Presenting numerous examples, the text introduces language divergence as the fundamental challenge to machine translation, emphasizes and works out word alignment, explores IBM models of machine translation, covers the mathematics of phrase-based SMT, provides complete walk-throughs of the working of interlingua-based and transfer-based RBMT, and analyzes EBMT, showing how translation parts can be extracted and recombined to automatically translate a new input.

Fantasy Fictions from the Bengal Renaissance Abanindranath Tagore,Gaganendranath Tagore,2018-06-09 Fantasy Fictions from the Bengal Renaissance presents two masterpieces of Bengali literature by Rabindranath Tagore's nephews, Abanindranath Tagore and Gaganendranath Tagore. The Make-Believe Prince is the delightful story of a king, his two wives, a trickster monkey, a witch, and a helper from another world who is not a 'fairy godmother'. Abanindranath deploys traditional children's rhymes and paints exquisite word-pictures in his original rendering of a tale which has its roots in Bengali folktale materials in various genres. Toddy-Cat the Bold sees a group of brave comrades seek help from a young boy to rescue the son of their leader from the Two-Faced Rakshasa of the forest. Here, a more numinous supernatural helper appears. Inspired by Lewis Carroll's Alice books, it presents a comic, exciting, and mysterious journey quite unlike Carroll's, with many traditional local touches and an unexpected ending.

Mother of My Heart, Daughter of My Dreams Rachel Fell McDermott,2001-06-28 This book chronicles the rise of goddess worship in the region of Bengal from the middle of the eighteenth century to the present. Focusing on the goddesses Kali and Uma, McDermott examines lyrical poems written by devotees from Ramprasad Sen (ca. 1718-1775) to Kazi Nazrul Islam (1899-1976).

Valuing Hindu Women's Domestic Shrine Traditions as Reproductive Labor Ashlee Norene Andrews,2024-10-07 Historically in middle-class Bengali Hindu households it has been the matriarch's responsibility to arrange and maintain the domestic shrine and to perform daily rituals of deity worship and caretaking—termed in this book as domestic shrine traditions. These traditions are often assimilated with the other domestic caretaking labor women are expected to complete for their families. Utilizing a years-long ethnography with Bengali American Hindu women, and drawing from Marxist feminist Social Reproduction Theory, this book argues that domestic shrine traditions are reproductive labor that is essential to the transnational and transgenerational sustenance of Hindu traditions and subjectivities. As the first monograph focused on Hindu women's domestic shrine traditions in the United States, this book illuminates both the value of these traditions for the women who maintain them, and how these traditions connect immigrant Hindus to family and ethno-religious identity in ways unmatched by the public Hindu temple or organization.

The Final Word Tony K Stewart,2010-04-21 The Gaudiya Vaisnava movement is one of the most vibrant religious groups in all of South Asia. Unlike most devotional communities that flourished in 15th-, 16th-, and 17th-century Bengal, however, the group had no formal founder. Today its devotees are uniform in their devotion to the historical figure of Krishna Caitanya (1486-1533), whom they believe to be not just Krishna incarnate, but Radha and Krishna fused into a single androgynous form. But Caitanya neither founded the community that coalesced around him nor named a successor. Tony Stewart seeks to discover how, with no central leadership, no institutional authority, and no geographic center, a religious community nevertheless comes to successfully define itself, fix its canon and flourish. He finds the answer in the brilliant hagiographical exercise in Sanskrit and Bengali titled the Caitanya Caritamrita (CC) of Krishnadasa Kaviraja.

Unforgetting Chaitanya Varuni Bhatia,2017-08-09 What role do pre-modern religious traditions play in the formation of modern secular identities? In *Unforgetting Chaitanya*, Varuni Bhatia examines late-nineteenth-century transformations of Bengali Vaishnavism—a vibrant and multifaceted religious tradition that traces its origins to the fifteenth century Krishna devotee Chaitanya (1486-1533). Drawing on an extensive body of hitherto unexamined archival material, Bhatia finds that both religious modernizers and secular voices among the Bengali middle-class invoked Chaitanya, portraying him simultaneously as a local hero, a Hindu reformer, and as God almighty. She argues that these claims should be understood in relation to the recovery of a pure Bengali culture and history in a period of nascent, but rising, anti-colonialism in the region. Who is a true Vaishnava? In the late nineteenth century, this question assumed urgency as debates around questions of authenticity appeared prominently in the Bengali public sphere. These debates went on for years, even decades, causing unbridgeable rifts in personal friendships and tarnishing reputations of established scholars. Underlying these debates was the question of authoritative Bengali Vaishnavism and its role in the long-term constitution of Bengali culture and society. At stake, argues Bhatia, was the very nature and composition of an indigenously-derived modernity inscribed through the politics of authenticity, which allowed an influential section of Hindu, upper-caste Bengalis to excavate their own explicitly Hindu pasts in order to find a people's history, a religious reformer, a casteless Hindu sect, the richest examples of Bengali literature, and a sophisticated expression of monotheistic religion.

Imperfect Solidarities Madhumita Lahiri,2020-11-15 A century ago, activists confronting racism and colonialism—in India, South Africa, and Black America—used print media to connect with one another. Then, as now, the most effective medium for their undertakings was the English language. *Imperfect Solidarities*: Tagore, Gandhi, Du Bois, and the Global Anglophone tells the story of this interconnected Anglophone world. Through Rabindranath Tagore's writings on China,

Mahatma Gandhi's recollections of South Africa, and W. E. B. Du Bois's invocations of India, Madhumita Lahiri theorizes print internationalism. This methodology requires new terms within the worldwide hegemony of the English language ("the global Anglophone") in order to encourage alternate geographies (such as the Global South) and new collectivities (such as people of color). The women of print internationalism feature prominently in this account. Sonja Schlesin, born in Moscow, worked with Indians in South Africa. Sister Nivedita, an Irish woman in India, collaborated with a Japanese historian. Jessie Redmon Fauset, an African American, brought the world home to young readers through her work as an author and editor. Reading across races and regions, genres and genders, *Imperfect Solidarities* demonstrates the utility of the neologism for postcolonial literary studies.

Required Reading Priyasha Mukhopadhyay, 2024-08-20 How ordinary forms of writing—including manuals, petitions, almanacs, and magazines—shaped the way colonial subjects understood their place in empire In *Required Reading*, Priyasha Mukhopadhyay offers a new and provocative history of reading that centers archives of everyday writing from the British empire. Mukhopadhyay rummages in the drawers of bureaucratic offices and the cupboards of publishers in search of how historical readers in colonial South Asia responded to texts ranging from licenses to manuals, how they made sense of them, and what this can tell us about their experiences living in the shadow of a vast imperial power. Taking these engagements seriously, she argues, is the first step to challenging conventional notions of what it means to read. Mukhopadhyay's account is populated by a cast of characters that spans the ranks of colonial society, from bored soldiers to frustrated bureaucrats. These readers formed close, even intimate relationships with everyday texts. She presents four case studies: a soldier's manual, a cache of bureaucratic documents, a collection of astrological almanacs, and a women's literary magazine. Tracking moments in which readers refused to read, were unable to read, and read in part, she uncovers the dizzying array of material, textual, and aural practices these texts elicited. Even selectively read almanacs and impenetrable account books, she finds, were springboards for personal, world-shaping readerly relationships. Untethered from the constraints of conventional literacy, *Required Reading* reimagines how texts work in the world and how we understand the very idea of reading.

India in Translation Through Hindi Literature Maya Burger, Nicola Pozza, 2010 What role have translations from Hindi literary works played in shaping and transforming our knowledge about India? In this book, renowned scholars, translators and Hindi writers from India, Europe, and the United States offer their approaches to this question. Their articles deal with the political, cultural, and linguistic criteria germane to the selection and translation of Hindi works, the nature of the enduring links between India and Europe, and the reception of translated texts, particularly through the perspective of book history. More personal essays, both on the writing process itself or on the practice of translation, complete the volume and highlight the plurality of voices that are inherent to any translation. As the outcome of an international symposium held at the University of Lausanne, Switzerland, in 2008, *India in Translation through Hindi Literature* engages in the building of critical histories of the encounter between India and the «West», the use and impact of translations in this context, and Hindi literature and culture in connection to English (post)colonial power, literature and culture.
