**Steve Ely**

*Ted Hughes* Joanny Moulin, 2005-08-16 This is the first collection of essays to be published since the poet's death. Continuing a tradition of more than thirty years of Ted Hughes studies, it gathers contributions by most of the major international Hughes scholars, voicing their critical preoccupations at the turn of the century. Over the years, academic criticism on the poetry of Ted Hughes has established some well-trodden paths, which this collection still strongly reflects, however, the productions of the latter Hughes, in poetry as well as in criticism, demand a revisiting of the critical discourse on his work. The biographical dimension, for instance, has gradually gathered momentum, and it is no longer possible to study the work of Ted Hughes without due reference to the life and work of Sylvia Plath. This book is, nonetheless, also motivated by the wish to bring some fresh blood to the Hughes studies by politely rocking the boat of a rather comfortably established critical reception that has prided itself on being the mouthpiece of the poet's own ideological discourse. For this reason, some of the chapters in this collection belong to a continental European tradition that is resolutely foreign to the former partisanships. For all that, *Ted Hughes: Alternative Horizons* suggests that steering clear of the polemical ruts dug by fans and detractors alike can only benefit the future of scholarly studies devoted to a great poet.

The Poetry of Ted Hughes Dr. Paul Bentley, 2014-07-22 This text provides a lucid and accessible introduction to the poetry of Ted Hughes, a major figure in twentieth-century poetry whose work is concerned with the forces of nature and their interaction with the human mind. It is also the first full length study to place Hughes's poetry in the context of significant developments in literary theory that have occurred during his life, drawing in particular on the 'French theorists' - Jacques Lacan, Julia Kristeva, and Roland Barthes. The study sheds new light on Hughes's prosody, and on such matters as Hughes's relation to the 'Movement' poets, the influence of Sylvia Plath, his relation to Romanticism, his interest in myth and shamanism, and the implications of the Laureateship for his work. The poems are presented in chronological order, tracing the development of Hughes's highly distinctive style. The study also discusses Hughes's recently published non-fiction - *Winter Pollen* (1994) and *Shakespeare and the Goddess of Complete Being* (1992). *The Poetry of Ted Hughes* is indispensable for all students and academics interested in contemporary poetry and culture.

**Drafting and Assessing Poetry** Sue Dymoke, 2003-04-14 Based on theory but with a practical dimension, the book engages readers in current critical debates about poetry teaching and its place in an assessment-driven curriculum.

**The Poetry of Ted Hughes** Sandie Byrne, 2014-08-15 This Reader's Guide charts the reception history of Ted Hughes' poetry from his first to last published collection, culminating in posthumous tributes and assessments of his lifetime achievement. Sandie Byrne explores the criticism relating to key issues such as nature, myth, the Laureateship, and Hughes' relationship with Sylvia Plath.

*Ted Hughes: Environmentalist and Ecopoet* Yvonne Reddick, 2017-09-06 This book is the first book devoted entirely to Hughes as an environmental activist and writer. Drawing on the rapidly-growing interest in poetry and the environment, the book deploys insights from ecopoetics, ecocriticism and Anthropocene studies to analyse how Hughes's poetry reflects his environmental awareness. Hughes's understanding of environmental issues is placed within the context of twentieth-century developments in 'green' ideology and politics, challenging earlier scholars who have seen his work as apolitical. The unique strengths of this book lie in its combination of cutting-edge insights on ecocriticism with extensive work on the British Library's new Ted Hughes archive. It will appeal to readers who enjoy Hughes's work, as well as students and academics.

*Ted Hughes, Class and Violence* Paul Bentley, 2014-04-24 Ted Hughes is widely regarded as a major figure in twentieth-century poetry, but the impact of Hughes's class background on his work has received little attention. This is the first full length study to take the measure of the importance of class in Hughes. It presents a radically new version of Hughes that challenges the image of Hughes as primarily a nature poet, as well as the image of the Tory Laureate. The controversy over 'natural' violence in Hughes's early poems, Hughes's relationship with Seamus Heaney, the Laureateship, and Hughes's revisiting of his relationship with Sylvia Plath in *Birthday Letters* (1998), are reconsidered in terms of Hughes's class background. Drawing on the thinking of cultural theorists such as Slavoj Žižek, Terry Eagleton, and Julia Kristeva, the book presents new political readings of familiar Hughes poems, alongside consideration of posthumously collected poems and letters, to reveal a surprising picture of a profoundly class-conscious poet.

*Poetry by Heart* Andrew Motion, 2014-10-02 Poetry by Heart - based on the hugely successful nationwide schools competition, 200 magical poems to learn by heart 'The poems we learn stay with us for the rest of our lives. They become personal and invaluable, and what's more they are free gifts - there for the taking' Simon Armitage Two years ago former Poet Laureate Andrew Motion had the idea of setting up Poetry by Heart - a nationwide annual competition for secondary schools which asked contestants to learn two or three poems and be judged on their recitations, first at school level, then regional, then in a national final held at London's National Portrait Gallery. It's proved a huge success, with hundreds of schools participating in the first year, and numbers up by 20% in the second. Coinciding with the start of the third year of competition, and published on National Poetry Day whose theme coincidentally in 2014 is Recitation, this Poetry by Heart anthology brings together the pool of poems - 200 altogether - from which contestants make their choices. Specially picked by Motion and his three co-editors, these poems make up a treasure house - of almost-unknown poems and familiar poems

from the mainstream; love poems and war poems; funny poems and heartbroken poems; poems that recreate the world we know and poems written on the dark side of the moon. And all chosen with a view to their being recited out loud. From William Wordsworth to Wilfred Owen, Emily Brontë to Elizabeth Bishop this wonderfully enjoyable anthology will be enjoyed by all ages and includes the best poets from the past to the present day. In a groundbreaking feature, the book includes QR codes which allow readers to use their mobile phones to listen to recordings of the poems - many of them specially recorded by the poets themselves. Sir Andrew Motion was Poet Laureate from 1999 till 2009, and is Professor of Creative Writing at Royal Holloway College, London. Jean Sprackland's *Tilt* won the Costa Poetry award in 2008. She is a Reader in Poetry at Manchester Metropolitan University. Julie Blake is co-Founder and Director of The Full English, an organization based in Bristol which provides support to teachers of English Literature. Mike Dixon is an educational consultant specializing in English in the classroom.

*Ted Hughes: New Selected Poems* Neil Roberts, 2007-01-01 This book opens with a section on Hughes's life, including an authoritative treatment of the relationship with Sylvia Plath and the effect of her suicide on his poetry and reputation, followed by a review of Hughes's artistic strategies, his poetic language, and influences on his work, including his openness to mythology and the poets of Eastern Europe. The body of the book offers an approach to reading *New Selected Poems* (1995), taking in turn each of the remarkable and remarkably varied works from which the poems were selected - *The Hawk in the Rain*, *Lupercal*, *Wodwo*, *Crow*, *Cave Birds*, *Season Songs*, *Gaudete*, *Remains of Elmet*, *Moortown Diary*, *River* and *Wolfwatching*. It concludes with a review of Hughes's reception, and a six-page bibliography.

**Ted Hughes and Trauma** Danny O'Connor, 2016-08-31 This book is a radical re-appraisal of the poetry of Ted Hughes, placing him in the context of continental theorists such as Jacques Lacan, Jacques Derrida and Slavoj Žižek to address the traumas of his work. As an undergraduate, Hughes was visited in his sleep by a burnt fox/man who left a bloody handprint on his essay, warning him of the dangers of literary criticism. Hereafter, criticism became 'burning the foxes'. This book offers a defence of literary criticism, drawing Hughes' poetry and prose into the network of theoretical work he dismissed as 'the tyrant's whisper' by demonstrating a shared concern with trauma. Covering a wide range of Hughes' work, it explores the various traumas that define his writing. Whether it is comparing his idea of man as split from nature with that of Jacques Lacan, considering his challenging relationship with language in light of Roland Barthes and Jacques Derrida, seeing him in the art gallery and at the movies with Gilles Deleuze, or considering his troubled relationship with femininity in regard to Teresa Brennan and Slavoj Žižek, *Burning the Foxes* offers a fresh look at a familiar poet.

*Ted Hughes's South Yorkshire* Steve Ely, 2015-08-26 Ted Hughes's *South Yorkshire* tells the untold story of Hughes's Mexborough period (1938-1951) and demonstrates conclusively that Hughes's experiences in South Yorkshire in town and country, educationally, in literature and love were decisive in forming him as the poet of his subsequent fame.

*New Essays in Deixis* ,2022-06-13 This volume presents some new work on deixis and, in particular, deixis in narrative and literature. Deixis has long held fascination for both philosophers and linguists alike, and increasingly it is seen as a fundamental element of discourse in works of a more literary-linguistic or stylistic nature. The aim of this book has been to gather and present material on deixis which is often referred to but has hitherto not received the space it warrants. The collection will be of interest to anyone working in linguistics and literary studies. There are essays on deictic processing, non-egocentricity, deictic worlds and the deictic categories. The more literary material focuses on modernist aesthetics, the poetic deictic persona, pronouns and narrative voice, and the problematic deixis of Keats's Odes.

The Work of Literature Derek Attridge,2015-03-26 What is distinctive about the cultural practice called 'literature'? How does it benefit individuals and society? How do literary works retain their importance and their capacity to give pleasure over decades and centuries? What constitutes responsible criticism? These are some of the questions addressed in this book, which develops the arguments put forward in Derek Attridge's influential study *The Singularity of Literature* (2004). Beginning with an extended cross-examination in the form of an interview addressing a range of topics relating to the work of literature (understood both as the activity of the writer and as the text itself) and the practices of literary reading and literary criticism, it asks what it means to 'do justice to' a work of literature, provides a full account of the concept of singularity, considers the problematic power of criticism, and advances an account of the role of context in the writing and reading of literary works. In other chapters it explores the issue of cultural difference in responses to literature, discusses the working of metaphor, questions the attribution of knowledge to literary works, and addresses the topics of affect and hospitality. The

book follows through the consequences of regarding the singular and inventive work of literature as an event that takes place anew each time it is read, providing an opening to an otherness excluded by prevailing cultural norms and habits of thought and feeling. Although the focus of the book is on literature, the arguments are relevant to all the arts, and engage with the thought of major aesthetic theorists in a number of traditions.

**The Ulster Renaissance** Heather Clark, 2006-04-06 Publisher description

Stylistics and the Teaching of Literature H.G. Widdowson, 2014-06-06 This volume forms part of the Applied Linguistics and Language Study collection that looks at the field of analysing and appreciating literary texts. First published in 1975, this text makes a considerable contribution to extending our view of the principles underlying language teaching and curriculum design. The author begins by distinguishing the idea that discipline from the pedagogic subject in order to demonstrate that stylistics is Janus like in the way it can be treated, for example, at school or university, as a way from linguistics to literary study or the reverse. To understand this bidirectionality he explains distinctions between the linguist's text and the critic's messages by introducing the concept of discourse as a means through which to understand the communicative value of passages of language.

*Ted Hughes, Sylvia Plath, and Writing Between Them* Jennifer D. Ryan-Bryant, 2022-02-07 Ted Hughes, Sylvia Plath, and *Writing Between Them: Turning the Table* examines early draft manuscripts and published poems by Ted Hughes and Sylvia Plath in order to uncover the compositional approaches that they held in common. Both poets not only honed the minutiae of individual poems but also reworked the shape of overall sequences in order to cultivate unique theories of an *ars poetica*. The book incorporates drafts of their work from Indiana University's Lilly Library, Emory University's Manuscripts, Archives, and Rare Books Library, Smith College's Mortimer Rare Book Room, and the British Library. After assessing the writing and revision strategies that the poets' early drafts reveal, the book investigates the material that they borrowed from one another and then reimagined through two major sequences: Plath's *Ariel* and Hughes's *Crow*. The book enhances its analysis of the poets' shared techniques by discussing several pairs of poems from *Ariel* and Hughes's *Birthday Letters* that respond to one another. Its final chapter also includes an evaluation of some of Hughes's unpublished journal entries and unpublished letters that comment on his last collection's public reception. In the conclusion, the author chronicles Hughes's and Plath's own remarks on their writing process as further evidence of their *ars poetica*.
