**DEEP STATE EVIL DEEDS** Maria O'Neill, 2025-05-06 DEEP STATE EVIL DEEDS takes an extensive and sweeping look at illegal and traitorous actions taken by government officials, elected and non-elected individuals. Using alternative news reports, the author illustrates and comments on how the rights of ordinary Americans have been grossly violated. This includes lawsuits and judgments that have been issued under false suppositions and information, for the purpose of accusing and convicting the political opponents of Joe Biden and Kamala Harris---a process that has been termed "lawfare". The book delves into such diverse topics as the rigged 2020 election, the raid on Mar-A-Lago (the home of President Trump), lawfare against Trump and the violation of his civil rights, the illegal handling of peaceful January 6th protestors and violence perpetrated against them, COVID vaccinations, the assassination of JFK, and the greatness of America. This book will fill in a lot of blanks for those who have questions about the Biden administration, the Deep State, and the efforts of crooked lawless prosecutors and judges to hand down unjust lawsuits and sentences. Trump has said about the Deep State that if they can come after him, they can come after anyone---and this book proves they have done just that!

**Read Me, Liberals!** Stacey Smith, 2023-08-11 Read Me, Liberals is an attempt to awaken a certain class of people that are morally at risk. The modern United States political system is dominated by a two-party system, Democrats and Republicans. Either party is perfect nor will the ever be perfect, but the Democratic party has gone so far left it is a threat to the freedom and safety of American citizens. The modern Democratic party and their allies want to dramatically alter the United States to their fascist ideology. They want total control of you and I by any means necessary. They want to control how you think and what you can say. Most importantly they want you to be submissive to a complete totalitarian government control. This book exposes all the hypocrisy, corruption, and moral insanity that comes from the left. Most importantly it exposes the two-tiered justice system, one for Democrats and one for the rest of us. This book is meant to target liberals, democrats, and independents but will help educate conservatives and Republicans as well. I challenge anyone that loves the United States to read this and help save this country while we still can. Liberals will continue to push their one-world order agenda until they get what they want. The United States is more politically divided than any other time in history and we need to come together somehow.

**Playing By The Book** S. Chris Shirley, 2015-09-22 "In *Playing by the Book*, S. Chris Shirley tells a story I loved curling up with, featuring one of the most endearing teen protagonists I've read in years." —Alex Sanchez, author of *The God Box* and *Boyfriends with Girlfriends* When seventeen-year-old high school newspaper editor Jake Powell, fresh from Alabama, lands in New York City to attend Columbia University's prestigious summer journalism program, it's a dream come true. But his father, a fundamentalist Christian minister, smells trouble. And his father is rarely wrong. In *Playing by the Book*, Jake navigates new and unfamiliar ways up North. Starting with his feelings for a handsome Jewish classmate named Sam. What Jake could keep hidden back home is now pushed to the surface in the Big Apple. Standing by his side are a gorgeous brunette with a Park Avenue attitude and the designer bags to match, a high school friend who has watched Jake grow up and isn't sure she's ready to let him go, and an outrageously flamboyant aunt who's determined to help Jake find the courage to accept love and avoid the pain that she has experienced. Provocative and moving, *Playing by The Book* is a feel-good novel about the struggles and triumphs we encounter in the search for our own truth. "There's so much to admire in Chris Shirley's debut novel, but the most remarkable thing may be its voice. Jake is both earnest and skeptical, curious and guarded, and he tells his story with an endearing humility that—somehow—avoids the sarcasm that has become the norm. *Playing by the Book* reminds us of how rewarding it can be to climb into someone else's head." —Patrick Ryan, author of *Send Me and Saints of Augustine*

**The Greatest Man In Our Time** Brian W. Kelly, 2023-03-29 Modern pundits give Donald Trump little credit for anything even though he is clearly The Greatest Man in Our Time. I would say it is because the bulk of the news media simply do not like him as he does not want to have anything to do with a Marxist agenda. Before Trump set the world on fire from 2017 to 2020, the five highest rated presidents, according to a C-SPAN survey, for example were Abraham Lincoln, George Washington, Franklin D. Roosevelt, Theodore Roosevelt and Dwight D. Eisenhower. I do not contest the fact that they showed greatness in office but when you look at all of Trump's accomplishments and the complexity of our times, the 45th president deserves much more consideration. That's why I wrote this book. You may never choose to invite Donald John Trump over the house for breakfast or even a holiday gathering, but looking back at his four years in office, whether you like him or not, most Americans admit those were some of the most prosperous and warless years we have had in our lifetimes. We have the

chance again to have the Greatest Man in Our Time as President in a few more years. Let's do our best to assure it. . After you read this book, I hope you feel as comfortable as I do to place Donald J. Trump on the top of this venerable stack of great presidents. With all of the flack Trump received as president, there are clearly a number of Americans who would not cast their vote for Best President his way under any circumstance. But there are a lot who would. I am glad you are reading this book as it will help you know what a great man and a great president we can have again as our leader.

*Breaking Biden* Alex Marlow, 2023-10-03 INSTANT NEW YORK TIMES BESTSELLER The New York Times bestselling author of the "must-read" (Sean Hannity) *Breaking the News* and editor-in-chief of Breitbart News Network returns with this timely and eye-opening deep dive investigation into the 46th president. Over his 50-year career in Washington, Joe Biden has become known for his wild dishonesty, embarrassing policy failings, and an absolute lack of accountability, culminating in his predictably unpopular presidency. But what has not yet been revealed is the vast web of consultants, bureaucrats, corporate titans, foreign interests, and various extended family members (it's not just Hunter!) who have achieved unfathomable wealth and power while keeping Biden in charge. Now, Alex Marlow reports the findings of a shocking, in-depth investigation into the individuals and entities behind the devastating decisions that have empowered the global elite at the expense of the American public. With his signature "prescient" (Tucker Carlson) writing, Marlow unearths new details such as: EXPOSED: The secret cadre of consultants running Joe Biden's Washington. EXPLAINED: How Joe Biden sold America's intellectual property to communist China. UNCOVERED: The unreported and audacious reason the underwhelming, under-qualified, and unpopular Kamala Harris was chosen to be vice president. REVEALED: All the ways the Bidens' bag cash off of the family name.

*Mysteries of Alanis: Book 4 of "Hell's Blade" Series* R.L. Pool, 2025-01-31 When Holly Kelley joined Pat Langstrom in her return to Estelan, she never dreamed she would find answers to "conspiracy theories" that spurred her imagination from a

very early age. She and Greg Graisson traveled to the Lost Citadel in search of those answers and found themselves bruised, wounded and close to death. They also found Illani. The little white-haired girl led them into secret catacombs within the Lost Citadel and to the library that told of a civilization that came here from another world. The research they did there prompted a desire to sail to a land where Mandarin was the language spoken, and the people seemed to be living under ancient Chinese feudalism. How did that happen? To find the answers, Holly, Greg and Illani would have to sail west to the continent of Alanis. Only there would they finally find the answers to Illani's heritage. They would find more than they bargained for. They would find what many in our world have searched for, dreamed of, and sought for ages.

**Raven: Book One - No Angel!** R T Green, 2023-10-23 When Satan's little helper gets real, everyone feels the heat! "Raven is a perfect blend of romance, comedy, action-horror and fantasy. Full of moments to make you giggle, and then reach for the tissue-box!" Meet Raven... she's feisty, spirited, and has a tendency to get lost in the game. She was born at the age of twenty-seven. She isn't allowed to think her own thoughts, or make a single move unless someone else wants her to. That's life, for a character in a book. The author of the book, Mika Mills, knew all good writers try to bring their characters to life... but there are limits. When it all began one fateful, life-changing night, those limits were not only exceeded, but banished to the other side of the universe forever! One moment it was a story about she-devils and Satan, then there was a storm with strange red lightning, and suddenly the novel became a biography. With both she and Raven having starring roles. Neither of them realise it is just the beginning of their spectacular new lives, or that their destinies are being shaped by an ancient scribe, and an even older mystical tablet... their futures woven together through the pages of time itself. They are just about to find out. If discovering your life is not your own isn't scary enough, there is worse to come. Raven wasn't the only one to

get a heavy dose of reality after the storm. So did everyone else in the book. Like Raven's two friends, who are also she-devils. And someone they really didn't want to get real. Satan himself. Who isn't too impressed with his staff going rogue, and decides to do something about it. "If you've had your fill of the same-old, try a little Raven!" Check out Raven and Mika's story on the rtgreen website. Enjoy!

**Remnants, Book One: Dust** Ari Marmell, 2022-11-08 For Flight Engineer Cynthia Han and her fellow astronauts aboard the International Space Station, Expedition 81 has proved as mundane as space travel ever gets. Yes, this would be Cynthia's final NASA mission, for reasons she's so far kept from the rest of the crew; and yes, the latest billionaire "space tourist" has managed to irritate everyone on board. Still, none of them could have asked for a smoother experience. Until the morning they wake up to silence. All communication with Earth, gone. From half a dozen different agencies with multiple installations and redundancies across the globe, there is simply... nothing. And through the viewports of the ISS, only the thick veil of churning, lightning-veined dust to suggest the Earth remains at all. Now, without ground control, without the proper telemetries or calculations or even reliable visuals, Cynthia and the rest of Expedition 81 must make their way home. It will be the most fraught and the most frightening task of their lives. But it will be nothing compared to the world that now awaits them beyond the dust.

**Hellboy's World** Scott Bukatman, 2016-04-07 Hellboy, Mike Mignola's famed comic book demon hunter, wanders through a haunting and horrific world steeped in the history of weird fictions and wide-ranging folklores. Hellboy's World shows how our engagement with Hellboy's world is a highly aestheticized encounter with comics and their materiality. Scott Bukatman's dynamic study explores how comics produce a heightened "adventure of reading" in which syntheses of image and word, image sequences, and serial narratives create compelling worlds for the reader's imagination to inhabit. Drawing upon other media—including children's books, sculpture, pulp fiction, cinema, graphic design, painting, and illuminated manuscripts—Bukatman reveals the mechanics of creating a world on the page. He also demonstrates the pleasurable and multiple complexities of the reader's experience, invoking the riotous colors of comics that elude rationality and control and delving into shared fictional universes and occult detection, the horror genre and the evocation of the sublime, and the place of abstraction in Mignola's art. Monsters populate the world of Hellboy comics, but Bukatman argues that comics are themselves little monsters, unruly sites of sensory and cognitive pleasures that exist, happily, on the margins. The book is not only a treat for Hellboy fans, but it will entice anyone interested in the medium of comics and the art of reading.
