Daddy Look! Todd Battle, Darrel Sanders, Reggie Watts, 2012-04 Fathers, how many times on a weekly basis do you hear the expression from your children: Daddy Look? Have you ever wondered why they want you to look so badly? Do you know how much power exists in Daddy's Look? If you haven't been looking at them, what have you been looking at? What happens when Daddies don't look? Are there dangers in not looking? Is it too late to look? Authors Battle, Sanders and Watts tackle these questions and more in this tremendous book destined to change the lives of all who read it and truly want to make a difference in their children's lives. This is a great book. Daddy Look offers a focused approach to becoming a godly father. Using the story of Daddy Look, it summarizes these lessons in five key principles: -Being a Godly Man -Being a Man of Character -Being a Teacher -Being a Provider -Being a Protector This book is clearly written with Christian fathers as a target audience; however, men without a Christian background would still glean much from the principles in the book. I whole-heartedly recommend this book. It's a great read, and I'm very proud that my Pastor is one of its authors. -Grover Johnson, Single Dad This book will both challenge and provoke change in any father who takes the time to read it and then makes a commitment to apply it. I truly wish this book was around when I was raising my two children as a sole provider and self-sufficient single Mom -Dr. Anita Latin-Byrdsong - Founder, OVL Foundation A father with the responsibility of raising up a child and being a role model to look up to... I felt like I failed recently while my 11 year old daughter asked me if I love her. It was a gut shot that caused me to stop everything and have a heart felt talk with her. I realize now that she has been saying DaddyLook! but in many different ways. My daughter and I have a new found relationship that feels much different than before. But had I listened to her cries sooner this could have been avoided and she could have detoured from the feelings of being lonely and unloved. The book Daddy Look gives a great understanding on the complications of parenting and how to

avoid or deal with these situations in life. -Michael Pine www.daddylookbook.com

Stories of Sports Crystal L. Beach,Katie Shepherd Dredger,Katherin Garland,Cathy Leogrande,2021-03-12 Stories of Sports: Critical Literacy in Media Production, Consumption, and Dissemination discusses how media demonstrates privilege, policing, stereotypes, confirmation bias, and objectification in a world where the role of athletics in Western society speaks to privilege and power. Contributors use a critical media lens to analyze texts, including newspapers, magazines, film,

television, social media, and sportscasts to demonstrate to readers the ways in which sports stories reinforce or disrupt patterns of power and the ways that power is enacted. This book questions the role of the sports-industrial complex in our society and argues that, while healthy competition and physical health can come from bodily exertion, corruption can contaminate these benefits with the wielding of influence and the acquisition of cultural and financial capital. Contributors examine how the ways that resources are allocated, the coverage of certain sports and athletes, and how viewers view competitive arenas speak to power and privilege in ways that can affect both athletes and athletic stakeholders, highlighting the importance of critically examining sports media. Scholars of media studies and sports will find this book particularly useful.
