**Leadership Through Hell and High Water** Jean-Marc Guillaumot, 2024-10-04 In 2016, wildfires devastated Fort McMurray, Alberta. Eighty Six thousands residents were displaced, and twenty-four hundred homes and buildings were destroyed. With almost \$9 billion in damages, it's recognized as the most expensive natural disaster in Canadian history. During this time, author Jean-Marc Guillaumot managed eight hotels in the city and was responsible for getting patrons and his teams to safety. Four years later, Fort McMurray faced the unimaginable once more: floods due to icepacks obstructing the surrounding rivers. Based on research and personal logs reflecting on these events, *Leadership through Hell and High Water* is an introductory guide to crisis management and leadership principles. Filled with practical advice and useful strategies, this book outlines essential information in a direct way to get to the heart of the matter. The material is transferrable and adaptable to any leadership role and situation. Guillaumot's break down of a crisis into three key parts—yourself, us, and others—is the backbone to working effectively as a team and individually. More than anything, this handbook demonstrates a skill that can't be taught: the resiliency of the human spirit. With an everchanging climate, natural disasters are on the rise. We can't always predict where they'll occur, but we can be prepared. Crisis management, whether it's responding to a natural disaster or another form of emergency, is an essential skill every leader must have.

*So, You Want to Be a Leader?* Patricia Wooster, 2016-08-02 There are a myriad of ways kids today can not only grow up to become the leaders of tomorrow but start leading right now. Covering everything from well known professions like school superintendent, and working in government, to the not-so-well-known professions like becoming an entertainment leader or spiritual advisor, Wooster uncovers a treasure trove of opportunity for kids to assert themselves now and in the future.

A Darkly Radiant Vision Gary Dorrien, 2023-07-25 The third and final volume in the first comprehensive history of Black social Christianity, by the "greatest theological ethicist of the twenty-first century" (Michael Eric Dyson) The Black social gospel is a tradition of unsurpassed and ongoing importance in American life, argues Gary Dorrien in his groundbreaking trilogy on the history of Black social Christianity. This concluding volume, an interpretation of the tradition since the early 1970s, follows Dorrien's award-winning *The New Abolition: W. E. B. Du Bois and the Black Social Gospel* and *Breaking White Supremacy: Martin Luther King Jr. and the Black Social Gospel*. Beginning in the shadow of Martin Luther King Jr., Dorrien examines the past fifty years of this intellectual and activist tradition, interpreting its politics, theology, ethics, social

criticism, and social justice organizing. He argues that Black social Christianity is today an intersectional tradition of discourse and activist religion that interrelates liberation theology, womanist theology, antiracist politics, LGBTQ+ theory, cultural criticism, progressive religion, broad-based interfaith organizing, and global solidarity politics. *A Darkly Radiant Vision* features in-depth discussions of Andrew Young, Jesse Jackson, Samuel DeWitt Proctor, Gayraud Wilmore, James Cone, Cornel West, Katie Geneva Cannon, Stacey Floyd-Thomas, Traci Blackmon, William J. Barber II, Raphael G. Warnock, and many others.

**Leadership Matters** Thomas E. Cronin, Michael A. Genovese, 2015-11-17 Some leaders fundamentally alter the status quo whilst others guide quietly. Most leadership books emphasise specific rules, but Tom Cronin and Michael Genovese see leadership as filled with paradox. *Leadership Matters* offers a different view of leadership - one that builds community and responds creatively to new situations. Cronin and Genovese argue that leadership is about more than just charisma and set leaders on to a different path - to unleash the power of paradox.

**A More Perfect Union** Linda Sargent Wood, 2012-09-01 In 1962, when the Cold War threatened to ignite in the Cuban Missile Crisis, when more nuclear test bombs were detonated than in any other year in history, Rachel Carson released her own bombshell, *Silent Spring*, to challenge society's use of pesticides. To counter the use of chemicals--and bombs--the naturalist articulated a holistic vision. She wrote about a web of life that connected humans to the world around them and argued that actions taken in one place had consequences elsewhere. Thousands accepted her message, joined environmental groups, flocked to Earth Day celebrations, and lobbied for legislative regulation. Carson was not the only intellectual to offer holistic answers to society's problems. This book uncovers a sensibility in post-World War II American culture that both tested the logic of the Cold War and fed some of the twentieth century's most powerful social movements, from civil rights to environmentalism to the counterculture. The study examines important leaders and institutions that embraced and put into practice a holistic vision for a peaceful, healthful, and just world: nature writer Rachel Carson, structural engineer R. Buckminster Fuller, civil rights leader Martin Luther King Jr., Jesuit priest and paleontologist Pierre Teilhard de Chardin, humanistic psychologist Abraham Maslow, and the Esalen Institute and its founders, Michael Murphy and Dick Price. Each looked to whole systems instead of parts and focused on connections, interdependencies, and integration to create a better world. Though the '60s dreams of creating a more perfect world were tempered by economic inequalities, political corruption, and deep social divisions, this holistic sensibility continues to influence American culture today.

**Leadership From the Middle** Andy Hargreaves, 2023-08-17 In the face of a global pandemic, catastrophic weather events, war, racism, and attacks on democracy, how should educational leaders respond? How can leaders enable their schools and districts to be agile, safe, and effective places of learning that help young people develop the knowledge and character that will empower them to shape their futures? While some schools and districts have taken top-down or bottom-up

approaches, renowned education scholar Andy Hargreaves explores a new type of leadership – leadership from the middle – which becomes a driver of transformational change. Drawing from research with educational leaders across the United States, United Kingdom, and Canada, Hargreaves discusses a type of leadership that regards obstacles as opportunities, embraces leadership paradox, and is collaborative, inspiring, and inclusive. This ground-breaking book unpacks not only what this type of leadership looks like, but also how it is most effective in addressing complex problems and in educating young people to develop diverse global competencies to prepare them for their futures.

*The Audacity of Inclusion* Dulcie McCallum, 2024-10-28 One beautiful, surprisingly warm spring morning on the isolated islands of Haida Gwaii, an insight smacked Dulcie McCallum in the face with the force of an unexpected tsunami: at the heart of it all, the law was the culprit. Rather than promoting rights, the law was itself the taproot of injustice. For people with an intellectual disability, the law is what defines their disadvantage, not their disability. For every child diagnosed with the label of intellectual disability, there remains a certain lousy predictability to the way they will be treated by society and the prejudice that will haunt them. Officially labelled with the r-word, they have also been tagged with “imbecile” or “moron.” Often treated as objects of pity or charity, segregated in “special” schools, sheltered workshops, and institutions, they are consigned to the sidelines of society. Their erasure as full persons reached unimaginable heights during eugenics, which led to systemic sterilization and en-masse extermination. But fear is warranted, as pervasive victimization remains a threat. Their intentional exclusion has done—and continues to do—ineestimable damage. *The Audacity of Inclusion* will crack open the vault of injustices perpetrated against people who have an intellectual disability, helping shatter preconceptions and opening new ways of seeing people who are forced to live with a legally sanctioned label. In telling their stories, Dulcie had the support and wisdom of self-advocates Canadians Barb Goode, Harold Barnes, and “Sir” David Weremy, and New Zealander the late Sir Robert Martin, each of whom made invaluable contributions.

**The Struggle for Justice, Equity, and Peace in the Global Classroom** McClean, Marva, 2023-06-23 In the current state of global upheaval with the rallying call for human rights and justice for people who have been historically marginalized, the curriculum must be decolonized to ensure that children identified as marginalized and at risk are receiving an equitable education that is based on respect and acceptance of their cultural heritage as well as their human rights. *The Struggle for Justice, Equity, and Peace in the Global Classroom* investigates the global classroom as a site of transformation for educators who dare to take action to replace oppressive and repressive practices with emancipatory strategies grounded in critical consciousness. The book’s contents convey the pluralism that defines America and the world, investigating how educators can re-envision the future through an engagement with the past and an understanding of how the historical continuities of racial intolerance and social injustice continue to impact classroom teaching and the outcomes of children whose lives are shaped by the aftermath of slavery and oppression. Covering topics such as colonial education, inclusive

classrooms, and student agency, this premier reference source is an excellent resource for teachers, school administrators, literary scholars, community activists, teacher educators, preservice teachers, researchers, and academicians.

**The Papers of Martin Luther King, Jr., Volume V** Martin Luther King,1992 Volume 5 of the planned 14 volume series, brings us to a pivotal moment in the career of Dr King. After a visit to India in 1959 he revitalised the Southern Christian Leadership Conference & propelled himself to a leading role in the renewed activism of 1960.

**The Theory of Leadership** McKinley Johnson,2016-05-03 Can you imagine hearing a newly elected official taking the following oath of office: Do you solemnly swear that if you are not here to help us you at least won't hurt us? That may sound far-fetched, but it isn't. For the strength of any nation is directly related to the overall well-being of its citizens. In God's eyes, how well a nation's leaders treat those who have been marginalized by the larger society has more to do with the country's rise or fall than its political, military, or intellectual might. If you are concerned for the plight of humanity, this book is for you. Though written from a leader's perspective, its biblical principles and practices are universal. You will see which personal characteristics cause a leader to rise or fall. From that, you will gain valuable leadership tools for yourself by learning how other leaders have been able to garner the favor of God during difficult leadership situations.

**Lifeboat Leadership** Niña Ellison,2019-09-19 Many of today's youngest leaders feel as though they have left the stability of the mainland to lead from resource-laden lifeboats. Keeping an eye on the horizon they seek strategies that will guide them to significance. Riding the waves of innovation and unprecedented change these leaders are in pursuit of making

a difference while, at the same time, uncovering a need to understand more about what matters to them. Lifeboat Leadership offers a simple framework that embraces timeless truths designed to empower leaders to move beyond themselves, pursue inclusiveness, and, perhaps, rediscover the value of grace.

Musings on Leadership William Singleton, 2022-08-01 Leadership is a much talked about and highly sought after thing. Yet, it is hard to quantify because it is part art and part science, and most situations that require it call for a mad scientist's mixture of both. In this book, William J. Singleton covers some bedrock principles and insights concerning the essence of leadership that he has garnered in almost 50 years of life, 18 years of law enforcement work, and 27 years of service in the world's premier and most highly leadership focused military fighting force. He also relates some fundamental truths about leadership and provides advice on how to execute it successfully.

The Leadership Philosophy of Dr. Martin Luther King, Jr Joseph Carpenter, 1978

**Focus in Action Is Great Leadership** Belinda Johnson White Ph.D., 2017-02-01 Looking for a leadership development model for the millennial generation designed to build them into leaders and professionals ready to address 21st century challenges? It's in your hands! Through the Johnson White Leadership Model (JWLM) this book combines leadership development AND professional development AND shares the secrets to executive level leadership all with a focus on social conscience driven by faith, ethics, and diversity. Articulated as "FOCUS + ACTION = Great Leadership," the JWLM concisely outlines the intrapersonal, interpersonal, and leadership skills that result in the betterment of individuals, groups, organizations, and society as a whole. The JWLM is inspired by the work of Morehouse College sixth president, Dr. Benjamin E. Mays, mentor to Dr. Martin Luther King Jr. Dr. Mays said, "...we are all called by God to human betterment and enrichment. If we fail on those scores, we disappoint God, break his heart, and make Him cry."

**Managing Yourself and Others During Crises** Walter S. Polka, John E. McKenna, Monica J. VanHusen, 2022-09-14 Managing Yourself and Others During Crises: Key Leadership Visions, Approaches, and Dispositions to Survive and Thrive is about managing yourself and others during crisis situations like the recent unprecedented global pandemic that promulgated chaos in the operations of most human societies and institutions including family structures, educational procedures and practices, work relationships and settings, religious observances, governmental functions, protocols, and processes. This book provides insights based on the knowledge and experiences of practicing leadership and policy experts about keeping organizations functioning, as best as possible, during crises situations. They articulate practical approaches based on sound leadership research for ensuring that the people, things, and ideas of seminal societal institutions like education not only survive the crisis but also continue to thrive. Key leadership visions, approaches, and personal dispositions to cope with such monumental and unexpected changes are presented by chapter authors who not only studied crises situations but also personally lived through them and appropriately managed themselves and others using various comprehensive strategies,

techniques, and coping mechanisms based on leadership best practices in educational organizations.

**The Spirit of American Liberal Theology** Gary Dorrien, 2023-09-05 The Spirit of American Liberal Theology is an interpretation of the entire U.S. American tradition of liberal theology. A highly condensed and far-more-accessible summary of Gary Dorrien's three-volume trilogy, The Making of American Liberal Theology (Westminster John Knox Press 2001, 2003, and 2006), Dorrien here presses the argument that the most abundant, diverse, and persistent tradition of liberal theology is the one that blossomed in the United States and is still refashioning itself. While discussions of English and German liberalism persist, new material includes expanded treatment of the Black social gospel, the Universalists, developments into early 2020s, and a robust expression of the author's post-Hegelian liberal-liberationist perspective.
