The Routledge Handbook on Global Community Corrections Ioan Durnescu,James M. Byrne,Benjamin J. Mackey,Faye S. Taxman,2024-06-25 The Routledge Handbook on Global Community Corrections assesses and analyzes the status of community corrections systems around the world, highlighting inter-regional and intra-regional variations in their design, implementation, and impact on policy and practice. Covering both probation and parole, this handbook brings together leading international experts to examine the myriad of systems developed under the broad heading of community corrections to manage community corrections populations at the pre-adjudication, adjudication, and post-release stages. Chapters are designed to consider the following questions: How many offenders are placed in community corrections systems around the globe? What are the key design features of these community corrections systems? What do we know about the effectiveness of community corrections within and across global regions? This is an essential reference text for all those engaged with community corrections, probation, and post-release policy in criminal justice.

La luz que me fue negada Juan Jiménez Fernández,2014-09-16 LA LUZ QUE ME FUE NEGADA es una obra ambientada en Andalucía, en la que sus personajes, huyendo de su pasado, se encuentran en un mismo cortijo. Tras muchos años de convivencia, van abriéndose dejando al descubierto la opacidad de sus historias personales. La protagonista es una niña ciega, hija de la autoridad del pueblo, muy amigo de la única persona por la que se dejaba dominar: el señor Felipe, dueño del cortijo. Una burguesía forjada por los prejuicios sociales, que permite que la niña de 14 años viva experiencias dramáticas cuando los sentimientos del amor se despiertan en ella. La novela es una obra donde el amor se vive en todas sus facetas: las más aberrantes como el incesto, la violación o el acoso; pero también el amor más tierno y apasionado.

The Global Impact of the COVID-19 Pandemic on Institutional and Community Corrections James M. Byrne,Don Hummer,Sabrina S. Rapisarda,2021-07-07 The authors of the chapters included in this volume provide preliminary answers

to questions such as: How extensive were COVID-19 outbreaks in prisons, jails, and community corrections systems globally? Which regions and countries reported the largest outbreaks? Why were prisons and jails found to be hot spots for the spread of COVID-19 in most countries? How did governments initially respond to COVID-19 outbreaks in their corrections systems? Did the mitigation strategies used in each country reduce the spread of the infection in the corrections system (both in prisons and jails, and in community corrections)? Did the corrections-focused mitigation strategies used in each country have a positive or an adverse impact on public health and public safety? How likely is it that the varied short-term mitigation strategies implemented by governments will result in long-term changes in corrections policies and practices? The book includes three chapters examining the global impact of the COVID-19 outbreaks, six regional overviews, and 27 country-specific reviews, including reviews targeting 21 of the 50 largest prison systems globally. This collection will be an excellent resource for researchers, policymakers, practitioners, and the general public interested in knowing more about the nature and extent of COVID-19 outbreaks in corrections systems globally, and about the diversity of responses developed and implemented by governments from each global region. The chapters in this book were originally published as a special issue of the journal *Victims & Offenders*.
