Seven Daze Charlie Wade,2013-05 Released from prison, and hacked off with a life of petty crime, Jim takes a new job: contract killing. But, what happens when your first hit fails? When the target has a heart attack before you can pull the trigger? Charlotte, a keen city worker, jumps to the victim's aid in the busy streets of South London. Should Jim carry out the contract and also kill Charlotte? What he shouldn't do is help her to save his life, that really won't impress the new boss. The man saved, Jim has a massive problem; he has to repay his advance, and also his boss expects compensation. Immediately. With seven days to make ten grand, Jim starts a one-man crime spree in the heart of the financial district. But will his budding relationship with Charlotte prove to be a help or a hindrance as he struggles to stay alive?

Chasing Charlie D J Sherratt,2014-07-07 What is Chasing Charlie? Exceptionally gifted blues guitarist Charlie Morningstar thinks he knows and he's spent 20 years on the road running from it. Performing for only a sophisticated audience raised on the same kind of classic jazz and blues that shaped his strong musical upbringing, Charlie Morningstar has more important goals than fame and fortune; Charlie Morningstar wants to stay alive! Denying him, his blues band and his brother the chance at superstardom, Charlie goes from one gig to another struggling to keep his eye on the road ahead while always looking back. His sanity begins to unravel until one roller coaster night when déjà vu and incredible serendipity converge to set Charlie on a new road that takes him to where the chase began. Charlie finds a greater reason to stay and is

reunited with an old family friend who has vast knowledge of his past, an offer for the present, and ideas about his future; all of which he's taking to his grave!

Hang 'Em High Bob Herzberg, 2013-08-29 For more than a century the Western film has proven to be an enduring genre. At the dawn of the 20th century, in the same years that The Great Train Robbery begat a film genre, Owen Wister wrote The Virginian, which began a new literary genre. From the beginning, both literature and film would usually perpetuate the myth of the Old West as a place where justice always triumphed and all concerned (except the villains) pursued the Law. The facts, however, reflect abuses of due process: lynch mobs and hired gunslingers rather than lawmen regularly pursued lawbreakers; vengeance rather than justice was often employed; and even in courts of law justice didn't always prevail. Some films and novels bucked this trend, however. This book discusses the many Western films as well as the novels they are based on, that illustrate distortions of the law in the Old West and the many ways, most of them marked by vengeance, in which its characters pursued justice.

The Spaces of Violence James Giles, 2006-04-09 Probes the interrelationship of violence and space in 10 contemporary American novels. James R. Giles examines 10 novels for the unique ways they explore violence and space as interrelated phenomena. These texts are Russell Banks's *Affliction*, Cormac McCarthy's *Outer Dark* and *Child of God*, Lewis Nordan's *Wolf Whistle*, Dorothy Allison's *Bastard Out of Carolina*, Don DeLillo's *End Zone*, Denis Johnson's *Angels*, Sherman Alexie's *Indian Killer*, Robert Stone's *Dog Soldiers*, and Bret Easton Ellis's *American Psycho*. These stories take place in settings as diverse as small towns, college campuses, suburbs, the brokerage houses and luxury apartments of Wall Street, football stadiums, Appalachian hills, and America's no-man's-land of Greyhound bus stations and highways. Violence, Giles finds, is mythological and ritual in many of these novels, whereas it is treated as systemic and naturalistic in others. Giles locates each of the novels he studies on a continuum from the mythological to the naturalistic and argues that they represent a fourthspace at the margins of physical, social, and psychological space, a territory at the cultural borders of the mainstream. These textual spaces are so saturated with violence that they suggest little or no potential for change and affirmation and are as degraded as the physical, social, and mental spaces out of which they emerge. A concluding chapter extends the focus of *The Spaces of Violence* to texts by Jane Smiley, Toni Morrison, Edwidge Danticat, and Chuck Palahniuk, who treat the destructive effects of violence on family structures.
