**Hiding in the Shadows** Kay Hooper, 2009-07-22 Terror waits just out of sight Hiding In The Shadows Accident victim Faith Parker has done what her doctors feared she never would: awakened from the coma that held her prisoner for weeks. But she has no memory of the crash that nearly killed her—or the life that led up to it. Nor does she remember journalist Dinah Leighton, the steadfast friend who visited her in the hospital...until she disappeared without a trace. Now as Faith begins to regain her strength, she's shocked by intimate dreams of a man she doesn't recognize and tortured by visions of violence that feel painfully real. Something inexplicable ties her lost memories to Dinah's chilling fate. But even as Faith tries to understand the connection and reach out to save Dinah, death is stalking both women. And one of them will not escape its lethal grasp. FBI agent Noah Bishop has a rare gift for seeing what others do not, a gift that helps him solve the most puzzling cases. Now, read more of his electrifying adventures in two stand-alone tales of psychic suspense.

**Hiding in the Shadows** Mackenzie Judge, 2020-05-07 This book follows the journey of Skylar, a young girl trying to survive and keep what is left of her family safe in a government-controlled society. Because of the war there are strict rules in place; boys are forced into battle while many girls are taken to the Birthhouse or are used as human tests for innovative weapons. Her journey starts when she escapes her home city with her two siblings and takes refuge at her Aunt's. However, when a fleet of soldiers shows up to take her brother to the Ranks she must grab her sister and run. The pair survives traveling from city to city looking for somewhere they might be safe. When Skylar hears of a man who helps to free teens from some of the horrible government facilities and hides them, she decides to seek him out. Can Skylar find a permanent home for her and her sister while evading the watchful government eye? Will the growing rebellion finally uncover some of the secrets being hidden from the people? Does Skylar have more of a connection with the tyrant president than she originally thought?

**Hiding In The Shadows** Kat Smith, 2019-10-16 After renewing their vows and spending two glorious weeks on a second honeymoon with the kids in Paris, Mara, Payton, Alex, and Devan return home to face new challenges that hit too close to home and threaten to rip them apart. Craig Courtney, the man who plucked Devan off the streets when she was fifteen, comes to Fort Meade with a desperate plea for Devan to help him find his son Bobby who, along with his lover, has disappeared in

Kingston, Jamaica after being pursued by the local anti-gay police. As the investigation gets underway, Mara and Payton's renewed relationship is pushed to the brink of collapse when Payton is forced to seek assistance from MI6 Director, Robin Driscoll, the woman who nearly tore them apart five years earlier. During the twists and turns of the investigation, Payton discovers a surprising accomplice of Frank Gilbert and Sebastian Kaplan's has come out of the shadows to wreak havoc once again and has targeted Alex and Devan as the first victims. To stop another attack before it occurs, Payton must step back into her former CIA persona and set out on her own to put an end to Gilbert and Kaplan's accomplices and end their reign of terror once and for all. However, in doing so, she reveals the dark and dangerous side of herself that she has kept hidden from her family, and this new revelation makes Mara pause and question their future together.

**Dispossessed** Mark Kramer, 2006 For the first time in history, more people live in cities than in the country side; one billion of them in housing constructed from whatever materials are at hand, wherever they can build. Dispossessed relates the very human, and very moving, stories of families living today on the fringes of Manila, Nairobi, Mexico City, Bangkok and Cairo. The people tell about their lives and struggles, their hopes and fears.

A Hollow Green T.A. Duffy, When Daemon Starre awakens in a foreign hospital room with no remembrance of how he got

there or where 'there' is, fear threatens to overtake him. However, what strikes him as even stranger than that reality is when he realizes he is in the human dimension. Daemon's home is known as The Daemonium, a dimension built into The Northern Lights almost a thousand years ago, and he is what is known as a supressere, a supernatural being with extraordinary abilities. He, along with his best friend Niles Pemnora, are thrown into a deadly man hunt, with Daemon being the prey. Who is he running from? A nightmarish High Angel named Pierce Shadow. Jocylin Zirander has been living in the human dimension for eleven years since she ran away from home at age 9. Her life would seem perfectly normal to any outsider, but she is a supressere with secrets. She has successfully hid from her past, but when she runs into Daemon and Niles during her night shift at Walmart, she knows her past is threatening to envelope her once again. Who is she running from? One name: Pierce Shadow. And who is Pierce Shadow besides the most powerful supernatural being within The Daemonium? Three words: broken, unpredictable, and full of vengeance. A man fights his demons. A woman whose family is torn. A child born to bring the end. A dimension where the past and the present are at war. This is "The Shadows Among the Starres".

**Darkness, Depression, and Descent in Anglo-Saxon England** Ruth Wehlau, 2019-05-20 This collection of essays examines the motifs of darkness, depression, and descent in both literal and figurative manifestations within a variety of Anglo-Saxon texts, including the Old English Consolation of Philosophy, Beowulf, Guthlac, The Junius Manuscript, The Wonders of the East, and The Battle of Maldon. Essays deal with such topics as cosmic emptiness, descent into the grave, and recurrent grief. In their analyses, the essays reveal the breadth of this imagery in Anglo-Saxon literature as it is used to describe thought and emotion, as well as the limits to knowledge and perception. The volume investigates the intersection between the burgeoning interest in trauma studies and darkness and the representation of the mind or of emotional experience within Anglo-Saxon literature.
