Possessed by the Right Hand Bernard K. Freamon, 2019-05-20 In *Possessed by the Right Hand*, the first comprehensive legal history of slavery in Islam ever offered to readers, Bernard K. Freamon, an African-American Muslim

law professor, provides a penetrating analysis of the problems of slavery and slave-trading in Islamic history. After examining the issues from pre-Islamic times through to the nineteenth century, Professor Freamon considers the impact of Western abolitionism, arguing that such efforts have been a failure, with the notion of abolition becoming nothing more than a cruel illusion. He closes this ground-breaking account with an examination of the slaving ideologies and actions of ISIS and Boko Haram, asserting that Muslims now have an important and urgent responsibility to achieve true abolition under the aegis of Islamic law. The Hero Journey in Literature Evans Lansing Smith,1997 This book provides an overview of the hero journey theme in literature, from antiquity to the present, with a focus on the imagery of the rites of passage in human life (initiation at adolescence, mid-life, and death). This is the only book to focus on the major works of the literary tradition, detailing discussions of the hero journey in major literary texts. Included are chapters on the literature of Antiquity (Sumerian, Egyptian, Biblical, Greek, and Roman), the Middle Ages (with emphasis on the Arthurian Romance), the Renaissance to the Enlightenment (Shakespeare, Milton, Marvell, Pope, Fielding, the Arabian Nights, and Alchemical Illustration), Romanticism and Naturalism (Coleridge, Selected Grimm's Tales, Brontë, Bierce, Whitman, Twain, Hawthorne, E.T.A. Hoffman, Rabindranath Tagore), and Modernism to Contemporary (Joyce, Gilman, Alifa Rifaat, Bellow, Lessing, Pynchon, Eudora Welty).

Elizabeth Sinkler Coxe's Tales from the Grand Tour, 1890-1910 Anne Sinkler Whaley LeClercq,2012-11-26 The international adventures of a southern widow turned patron of historical discovery Elizabeth Sinkler Coxe's Tales from the Grand Tour, 1890-1910 is a travelogue of captivating episodes in exotic lands as experienced by an intrepid American aristocrat and her son at the dawn of the twentieth century. A member of the prominent Sinkler family of Charleston and Philadelphia, Elizabeth Lizzie Sinkler married into Philadelphia's wealthy Coxe family in 1870. Widowed just three years later, she dedicated herself to a lifelong pursuit of philanthropy, intellectual endeavor, and extensive travel. Heeding the call of their dauntless adventuresome spirits, Lizzie and her son, Eckley, set sail in 1890 on a series of odysseys that took them from the United States to Cairo, Luxor, Khartoum, Algiers, Istanbul, Naples, Vichy, and Athens. The Coxes not only visited the sites and monuments of ancient civilizations but also participated in digs, funded entire expeditions, and ultimately subsidized the creation of the Coxe Wing of Ancient History at the University of Pennsylvania Museum. A prolific correspondent, Lizzie conscientiously recorded her adventures abroad in lively prose that captures the surreal exhilarations and harsh realities of traversing the known and barely known worlds of Africa and the Middle East. She journeyed through

foreign lands with various nieces in tow to expose them to the educational and social benefits of the Grand Tour. Her letters and recollections are complemented by numerous photographs and several original watercolor paintings.

The Sacred Bridge Anson F. Rainey,R. Steven Notley,2006 Of all the writings held sacred by the world's religions, only the Bible presents a message linked to geography. This is not just the location of religious centers but the experience of a people in its land, a people that has insisted on its God-given right to self-identity throughout the ages and in defiance of all forces that sought to deny it. All Jews and Christians who profess to find the source of their faith in these Scriptures look to the experiences of that people depicted in the Bible as examples and role models for their search after the Divine will and for their moral conduct among men. The religious experiences of that ancient people took place in relation to a geographical setting, generally a small postage stamp on the face of the globe, a patch of terrain in the southern part of the eastern Mediterranean littoral. The Bible is replete with geographical information, not as a guidebook for travelers or a textbook on geography, but often almost incidental to the message. Yet without the geography, that message is often obscured or vitiated for the uninformed reader. The present atlas seeks to introduce the reader to the geographical elements that can help to make real the social, historical and spiritual experience of the People of the Book. - Publisher.
