Ikea 2003 Ikea (Firm), 2002 Furniture and accessories for homes.

[The Book of Home Design](#) Anoop Parikh, Trevor Richards, 1997 With an emphasis on the clean and simple style with which IKEA has made its name, this book takes the mystery out of planning and decorating a home. It caters for both small space living and larger houses and each chapter focuses on a different room, including home office space and children's rooms. Throughout, tips and problem-solving solutions are given for such key design considerations as lighting, storage and colour co-ordination, step-by-step illustrations teach specialist techniques for a wide range of projects.

[Unpacking IKEA](#) Pauline Garvey, 2017-11-23 This book represents the first anthropological ethnography of Ikea consumption and goes to the heart of understanding the unique and at times frantic popularity of this one iconic transnational store. Based on a year of participant observation in Stockholm's Kungens Kurva store - the largest in the world - this book places the retailer squarely within the realm of the home-building efforts of individuals in Stockholm and to a lesser degree in Dublin. Ikea, the world's largest retailer and one of its most interesting, is the focus of intense popular fascination internationally, yet is rarely subject to in-depth anthropological inquiry. In Unpacking Ikea, Garvey explores why Ikea is never 'just a store' for its customers, and questions why it is described in terms of a cultural package, as everyday and

classless. Using in-depth interviews with householders over several years, this ethnographic study follows the furniture from the Ikea store outwards to probe what people actually take home with them.
