**The Man of Many Faces** Yovan Christenson,Olu Femi Olatula,Adafa Nimarud Nicol El,2009 Biography of the Rise and Fall of Dr Malachi Z York

The Nuwaubian Nation Susan Palmer,2016-12-05 The Nuwaubian Nation takes the reader on a journey into an African-American spiritual movement. The United Nuwaubian Nation has changed shape since its inception in the 1970s, transforming from a Black Hebrew mystery school into a Muslim utopian community in Brooklyn, N.Y.; from an Egyptian theme park into an Amerindian reserve in rural Georgia. This book follows the extraordinary career of Dwight York, who in his teens started out in a New York street gang, but converted to Islam in prison. Emerging as a Black messiah, York proceeded to break the Paleman's spell of Kingu and to guide his people through a series of racial/religious identities that demanded dramatic changes in costume, gender roles and lifestyle. Dr. York's Blackosophy is analyzed as a new expression of that ancient mystical worldview, Gnosticism. Referring to theories in the sociology of deviance and media studies, the author tracks the escalating hostilities against the group that climaxed in a Waco-style FBI raid on the Nuwaubian compound in 2002. In the ensuing legal process we witness Dr. York's dramatic reversals of fortune; he is now serving a 135-year sentence as his Black Panther lawyer prepares to take his case to the Supreme Court. This book presents fresh and important insights into racialist spirituality and the social control of unconventional religions in America.

Black Zion Yvonne Patricia Chireau,Nathaniel Deutsch,2000 This is an exploration of the interaction between African American religions and Jewish traditions, beliefs, and spaces. The collection's argument is that religion is the missing piece of

the cultural jigsaw, and black-Jewish relations need the religious roots of their problem illuminated.

Lightning from the East Adafa Nicol El,2020-05-20 This publication has been Re-edited and Re-adapted as a follow up to the 2005 Groundbreaking publication: The Man of Many Faces: PT. 1 & 2: Uncovering the Truth about Dr. Malachi Z. York by Yovan Christenson. In light of the ongoing events surrounding the imprisoned Nuwaubian leader Dr. Malachi. Z. York's as well as the Continued campaign of Slander, Misinformation and Character Assassination against him, such as the recent Slandorous and Historically inaccurate; People Magazine Investigates, Documentary; Cults: Season 1 Episode 6 entitled: The Nuwaubian Nation of Moors, aired on Discovery Channel, July 06, 2018. Additionally the new controversies surrounding the True identity of Afroo Oonoo and the scandal of Afrika Bambaataa's Homosexual allegations, have compelled us, as the Co-authors and Contributors of The Man of Many Faces book, to Revise, Re-examine the true history and life of Malachi York from a much deeper biographical perspective in order to once and for all set the Record Straight.

**NOBLE DREW ALI & THE MOORISH SCIENCE TEMPLE OF AMERICA. THE MOVEMENT THAT STARTED IT ALL** Sheik Way-El,2011-12-09 This book will take the reader on a journey to the early 1900's when the first man, Prophet Noble Drew Ali, did bring to the so called Negro, black, and colored, the first light of our lost knowledge of the east and founded the first Islamic organization in the United States. He would reveal to us our true identity of the Moabites whom are the Heralded Moors and he would teach us that we are not Negroes, Black Folks or Colored people because these names allude to slavery as they still do today. This is the first time in history that a book was dedicated to giving a public accounting of the history of Noble Drew Ali and the Moorish Science Temple of America insofar as the origins, the efflorescence, and the schism of the movement and the state of the Moorish nation today.

*Black Love Who Stole the Soul?* O'dera Ayodele,2018-07-19 In search of Identity explores the origins of the Black race clarifying the true identity of our people. The book uncovers the circular journey of a people who are doomed to repeat enslavement or ultimate destruction if they do not awaken to the truths about themselves. The author has always since childhood had a interest in the Whys of racism. Putting life aside to self- reach knowledge to find the truth of Why does racism exist? Its time to remove the blinders. This book has You Tube references so the reader can better understand the topics addressed. This book is highly recommended for teenagers because the educational system does not address Black history and religion in the proper context.

*Nuwaubian Pan-Africanism* Emeka C. Anaedozie,2019-12-03 This book examines the contemporary operational and theoretical parameters of Pan-Africanism and black nationalism in the post-civil rights era. It uses the Nuwaubian movement as a case study to explore this essential strand in African Diasporan history, culture, and tradition. The author argues that the Nuwaubian Nation, like their contemporaries such as the Nation of Islam, represents contemporary efforts of African

descendants to dialectically and culturally fight oppression. He argues that unlike the classical Back to Africa movements, the contemporary ones do not seek to primarily relocate to Africa, but to go to Africa culturally and bring back Africa to the diaspora. This effort can be seen in the Nuwaubian attempts at unearthing and importing classical African traditions, mores, and values in their various communities across the United States, especially in Eatonton, Georgia. Their aim was to chart an identity for their adherents and inspire racial pride for people of African descent.

*Metaphysical Africa* Michael Muhammad Knight, 2020-09-15 The Ansaru Allah Community, also known as the Nubian Islamic Hebrews (AAC/NIH) and later the Nuwaubians, is a deeply significant and controversial African American Muslim movement. Founded in Brooklyn in the 1960s, it spread through the prolific production and dissemination of literature and lecture tapes and became famous for continuously reinventing its belief system. In this book, Michael Muhammad Knight studies the development of AAC/NIH discourse over a period of thirty years, tracing a surprising consistency behind a facade of serial reinvention. It is popularly believed that the AAC/NIH community abandoned Islam for Black Israelite religion, UFO religion, and Egyptosophy. However, Knight sees coherence in AAC/NIH media, explaining how, in reality, the community taught that the Prophet Muhammad was a Hebrew who adhered to Israelite law; Muhammad's heavenly ascension took place on a spaceship; and Abraham enlisted the help of a pharaonic regime to genetically engineer pigs as food for white people. Against narratives that treat the AAC/NIH community as a postmodernist deconstruction of religious categories, Knight demonstrates that AAC/NIH discourse is most productively framed within a broader African American metaphysical history in which boundaries between traditions remain quite permeable. Unexpected and engrossing, *Metaphysical Africa* brings to light points of intersection between communities and traditions often regarded as separate and distinct. In doing so, it helps move the field of religious studies beyond conventional categories of "orthodoxy" and "heterodoxy," challenging assumptions that inform not only the study of this particular religious community but also the field at large.

*The Aliites* Spencer Dew, 2019-08-20 "Citizenship is salvation," preached Noble Drew Ali, leader of the Moorish Science Temple of America in the early twentieth century. Ali's message was an aspirational call for black Americans to undertake a struggle for recognition from the state, one that would both ensure protection for all Americans through rights guaranteed by the law and correct the unjust implementation of law that prevailed in the racially segregated United States. Ali and his followers took on this mission of citizenship as a religious calling, working to carve out a place for themselves in American democracy and to bring about a society that lived up to what they considered the sacred purpose of the law. In *The Aliites*, Spencer Dew traces the history and impact of Ali's radical fusion of law and faith. Dew uncovers the influence of Ali's teachings, including the many movements they inspired. As Dew shows, Ali's teachings demonstrate an implicit yet critical component of the American approach to law: that it should express our highest ideals for society, even if it is rarely perfect in practice. Examining this robustly creative yet largely overlooked lineage of African American religious thought, Dew provides

a window onto religion, race, citizenship, and law in America.

**The False Teachings of the Man from Planet Rizq** Hussain K. Muhammad-Sunjata, 2015-09-18 THIS book entails information from the book entitled man from planet Rizq. I have taken the time and energy, and meticulously challenged and debunked this mans information. I have literally taken just about every page that I though was worth challenging and extracted the lies and exposed them to be the best of my ability. The scope of his work was not only about him and his community, but also about freeing the minds of those who came in contact or will come in contact with these pathogenic teachings that seem to have premeated the nation. I also take the time to do Dawah (propagate Islam) towards the end of the book by dispelling myths like did the Vatican create Islam?, The Moon god Myth, did the prophet Muhammad really exist? I also show and prove diligently that this man is not from planet Rizq, He is not from the Sudan, or apart of the Al-Mahdi family. In this work Inshallah (God Willing) the reader will see for themselves the fraud unveiled and that his teachings are a hodgepodge of Sumerian, Akkadian, Babylonian and Hindu extractions wrapped with a miniscule amount of truth. Inshallah (God Willing) TRUTH HAS COME AND FALSEHOOD MUST VANISH.

**Storming Zion** Stuart A. Wright, 2016 Wright and Palmer explore the implications of heightened state repression and control of minority religions in an increasingly multicultural, globalized world.--Back cover.

*African Origin Found in Religion and Freemasonry* Kedar Griffio, Michael Berkley, 2013-02-26 In African Origin found in Religion and Freemasonry: Part II, Brother Griffio and Brother Berkley parallel these ancient arts and sciences to religion, everyday life, and the occults. Their in depth research uncovers how the ancient African practices are concealed behind religious characters and events currently being utilized in several cultural practices. Brother Griffio and Brother Berkley work to reawaken culturally the thinking minds of culturally deprived communities by demonstrating how ancient African arts and sciences can be utilized in modern times without adapting the total lifestyle of ancient Africans. They make a clear distinction between ancient tradition, and its use of modern arts and sciences.

**From Mythology to Reality: Moving Beyond Rastafari** Seon M. Lewis, 2013-10-19 The main thesis of this book is based on the Rastafarian Movement. This book presents information about this movement, in one place, that is largely not know by the many adherents of the faith. Moreover, this book presents a unique view of the Movement; a view embedded in a Grenadian Caribbean experience. This view, however, is not narrowly placed, but is argued within a wider world context, and, thus, explains whether the Rastafarian movement can be a force for good, both within the black community and the world at large. Editor and author Norm R. Allen Jr. said that This well-researched book expertly demolishes the ridiculous notion among Rastafarians that Emperor Haile Selassie of Ethiopia is God. Moreover, Lewis offers many excellent critiques of theism, the Bible, Rastafarianism, Afrocentric thought and religion in general. This book is informative to everyone.

**The Demise of Religion** Michael Stausberg, Carole M. Cusack, Stuart A. Wright, 2020-12-10 Why do religions fail or die?

Taking a multidisciplinary approach, this open access book explores this important question that has received little scholarly attention to date. International contributors provide case studies from the United States, England, Sweden, Japan, New Guinea, and France resulting in a work that explores processes of attenuation, disintegration, transmutation, death, and extinction across cultures. These include: instances where mass suicides or homicides resulted in religious dissolution; the fall of Mars Hills Church and its larger-than-life megachurch pastor, accused of plagiarism and bullying in 2012; the death of the last member of the Panacea Society in England in 2012; and the disintegration of Knutby Filadelfia, a religious community in Sweden with Pentecostal roots that ceased to exist in May 2018 after a pastor shot his wife. Combining case studies and theoretical contributions, *The Demise of Religion: How Religions End, Die, or Dissipate* fills a gap in literature to date and paves the way for future research. The eBook editions of this book are available open access under a CC BY-NC-ND 3.0 license on [www.bloomsburycollections.com](http://www.bloomsburycollections.com). Open access was funded by the Centre for Advanced Study at the Norwegian Academy of Science and Letters.

**Islam, Science Fiction and Extraterrestrial Life** Jörg Matthias Determann, 2020-09-17 The Muslim world is not commonly associated with science fiction. Religion and repression have often been blamed for a perceived lack of creativity, imagination and future-oriented thought. However, even the most authoritarian Muslim-majority countries have produced highly imaginative accounts on one of the frontiers of knowledge: astrobiology, or the study of life in the universe. This book argues that the Islamic tradition has been generally supportive of conceptions of extra-terrestrial life, and in this engaging account, Jörg Matthias Determann provides a survey of Arabic, Bengali, Malay, Persian, Turkish, and Urdu texts and films, to show how scientists and artists in and from Muslim-majority countries have been at the forefront of the exciting search. Determann takes us to little-known dimensions of Muslim culture and religion, such as wildly popular adaptations of Star Wars and mysterious movements centred on UFOs. Repression is shown to have helped science fiction more than hurt it, with censorship encouraging authors to disguise criticism of contemporary politics by setting plots in future times and on distant planets. The book will be insightful for anyone looking to explore the science, culture and politics of the Muslim world and asks what the discovery of extra-terrestrial life would mean for one of the greatest faiths.

**Apostate! No More Bazoo-dee: A Grenadian Quest to Think Outside the Box** Seon M. Lewis, 2015-10-13 Most (if not all) Grenadians have grown up hearing stories of la diablesse, lagahou and sookooyant. But have you ever wondered about the origin of these stories? This book just doesn't re-tell these stories. It traces their origins, and looks at them as being influential in helping shape our self-identity and our interpersonal relationship. In fact, this book examines and critiques aspects of the Grenadian sociocultural and sociopolitical culture that seek, in many ways, to minimize and suppress the individual's search for self-identity especially as he or she tries to pursue knowledge that appears to be outside the socially accepted. In doing so, this book follows the author's journey as he analyzes old ideas and engaged with new ones. Also

central to this book is that it seeks to help the individual develop his or her moral and ethical awareness.

**Do Freemasons Worship Lucifer?** Kedar Griffo, Michael Berkley, 2011-06-12 Freemasons are accused of worshipping Lucifer. This book examines the concept of Lucifer, and its effect on everyday life. There is more than meets the eye, so we present the true purpose and meaning of Lucifer.

**The Devil Don't Want You to Know** Everett D. Griffin, 2009-06 This book was revealed within me when I began a self quest for Truth over ten years ago; the main theme of this book is Truth. For the most part Truth has been left out of many of our lives, due to our strict adherence to religious practices. This book contains information for the poor, well off and wealthy alike; compounding information and experiences gathered in my current life. My hope is that this book will be recognized as a tool, to point others in the True direction of the real Truth. It is only then, when one becomes enlightened to Truth; that a clear decision can be made by the self, as to finding ones True self, through the Tools found in ones self, in Truth. BIO: Seer Ashlamaz was born and raised in the windy city of Chicago, IL. As all who are sons and daughters of the Most High God, prophet began preaching to sick and shut in elderly at the age of eight years old. Prophet did as many, being one of the actual prodigal sons, and returned to his Father in 1996 with a tenacity that was not the normal. In his many journeys prophet has experienced one resurrection and the healing of hundreds. Having a strong prophetic anointing caused him to be misunderstood, until he was enlightened to the True self, the etheric. After learning of himself, prophet became aware of his purpose on earth as one of the many sons of the Most High God. Having such a strong divine nature his only endeavor is to spread Truth. When asked what he saw as most important in the future of God's people, his only reply was, Truth.
