**Value-Based Fees** Alan Weiss, 2008-11-03 In this thoroughly revised edition of his classic book, Alan Weiss shows how consulting fees are dependent on only two things: value provided in the perception of the buyer and the intent of the buyer and the consultant to act ethically. Many consultants, however, fail to understand that perceived value is the basis of the fee, or that they must translate the importance of their advice into long-term gains for the client in the client's perception. Still others fail to have the courage and the belief system that support the high value delivered to clients, thereby reducing fees to

a level commensurate with the consultant's own low self-esteem. Ultimately, says Weiss, consultants, not clients, are the main cause of low consulting fees.

**Sales Hunting** David A. Monty, 2014-03-05 The first year of developing a new sales territory is a daunting task—especially in dog-eat-dog industries. The traditional advice is to train quickly on product, grab a customer list, start calling for appointments, discover opportunities, and close deals. In fact, almost every sales model out there is based on nothing more than opportunity management. But jumping straight to opportunity will have new salespeople—or veterans developing new territories—chasing their tails for the first year or two. As *Sales Hunting: How to Develop New Territories and Major Accounts in Half the Time Using Trust as Your Weapon* details, there is a significant problem you must overcome when opening up new accounts and territories. No matter what you are selling, your prospect already has a trusted relationship with an incumbent vendor and will continue to buy from that vendor even when you have the better solution. The playing field is not level—and you’re on the wrong side. So how can you compete to win? Trust is the grease that makes business sales effortless, writes sales pro and trainer Dave Monty. Opportunity metrics are important, but trust—and a few sharp insider tactics Monty reveals—is the guidepost that leads to success. His sales model therefore incorporates metrics based on trust along with traditional sales measures. That is the fuel that helps you not just turn virgin territory into a consistent revenue generator, but helps you win over potential accounts that now use competitive products. *Sales Hunting* helps you start establishing trust before you step foot in a prospect’s door, and it shows you the tactics necessary to penetrate new accounts. Once you gain access, trust can be used as systematic way to build long-lasting relationships that pay dividends well beyond that first sale you make. Among other things, this book explains: Why most customers don’t want to buy from you . . . yet Why trust-based relationships enable you to open up territories and bag the biggest customers quickly How to qualify and rank customers based on traits How to get in step with the customer’s buying cycle How to establish trust-based and traditional sales metrics to guide your efforts With advice based on Monty’s twenty years of IT sales and sales management experience—along with principles confirmed by academic research—*Sales Hunting* is an easy-to-read book that is packed with real-life examples and prescriptions for achieving sales success. It will prove a lifesaver for any salesperson or sales manager developing a new territory or trying to penetrate new accounts.

Women Who Work Ivanka Trump, 2024-05-14 NEW YORK TIMES BESTSELLER! Ivanka is donating the unpaid portion of her advance and all future royalties received from Women Who Work to the Ivanka M. Trump Charitable Fund, a donor advised fund that will make grants to organizations that empower and educate women and girls.\* This is a chatty step-by-step guide to living a happy life and getting ahead in a career. —USA Today The advice is spot-on for everyone, not just women. —Tony Hsieh, CEO of Zappos.com and author of Delivering Happiness I believe that when it comes to women and work, there isn't one right answer. The only person who can create a life you'll love is you. Our grandmothers fought for the right to work. Our mothers fought for the choice to be in an office or to stay at home. Our generation is the first to fully embrace and celebrate the fact that our lives are multidimensional. Thanks to the women who came before us and paved the way, we can create the lives we want to lead—which look different for each of us. I've been fortunate to be able to build my career around my passions, from real estate to fashion. But my professional titles only begin to describe who I am and what I value. I have been an executive and an entrepreneur, but also—and just as importantly—a wife, mother, daughter, and friend. To me, “work” encompasses my efforts to succeed in all of these areas. After appearing on The Apprentice years ago and receiving a flood of letters from young women asking for guidance, I realized the need for more female leaders to speak out publicly in order to change the way society thinks and talks about “women who work.” So I created a forum to do just that. This book evolves the conversation that started on IvankaTrump.com, where so many incredible women (and men!) have shared their experiences, advice, ambitions, and passions. Women who work lead meetings and train for marathons. We learn how to cook and how to code. We inspire our employees and our children. We innovate at our current jobs and start new businesses. Women Who Work will equip you with the best skills I've learned from some of the amazing people I've met, on subjects such

as identifying opportunities, shifting careers smoothly, negotiating, leading teams, starting companies, managing work and family, and helping change the system to make it better for women—now and in the future. I hope it will inspire you to redefine success and architect a life that honors your individual passions and priorities, in a way only you can. \* The Ivanka M. Trump Charitable Fund (the “Fund”) is a donor advised fund that supports the economic empowerment of women and girls. Ivanka Trump is the grant advisor to the Fund and sole member of IT WWW Pub, LLC (the “LLC”), which receives royalties from the publication of Women Who Work. The LLC will contribute a minimum \$425,000 to the Fund, which is the unpaid portion of the advance, net of expenses. In addition, the LLC will contribute all future royalties it receives that are in excess of the advance to the Fund during the period from May 1, 2017 to May 1, 2022.
