Tourism and ICTs: Advances in Data Science, Artificial Intelligence and Sustainability Antonio J. Guevara Plaza,Alfonso Cerezo Medina,Enrique Navarro Jurado,2024-06-24 This open-access book presents the best research papers from the XIV International Congress on Tourism and Information and Communications Technologies (TURITEC2023), held in Málaga, Spain from 19 to 20 October 2023. The book explores the profound impact of COVID-19 on the tourism industry and the increasing importance of digitalization and Information and Communication Technologies (ICTs) as key drivers for the industry's recovery, alongside sustainability. This curated collection of research papers offers conceptualizations, methodologies, analyses, and empirical case studies that illuminate the path to a resilient and sustainable future for tourism.

Communication and Applied Technologies Daniel Barredo Ibáñez,Laura M. Castro,Araceli Espinosa,Iván Puentes-Rivera,Paulo Carlos López-López,2024-02-22 This book features selected papers from the International Conference on Communication and Applied Technologies (ICOMTA 2023), jointly organized by the Colombian Association of Journalism and Science Communication (Colombia), and the Benemerita Universidad Autonoma de Puebla (Mexico); and as collaborators at the Universidad de Málaga (Spain), Universidade de Vigo (Spain), Universidade de Santiago de Compostela-Equipo de Investigaciones Políticas (Spain), Red Internacional de Gestión de la Comunicación (XESCOM),the International Media Management Academic Association (IMMAA), Red de Investigadores en Comunicación de Ecuador (RICE), and Observatorio Interuniversitario de Medios Ecuatorianos (OIME), during 6 - 8 September 2023. It covers recent advances in the field of digital communication and processes, digital social media, software, big data, data mining and intelligent systems.

Anales de economía aplicada 2024. Número XXXVII Carmen Victoria Escolano Asensi, La Asociación Internacional de Economía Aplicada ASEPELT fue creada en Madrid en 1986 por un grupo de investigadores, docentes y profesionales, españoles y extranjeros. En la actualidad forman parte de dicha Asociación una amplia representación de socios institucionales, entre los que se encuentran diversos centros y departamentos universitarios, además de otras entidades públicas y privadas. Así mismo, también cuenta con socios individuales. La Asociación tiene por objeto "organizar, promover y favorecer trabajos originales de carácter científico en el campo de la Economía Aplicada". Es importante destacar que entre sus miembros se encuentran especialistas de diversas materias, como Economía Española, Estadística, Econometría, Política

Económica, Empresa, Sector Público, Economía Internacional, Matemáticas, Economía Regional, etc., así como profesionales vinculados a la actividad económica y financiera. Las actividades de ASEPELT están orientadas a promover los avances científicos en el ámbito de la Economía Aplicada, fomentando el intercambio entre los socios, incluyendo publicaciones y reuniones científicas diversas. Resulta de interés la revista cuatrimestral Estudios de Economía Aplicada. Además, ASEPELT celebra un Congreso Anual, en el que se debaten y estudian diferentes temas de actualidad en su ámbito disciplinar, cuyas implicaciones, obviamente, afectan a todos los ámbitos de la vida económica y social, incluido el mundo financiero, desarrollo económico, relaciones económicas internacionales, actividad productiva, familia, consumo, bienestar social, etc. Durante varias décadas el Congreso ASEPELT ha sido un referente como lugar de encuentro de investigadores en el campo de la Economía Aplicada. Este año 2024, el XXXVII Congreso ASEPELT se celebra en la Universidad Miguel Hernández de Elche, bajo el título “Los nuevos desafíos de la política económica: reglobalización vs desglobalización”. Con este lema pretendemos movilizar diversas áreas de conocimiento dentro de la disciplina económica, que puedan interactuar y ofrecer avances en la investigación desde un enfoque de la economía aplicada.

Computational Intelligence and Mathematics for Tackling Complex Problems 2 María Eugenia Cornejo, László T. Kóczy, Jesús Medina-Moreno, Juan Moreno-García, 2022-01-15 This book collects the final versions of the highest quality papers presented at the conference 11th European Symposium on Computational Intelligence and Mathematics held on October 2-5, 2019, in Toledo (Spain). The conjugation of computational sciences with different mathematical tools is essential in order to solve different challenges that arise in a wide-ranging knowledge areas. Nowadays, many promising research lines are being developed in this direction from the theoretical and applicational perspectives. In this publication, computational intelligence and mathematics are combined in interesting research works that aim to give answers to complex real problems. Moreover, the technical program of this conference included four excellent keynote speeches, given by Prof. José Luis Verdegay (Guidelines to solve Decision Making Problems), Prof. Joao Paulo Carvalho (Recommender Systems: Using Fuzzy Fingerprints for ``Proper'' Recommendations), Dr. Andreja Tepavcevic (Special lattice valued structures and approximate solutions of linear equations), and Prof. Juan Moreno-Garcia (Generating linguistic descriptions using Linguistic Petri Nets).

Function Spaces and Inequalities Pankaj Jain, Hans-Jürgen Schmeisser, 2017-10-20 This book features original research and survey articles on the topics of function spaces and inequalities. It focuses on (variable/grand/small) Lebesgue spaces, Orlicz spaces, Lorentz spaces, and Morrey spaces and deals with mapping properties of operators, (weighted) inequalities, pointwise multipliers and interpolation. Moreover, it considers Sobolev-Besov and Triebel-Lizorkin type smoothness spaces. The book includes papers by leading international researchers, presented at the International Conference on Function Spaces and Inequalities, held at the South Asian University, New Delhi, India, on 11-15 December 2015, which focused on

recent developments in the theory of spaces with variable exponents. It also offers further investigations concerning Sobolev-type embeddings, discrete inequalities and harmonic analysis. Each chapter is dedicated to a specific topic and written by leading experts, providing an overview of the subject and stimulating future research.

Information Processing and Management of Uncertainty in Knowledge-Based Systems Davide Ciucci,Inés Couso,Jesús Medina,Dominik Ślęzak,Davide Petturiti,Bernadette Bouchon-Meunier,Ronald R. Yager,2022-07-04 This two-volume set (CCIS 1601-1602) constitutes the proceedings of the 19th International Conference on Information Processing and Management of Uncertainty in Knowledge-Based Systems, IIPMU 2021, held in Milan, Italy, in July 2022. The 124 papers were carefully reviewed and selected from 188 submissions. The papers are organized in topical sections as follows: aggregation theory beyond the unit interval; formal concept analysis and uncertainty; fuzzy implication functions; fuzzy mathematical analysis and its applications; generalized sets and operators; information fusion techniques based on aggregation functions, pre-aggregation functions, and their generalizations; interval uncertainty; knowledge acquisition, representation and reasoning; logical structures of opposition and logical syllogisms; mathematical fuzzy logics; theoretical and applied aspects of imprecise probabilities; data science and machine learning; decision making modeling and applications; e-health; fuzzy methods in data mining and knowledge discovery; soft computing and artificial intelligence techniques in image processing; soft methods in statistics and data analysis; uncertainty, heterogeneity, reliability and explainability in AI; weak and cautious supervised learning.

Fuzzy Logic and Technology, and Aggregation Operators Sebastia Massanet,Susana Montes,Daniel Ruiz-Aguilera,Manuel González-Hidalgo,2023-08-20 This book constitutes the proceedings of the 13th Conference of the European Society for Fuzzy Logic and Technology, EUSFLAT 2023, and 12th International Summer School on Aggregation Operators, AGOP 2023, jointly held in Palma de Mallorca, Spain, during September 4-8, 2023. The 71 full papers presented in this book were carefully reviewed and selected from 161 submissions. The papers are divided into special sessions on: Interval uncertainty; information fusion techniques based on aggregation functions, preaggregation functions and their generalizations; evaluative linguistic expressions, generalized quantifiers and applications; neural networks under uncertainty and imperfect information; imprecision modeling and management in XAI systems; recent trends in mathematical fuzzy logics; fuzzy graph-based models: theory and application; new frontiers of computational intelligence for pervasive healthcare systems; fuzzy implication functions; and new challenges and ideas in statistical inference and data analysis.

Machine Learning, Multi Agent And Cyber Physical Systems - Proceedings Of The 15th International Flins Conference (Flins 2022) Qinglin Sun,Jie Lu,Xianyi Zeng,Etienne E Kerre,Tianrui Li,2022-12-20 FLINS, an acronym originally for Fuzzy Logic and Intelligent Technologies in Nuclear Science, was inaugurated by Prof. Da Ruan of the Belgian Nuclear Research Center (SCK·CEN) in 1994 with the purpose of providing PhD and Postdoc researchers with a platform to present their

research ideas in fuzzy logic and artificial intelligence. For more than 28 years, FLINS has been expanded to include research in both theoretical and practical development of computational intelligent systems. With this successful conference series: FLINS1994 and FLINS1996 in Mol, FLINS1998 in Antwerp, FLINS2000 in Bruges, FLINS2002 in Gent, FLINS2004 in Blankenberge, FLINS2006 in Genova, FLINS2008 in Marid, FLINS2010 in Chengdu, FLINS2012 in Istanbul, FLINS2014 in Juan Pesoa, FLINS2016 in Roubaix, FLINS2018 in Belfast and FLINS2020 in Cologne, FLINS2022 was organized by Nankai University, and co-organized by Southwest Jiaotong University, University of Technology Sydney and Ecole Nationale Supérieure des Arts et Industries Textiles of University of Lille. This unique international research collaboration has provided researchers with a platform to share and exchange ideas on state-of-art development in machine learning, multi agent and cyber physical systems. Following the wishes of Prof. Da Ruan, FLINS2022 offered an international platform that brought together mathematicians, computer scientists, and engineers who are actively involved in machine learning, intelligent systems, data analysis, knowledge engineering and their applications, to share their latest innovations and developments, exchange notes on the state-of-the-art research ideas, especially in the areas of industrial microgrids, intelligent wearable systems, sustainable development, logistics, supply chain and production optimization, evaluation systems and performance analysis, as well as risk and security management, that have now become part and parcel of Fuzzy Logic and Intelligent Technologies in Nuclear Science. This FLINS2022 Proceedings has selected 78 conference papers that cover the following seven areas of interests:

estadistica aplicada a la investigacion, 2002

Emerging and Re-Emerging Infectious Diseases in Emergency Settings Fekri Dureab, Pacifique Ndishimye, Huda Omer Basaleem, Fathiah Zakhama, 2025-03-03 Emerging and reemerging infectious diseases (EID) pose a global threat to human and animal public health and cause an enormous humanitarian and economic catastrophes, especially in resource limited countries. Most of these diseases are caused by the effect of climate change and anthropogenic activities. The control of EID in emergency settings like countries affected by conflicts and natural disasters is a major health concern. Mass displacement, lack of proper sanitation and damaged public health infrastructure are the main factors for the spread of infectious diseases in these countries. The dissemination of EID in such settings can lead to fast spread of diseases beyond the borders, triggering a global threat. Strategies for early detection, surveillance and public health interventions are essential to contain and mitigate the risk engendered by EID in affected countries.

Book of Abstracts of the 71st Annual Meeting of the European Federation of Animal Science Scientific Committee, 2023-09-14 This Book of Abstracts is the main publication of the 71st Annual Meeting of the European Federation of Animal Science (EAAP). It contains abstracts of the invited papers and contributed presentations of the sessions of EAAP's eleven Commissions: Animal Genetics, Animal Nutrition, Animal Management and Health, Animal Physiology, Cattle

Production, Sheep and Goat Production, Pig Production, Horse Production and Livestock Farming Systems, Insects and Precision Livestock Farming.

Marketing and Smart Technologies José Luís Reis, Eduardo Parra López, Luiz Moutinho, José Paulo Marques dos Santos, 2022-03-29 This book includes selected papers presented at the International Conference on Marketing and Technologies (ICMarkTech 2021), held at University of La Laguna, Tenerife, Spain, during December 2-4, 2021. It covers up-to-date cutting-edge research on artificial intelligence applied in marketing, virtual and augmented reality in marketing, business intelligence databases and marketing, data mining and big data, marketing data science, web marketing, e-commerce and v-commerce, social media and networking, geomarketing and IoT, marketing automation and inbound marketing, machine learning applied to marketing, customer data management and CRM, and neuromarketing technologies.

Guia De Carreras Unam 2007-2008. Universidad Nacional Autónoma de México. Dirección General de Orientación y Servicios Educativos, 2006

Decision Making And Soft Computing - Proceedings Of The 11th International Flins Conference Etienne E Kerre, Jie Lu, Ronei Marcos De Moraes, Liliane Dos Santos Machado, 2014-07-07 FLINS, originally an acronym for Fuzzy Logic and Intelligent Technologies in Nuclear Science, is now extended to Computational Intelligence for applied research. The contributions to the 11th of FLINS conference cover state-of-the-art research, development, and technology for computational intelligence systems, both from the foundations and the applications points-of-view.

Intelligent and Fuzzy Systems Cengiz Kahraman, A. Cagri Tolga, Sezi Cevik Onar, Selcuk Cebi, Basar Oztaysi, Irem Ucal Sari, 2022-07-01 This book presents recent research in intelligent and fuzzy techniques on digital transformation and the new normal, the state to which economies, societies, etc. settle following a crisis bringing us to a new environment. Digital transformation and the new normal appearing in many areas such as digital economy, digital finance, digital government, digital health, and digital education are the main scope of this book. The readers can benefit from this book for preparing for a digital "new normal" and maintaining a leadership position among competitors in both manufacturing and service companies. Digitizing an industrial company is a challenging process, which involves rethinking established structures, processes, and steering mechanisms presented in this book. The intended readers are intelligent and fuzzy systems researchers, lecturers, M.Sc., and Ph.D. students studying digital transformation and new normal. The book covers fuzzy logic theory and applications, heuristics, and metaheuristics from optimization to machine learning, from quality management to risk management, making the book an excellent source for researchers.

Guía 2017-2018 Universidad Complutense de Madrid. Facultad de Estudios Estadísticos, 2017

El postdivorcio con hijos menores: estudio comparativo según regímenes de convivencia, En el último año en España se han sentenciado algo más de 80.000 casos de ruptura matrimonial, siendo la mayoría divorcios y tan solo unos miles de

separaciones. A este dato hay que añadir que en más de la mitad de las ocasiones existen hijos menores o mayores dependientes económicamente. Por tanto, anualmente, en torno a un cuarto de millón de personas inician un proceso de postdivorcio, y eso que los datos de los últimos años son los menores de rupturas matrimoniales desde que hay registros. Considerando que la legalización es de 1981, puede comprenderse el enorme impacto que el postdivorcio tiene en la sociedad española. Ahora bien, la presencia de este hecho social en España no ha recibido apenas atención en los análisis sociales, menos aún desde la perspectiva integral que plantea este estudio. La obra se centra en el proceso de postdivorcio de los progenitores que han vivido un divorcio teniendo hijos menores. Además, la investigación incluye no únicamente a matrimonios heterosexuales, sino también los procesos protagonizados por parejas homosexuales. Los aspectos tratados son amplios y abarcan desde los estrictamente legales de la ruptura, hasta los efectos en el terreno económico o en la salud y bienestar; sin olvidar cuestiones como las relaciones con los hijos, exparejas o nuevas parejas, los conflictos entre trabajo y familia, o la gestión cotidiana de la convivencia. En definitiva, tiene en sus manos una referencia para los diferentes operadores jurídicos que intervienen en la ruptura (abogados, jueces, fiscales, mediadores, equipo psicosocial, etc.), para los responsables políticos de las medidas a implementar, para expertos en el análisis e intervención (sociólogos, trabajadores sociales, educadores, etc.) y, cómo no, para quienes están o han estado viviendo este proceso alguna vez en su vida.

La lengua de las matemáticas y otros relatos exactos Fernando Álvarez, Óscar Martín, Cristóbal Pareja, 2024-09-18 El lector conoce, sin duda, que en el Egipto faraónico de los ptolomeos, Eratóstenes halló la longitud de la circunferencia de la Tierra, asomándose a un pozo que reflejaba los rayos del Sol. Pero quizás le sorprenda saber que, de todo el antiguo mundo occidental, solo allí podía hacerse ese descubrimiento. Otra historia mil veces repetida cuenta que Tales de Mileto, con la sola ayuda de un palo, pudo determinar la altura de la Gran Pirámide, pero un poco de astronomía plantea hoy serias dudas sobre la versión popular. En esta obra se recogen muchas historias antiguas, porque es probable que la invención de las matemáticas -pues invención fue- viniese impulsada en su origen por el deseo de medir el mundo. No en vano Aristarco, utilizando sus eclipses como una regla graduada, fue capaz de decir a sus coetáneos cuán lejos estaba el Sol y cuán cerca la Luna. Así, de la mano de personajes como Tales de Mileto, Eratóstenes, Al-Juarismi, Arquímedes, Bach y Beethoven, este libro nos pasea por estos y otros relatos -relatos exactos, al decir de los autores- para desvelarnos la belleza de las matemáticas.

Guia de Carreras Unam 2006-2007 ,2006

Thank you for downloading **Facultad De Estudios Estadisticos**. As you may know, people have looked numerous times for their favorite readings like this Facultad De Estudios Estadisticos, but end up in infectious downloads.

Rather than reading a good book with a cup of coffee in the afternoon, instead they cope with some harmful bugs inside their desktop computer.

Facultad De Estudios Estadisticos is available in our book collection an online access to it is set as public so you can get it instantly.

Our books collection spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one.

Merely said, the Facultad De Estudios Estadisticos is universally compatible with any devices to read

Facultad De Estudios Estadisticos Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way

we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Facultad De Estudios Estadisticos PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within

seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Facultad De Estudios Estadisticos PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Facultad De Estudios Estadisticos free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the

advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Facultad De Estudios Estadisticos Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What is the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Facultad De Estudios Estadisticos is one of the best book in our library for free trial. We provide copy of Facultad De Estudios Estadisticos in digital format, so the

resources that you find are reliable. There are also many Ebooks of related with Facultad De Estudios Estadisticos. Where to download Facultad De Estudios Estadisticos online for free? Are you looking for Facultad De Estudios Estadisticos PDF? This is definitely going to save you time and cash in something you should think about.
