Life on the Ohio James Coomer, 2021-12-14 When young James Coomer was offered a job as deckhand on the tugboat Pat Murphy at a dollar an hour, he took his first smell of diesel fuel and knew he was hooked. Life on the Ohio puts the reader in the pilot's seat as Coomer wrestles with runaway barges, navigates through ice and fog, pacifies angry crew members, and contends with the loneliness of working a thirty-day stretch. A modern counterpart to Twain's account of life as a steamboat pilot, Life on the Ohio depicts the working river as it is today with its immense towboats, gigantic locks and dams, and millions of tons of cargo. Coomer captures the movement of the boats and the colorful language of river people. Coomer admits that he stuck at his job not for money but for love of the river and his work. Over the years I had experiences I wouldn't trade for a barge full of gold, he says, and that's what this book is all about.

Canan Tolon: Loss Erdem Ceylan, 2022-06-01 Focusing on a single work from the Arter Collection in each title, Arter Close-Up Series offers an in-depth look at Canan Tolon's work titled Loss (1988-2010), following Sarkis: Çaylak Sokak written by Emre Baykal and David Tudor & Composers Inside Electronics, Inc. (John Driscoll and Phil Edelstein): Rainforest V (variation 3) by Melih Fereli. The publication, which also draws on the display of the installation as part of the group exhibition Precaution (03/06/2021-20/02/2022) curated by Emre Baykal at Arter, features a comprehensive interpretive text written by Erdem Ceylan. In her installation Loss, Tolon gives another chance to her works that were damaged during the San Francisco Bay Area earthquake of 1989, suffered from shipping accidents due to improper packaging, or were affected by inadequate storage conditions which render them worthless in terms of their market and exhibition value. Adopting an experimental approach, Ceylan explores Tolon's work in the form of an Ancient Greek tragedy by "damaging" and transforming the set of literary conventions peculiar to this form through a postmodern technique. Proceeding with the

dialogues of two characters, Hephaistos and Daidalos, who were locked in Arter overnight because the closing time of the exhibitions had passed, but turned this state into an occasion to start a discussion on art and life, the book provides a context that can convey the love-hate relationship between the “artistic” ego seeking permanence and immortality and the alter ego which is at peace with life. The third book of the series, designed by Esen Karol, includes installation photographs by flufoto (Barış Aras and Elif Çakırlar), as well as close-up images that interpret the idea of loss with more detail.

Oresteia Aeschylus,1982 The most famous series of ancient Greek plays, and the only surviving trilogy, is the Oresteia of Aeschylus, consisting of the Agamemnon, Choephoroe ('Libation Bearers') and Eumenides ('Kindly Ones'). These three plays recount the murder of Agamemnon by his queen Clytemnestra on his return from Troy with the captive Trojan princess Cassandra; the murder in turn of Clytemnestra by their son Orestes; and Orestes' subsequent pursuit by the Avenging Furies (Eumenides) and eventual absolution. There has been no shortage of translations and adaptations of the Oresteia, but such are the poetic complexities of Aeschylus' language and the remoteness of the world he depicts that they mostly fall far short of either the literal meaning or the spirit of the original. This translation by an eminent scholar stays as close to the text as English idiom will allow and is perfectly adapted to the student's needs. Notes elucidate the difficulties, and introductions to each play set the trilogy against the background of Greek religion as a whole and Greek tragedy in particular, presenting a true assessment of Aeschylus' dramatic art.

The Woo-Woo Lindsay Wong, 2018-11-13 In this jaw-dropping, darkly comedic memoir, a young woman comes of age in a dysfunctional Asian family whose members blamed their woes on ghosts and demons when in fact they should have been on anti-psychotic meds. Lindsay Wong grew up with a paranoid schizophrenic grandmother and a mother who was deeply afraid of the "woo-woo"—Chinese ghosts who come to visit in times of personal turmoil. From a young age, she witnessed the woo-woo's sinister effects; at the age of six, she found herself living in the food court of her suburban mall, which her mother saw as a safe haven because they could hide there from dead people, and on a camping trip, her mother tried to light Lindsay's foot on fire to rid her of the woo-woo. The eccentricities take a dark turn, however, when her aunt, suffering from a psychotic breakdown, holds the city of Vancouver hostage for eight hours when she threatens to jump off a bridge. And when Lindsay herself starts to experience symptoms of the woo-woo herself, she wonders whether she will suffer the same fate as her family. On one hand a witty and touching memoir about the Asian immigrant experience, and on the other a harrowing and honest depiction of the vagaries of mental illness, *The Woo-Woo* is a gut-wrenching and beguiling manual for surviving family, and oneself.

Dispensing Justice Fritz Freiheit, 2011 Michael is just another high school freshman genius concealing his potential until the day his father--secretly a superhero and member of the crime fighting Nova League, is killed in battle. Suppressed grief turns to confusion when a nearly perfect duplicate of his father picks Michael up after school. At home they find Michaels mother is on the brittle edge of a breakdown, refusing to acknowledge that she too saw her husband die and playing along with the duplicates charade. A family melt-down is averted by the timely arrival of Michaels oldest friend Penny and her family armed with a casserole, salad, and pie. Pennys mother--another secret member of the Nova League--imposes domestic peace with the same practiced ease that she fights supervillains, albeit with fewer broken bones. In the days that follow, Michael only wants to retreat to the secret lab beneath his suburban home and prepare for vengeance upon his fathers killers. A run-in with members of the varsity football squad leads to a pummeling and the realization that fitting into his fathers old battle-suit isnt the only leverage he needs. He needs a master plan for wreaking justice. Falling for the blind daughter of his martial arts instructor isnt part of the plan, nor is fending off the well-meaning attacks of Pennys twin younger siblings before they fatally cheer him up. His life and the plan become more complex as his best friend starts to develop powers, and doubly so when he finds out that his fathers legacy was more than just a battle-suit and a place to hang it, but the well-being of the supers community as well. Michaels story plays out in Nova Genesis, a world that diverged from

ours in 1947 when a supernova bathed our system in deadly cosmic rays. Without the intervention of the interstellar civilization of the Galactics, life on Earth would have been wiped out. Instead, humanity is altered, a few made more--or less--than human. Thirty-seven years later the second generation of supers born on Earth are starting to come into their powers. Michael and his friends, some reluctantly, some enthusiastically, find themselves becoming part of a new generation of heroes.

Percy Jackson and the Olympians: Wrath of the Triple Goddess Rick Riordan,2024-09-24 In his continuing quest to earn college recommendation letters from the gods, Percy has to pet sit the goddess Hecate's polecat and giant mastiff during Halloween week. What could go wrong? Rick Riordan's newest Percy Jackson adventure is full of hilarious set pieces, a diverse cast of gods and monsters, and many other delightful tricks and treats. Percy Jackson, now a high school senior, needs three recommendation letters from the Greek gods in order to get into New Rome University. He earned his first one by retrieving Ganymede's chalice. Now the goddess Hecate has offered Percy another "opportunity"—all he has to do is pet sit her polecat, Gale, and mastiff, Hecuba, over Halloween week while she is away. Piece of cake, right? Percy, Annabeth, and Grover settle into Hecate's seemingly endless mansion and start getting acquainted with the fussy, terrifying animals. The trio has been warned not to touch anything, but while Percy and Annabeth are out at school, Grover can't resist drinking a strawberry-flavored potion in the laboratory. It turns him into a giant frenzied goat, and after he rampages through the house, damaging everything in sight, and passes out, Gale and Hecuba escape. Now the friends have to find Hecate's pets and somehow restore the house, all before Hecate gets back on Saturday. It's going to take luck, demigod wiles, and some old and new friends to hunt down the animals and set things right again.

The temptation to project his resentment onto others slowly fades beneath the pressure of the love and inspiration he finds in his two neighbors, putting James on track to someday become a man of God.

Persephone Incarnate Jin Ni,2014-02-15 Greek myths - true or false? They should be false, and to 16-year-old Sophie

Claire, it's never crossed her mind that they aren't. Until one day in History class when her teacher spends a day on Greek mythology and something strange starts happening - her friends and classmates begin to tell myths about certain Greek deities with frightening precision. And for some reason, she's began to feel a certain affinity for Persephone, the Greek maiden who was kidnapped by Hades, the Lord of the Underworld, and forced into a marriage with him. This isn't some coincidence or freak dream, she later finds out from a host of strange individuals who claim they're from Olympus, the grandiose home of the gods themselves. She is actually a modern reincarnation of the goddess Persephone, and she's not the only one. A few of her classmates also happen to represent the gods and goddesses from popular Greek myths, and the fact that all of them are present means that something monumental is about to happen.

Earth 1 Johan Adkins, Patricia Landy, 2010-09-30 Ariane Selph was chosen by the Rainbow World Record Keeper crystal to unlock the secrets of Rainbow World, a world sitting one half dimension away, sharing a common sky with Earth. Even the Lemp historians from Rainbow World, responsible for the crystal's programming, could not have predicted that Ariane would be an open conduit to the crystal at such a young age. Instead of receiving only parts of the crystal's programming, she has it all now. Ariane needs to talk to Spero Zexas, the Elfin Walker Bearer, before her brain explodes with the information she must pass. She is receiving desperate messages in her dreams from someone named Aeneas, and he says he's from Earth 2. When the twelve astral travelers visited Rainbow World to help save it from Earth's pollution, the Dragon called Sentinel referred to Earth as Earth 1. They all wondered why. Now Ariane knows why, and the information that she must pass is too shocking, confusing, and overwhelming for a mere twelve year old to hold inside. Nobody will believe what she has to say...she doesn't believe it herself!
