the 1960s, green ethics and philosophies have helped give birth to the civil rights, feminist, and gay rights movements, as well as contemporary environmentalism. With a primary focus on green environmental ethics, this reference work, available in both print and electronic formats, presents approximately 150 signed entries organized A-to-Z, traversing a wide range of curricular disciplines, including philosophy, psychology, business, economics, religion, and political science. A rich blend of topics, from the Hannover Principle to green eco-feminism, responsible eco-tourism, corporate values and sustainability, and more, are explained by university professors and scholars, all contributing to an outstanding reference mainly for academic and public libraries. Vivid photographs, searchable hyperlinks, numerous cross references, an extensive resource guide, and a clear, accessible writing style make the *Green Society* volumes ideal for classroom use as well as for research.

The Way and the Mountain Marco Pallis, 2008 Synopsis: *The Way and the Mountain* is a selection of Marco Pallis' most important writings on Tibetan Buddhism. Pallis traveled extensively in the Himalayas and studied Buddhism from Lamas within the tradition before the communist invasion of Tibet in 1949.

Driving Home Barbara Belyea, Estelle Dansereau, 2006-01-01 This lively and diverse bilingual collection of essays by writers and critics examines contemporary Canadian literary arts. The perspectives range from highly personal and introspective to scholarly and objective, yet each adds significantly to an understanding of the dialogue between writers and readers. Proceedings from a workshop held at the Calgary Institute for the Humanities during the summer of 1982, the volume includes such contributors as E.D. Blodgett, Jacques Brault, Richard Giguère, D.G. Jones, Myrna Kostash, Peter Stevens, Aritha van Herk, and Christopher Wiseman. The collection will naturally be of interest to any student of Canadian literature, but the essays also forcefully address, both explicitly and implicitly, the question of a nationalism of the arts, an issue of great importance to performers and critics in many fields.

New Roots for Agriculture Wes Jackson, 1980-01-01 The plowshare may well have destroyed more options for future generations than the sword, writes Wes Jackson in a review of practices that have brought U.S. agriculture to the edge of disaster. Tillage has hastened the erosion of irreplaceable topsoil everywhere and a technology based on fossil fuels has increased yields for short-term profits, leaving crops ever more vulnerable to diseases, pests, and droughts. Such, says Jackson, is the failure of success. As high-technology agriculture becomes more wasteful and expensive, more farmers are being forced off the land or into bankruptcy. ø Jackson's major solution calls for the development of plant combinations that yield food while holding the soil and re-newing its nutrients without plowing or applying fossil-fuel-based fertilizers or pesticides. His new way of raising crops, by working with the soil's natural systems, would keep the world's bread-basket producing perpetually.

The Life, Beliefs and Divine Detours of a Tennessee Mountain Man ,

The Betrayal of Tradition Harry Oldmeadow, 2005 This collection of essays by eminent traditionalists and contemporary thinkers throws into sharp relief many of the urgent problems of today.

In Good Time Jen Pollock Michel, 2022-12-13 'Time belongs not to us but to God,' contends Michel. Lambasting time management strategies that prioritize productivity, Michel argues that readers must instead accept that 'there is always enough time to do what God has planned.' Michel succeeds in putting earthly concerns in cosmic perspective. These insightful musings are worth a look.--Publishers Weekly *** Whether we're trying to find time, save it, manage it, or make the most of it, one word defines our relationship with the clock: anxiety. Yet is productivity really the only grid for the good life? Have you ever imagined a life without hurry, relentless work, multitasking, or scarcity? A life that is characterized instead by presence, attention, rest, rootedness, fruitfulness, and generosity? This is the kind of life we are meant for, says Jen Pollock Michel. But if we want to experience freedom from time anxiety, we have to reimagine our relationship with time itself. In the pages of *In Good Time*, she invites you to disentangle your priorities from our modern assumptions and instead ground them in God's time. Then she shows you how to establish 8 life-giving habits that will release you from the false religion of

productivity so you can develop a grounded, healthy, life-giving relationship with the clock.

Finding God Beyond Religion Tom Stella, 2013-03-01 Take Your Understanding of Church Teachings from Limiting to Life-Giving—& Free Your Faith to Flourish No longer sustained by easy answers, we may find ourselves standing before a three-pronged fork in the road: we can wander in the direction of conventional beliefs and practices, we can reject God and turn away from religion altogether, or we can embrace our uncertainty as an invitation to a more vital understanding of both God and religion. —from the Introduction Do you describe yourself as spiritual but not religious? Whether young or old, church connected or not, are you spiritually restless for an authentic faith life but do not find conventional religious teachings pertinent to you? This accessible guide to a meaningful spiritual life is a salve for your soul. It reinterprets traditional religious teachings central to the Christian faith—God, Jesus, faith, prayer, morality and more—in ways that connect with people who have outgrown the beliefs and devotional practices that once made sense to them. It helps you find new ways to understand and relate to traditional, narrowly defined Christian “truths” that honor their full spiritual power and scope, and opens your mind and heart to the full impact of Christian teachings.
