The Shekhinah Is Coming Valjean Tchakirides, 2011-02-02 The Shekhinah is Coming offers a comprehensive, detailed, and mind-expanding study of ancient wisdom that includes sacred text to illuminate these teachings and breaks down some of the religious boundaries that continue to separate mankind. It offers an opportunity to expand the thought process by blending the enshrouded mysteries of ancient wisdom with history, science, sacred geometry, myths, and legends. Author Valjean Tchakirides demonstrates that the three major religions are more alike than different, illustrating their shared beginnings. We are all connected to God, as is revealed in the ancient texts of the Bible and the Quran. The life of Jesus is described as set in the constellations to be forever constant and seen without any religious oversight. It makes clear that the old laws no longer exist and only two laws remain to be followed. Those two laws are about one thing and only one thing LOVE. The Shekhinah is Coming presents a circular study of the Divine plan that ends where it begins in light. It also offers an explanation of the recent NASA discoveries and how they relate to 2012 and Jerusalem. Living In the Land of the Uprights Kathaleen Sorensen,2024-07-30 I strive to create an example of all that I can be so that others in my situation can see disability for what it is. Disability does not separate me from anyone. All people are disabled, and only some are temporarily enabled. Everyone will age. Everyone will need a little help. If people understand this, then all are equal. - Thomas Thomas is a brilliant student, an advocate for people with special needs, and a loving son and brother. He has a rare form of muscular dystrophy that over a short time leaves him completely, physically helpless. He cannot roll over, swat away flies, or feed himself, and he requires 24/7 care. But despite his daily challenges, Thomas never lets his disability get in the way. Always quick with a joke, he's eternally optimistic, finds the positive in any situation, and looks out for those around him, trying to make their day better. In *Living in the Land of the Uprights*, Thomas's mother, Kathy, recounts Thomas's journey as their family faces uphill battles navigating doctor's appointments, visits to emergency rooms, advocating for funding, and fighting for equal rights for Thomas. A close-knit family, they celebrate successes and support each other through heartbreak. In his time on earth, Thomas faces the world on his terms and wows everyone he encounters, never taking no for an answer and lobbying to move across the country to follow his dream. He and his family have no idea of the powerful impact he will have and how he will change so many lives. When you read this book, not only will you feel the pure blissful passion of Thomas's life story, but you will also learn how to leave a legacy that will live forever as Thomas has done ... through kindness, perseverance, and humour.
