Thieves of Book Row Travis McDade,2013-06-07 No one had ever tried a caper like this before. The goods were kept in a secure room under constant scrutiny, deep inside a crowded building with guards at the exits. The team picked for the job included two old hands known only as Paul and Swede, but all depended on a fresh face, a kid from Pinetown, North Carolina. In the Depression, some fellows were willing to try anything--even a heist in the rare book room of the New York Public Library. In *Thieves of Book Row*, Travis McDade tells the gripping tale of the worst book-theft ring in American history, and the intrepid detective who brought it down. Author of *The Book Thief* and a curator of rare books, McDade transforms painstaking research into a rich portrait of Manhattan's Book Row in the 1920s and '30s, where organized crime met America's cultural treasures in dark and crowded shops along gritty Fourth Avenue. Dealers such as Harry Gold, a tough native of the Lower East Side, became experts in recognizing the value of books and recruiting a pool of thieves to steal them--many of them unemployed men who drifted up the Bowery or huddled around fires in Central Park's shantytowns. When Paul and Swede brought a new recruit into his shop, Gold trained him for the biggest score yet: a first edition of Edgar Allan Poe's *Al Aaraaf, Tamerlane and Minor Poems*. Gold's recruit cased the rare-book room for weeks, searching for a weakness. When he found one, he struck, leading to a breathtaking game of wits between Gold and NYPL special investigator G. William Bergquist. Both a fast-paced, true-life thriller, *Thieves of Book Row* provides a fascinating look at the history of crime and literary culture.

The Book Thief Travis McDade,2006 In the spring of 1994, Daniel Spiegelman shinnied up an abandoned book lift in Columbia University's Butler Library to get to the rare books floor where he then proceeded to dismantle a wall, steal books, reassemble the wall, and sneak back down the shaft. Over a three-month period he did this more than a dozen times. He eventually escaped with the loot - roughly \$1.8 million in books, letters and manuscripts - to Europe to sell to collectors. When he was caught in the Netherlands, he tried to avoid extradition to the U.S. by telling the Dutch authorities that he was a financier of the Oklahoma City bombing knowing they wouldn't extradite someone who was facing the death penalty. Eventually the FBI, through some wrangling, got him back to New York, where he finally stood trial for his crimes. In vivid

detail, including a retelling of the crimes, dialogue from the court transcripts, and explanations of the legal consequences and intricacies, McDade recounts all the sordid elements of this true crime caper.
