New York Times Book Review What's the point of giving someone a beautiful death if you can't give yourself a beautiful life? After the beloved grandfather who raised her dies alone while she is traveling, Clover becomes a death doula in New York City, dedicating her life to ushering people peacefully through their end-of-life process. Clover spends so much time with the dying that she has no life of her own, until the final wishes of a feisty old woman send Clover on a trip across the country to uncover a forgotten love story--and perhaps, her own happy ending. As she finds herself struggling to navigate the uncharted roads of romance and friendship, Clover is forced to examine what she really wants, and whether she'll have the courage to go after it. Probing, clever, and hopeful, *The Collected Regrets of Clover* is perfect for readers of *The Midnight Library* and *Eleanor Oliphant is Completely Fine* as it turns the normally taboo subject of death into a reason to celebrate life.

Hard to say exactly when the human species fractured. Harder to say when this new talent arrived. But Lion Zorn, protagonist of Last Tango in Cyberspace, is the first of his kind—an empathy tracker, an emotional forecaster, with a felt sense for how culture evolves and the future arrives. It's also a useful skill in today's competitive business market. In The Devil's Dictionary, when a routine em-tracking job goes sideways and em-trackers themselves start disappearing, Lion finds himself not knowing who to trust in a life and death race to uncover the truth. And when the trail leads to the world's first mega-linkage, a continent-wide national park advertised as the best way to stave off environmental collapse, and exotic animals unlike any on Earth start showing up—Lion's quest for truth becomes a fight for the survival of the species. Packed with intrigue and heart-pounding action, marked by unforgettable characters and vivid storytelling, filled with science-based brilliance and cult comic touches, The Devil's Dictionary is Steven Kotler at his thrilling science fiction best.

Life isn't perfect, but it's comfortable. It all unravels when he takes a job working for a tea-obsessed cosmetics queen, the owner of Gautier Cosmetics. During the launch party for a new product, Riley finds his boss dead under suspicious circumstances, and the homicide detective is none other than Tadeo Martin, Riley's high school obsession who never knew he was alive. Tad drafts Riley to get the scoop on the inner workings of Gautier, and for Riley, it's like a drug. His natural inquisitiveness is rewarded with more and more Tad.
