**Paul Theroux**

**Riding the Iron Rooster** Paul Theroux,1989 Describes the author's travels by train in every province of the People's Republic of China.

**Riding the Iron Rooster** Paul Theroux,2006-12-08 The acclaimed travel writer chronicles a year of train travel across China in a revealing travelogue that “gives the reader much to relish and think about” (Publishers Weekly). The author of the train travel classics *The Great Railway Bazaar* and *The Old Patagonian Express*, takes to the rails once again in this account of his epic journey through China. The always irascible, infectiousy curious author “is in top form as he describes the barren deserts of Mongolia and Xinjiang, the ice forests of Manchuria and the dry hills of Tibet. He captures their otherworldly, haunting appearances perfectly. He is also right on target when he talks about the ugliness of China's poorly planned, hastily built cities” (Mark Salzman, *The New York Times*). Theroux hops aboard a train as part of a tour group in London and sets out for China's border. He then spends a year traversing the country, where he pieces together a fascinating snapshot of a unique moment in history. From sweeping and desolate natural landscapes to the dense metropolises of Shanghai, Beijing, and Canton, Theroux offers an unforgettable portrait of a magnificent land and an extraordinary people.

**The "Inscrutably Chinese" Church** Nathan Faries,2010-09-23 The first half of the twenty-first century promises to be a time of great change for the Christian church in the People's Republic of China. The situation is complex and fluid, and the information gap between those on the inside and those outside of China is still significant, though shrinking. The *Inscrutably Chinese Church* moves readers nearer to the Chinese Christian experience, as Nathan Faries helps foreign readers to see with greater clarity just how Chinese Christians view their government and themselves in relation to those ruling powers. There still exists a measure of inscrutability about China and its complex relationship with religion that must be explained to the outsider. It is this gap in understanding—between insider points of view within China and those outsiders seeking knowledge about the Christian faith in China—that Faries seeks to close.

**China's Railway Transformation** Junjie Xi,Paco Mejias Villatoro,2022-12-30 This book investigates China's railway

transformation through history, along with culture changes and urban development. The book begins by looking at the background of China and the history and growth of railway development in China through five key phases, followed by assessing the cultural changes in the railway carriage and exploring how these are linked to social equality and national provisions. The core of this book aims to analyse the Chinese urban transformation through the development of the high-speed rail (HSR) infrastructure in China. Eleven important new HSR stations in mainland China, plus the new Hong Kong West Kowloon Station, have been selected to contextually explore how HSR infrastructures have affected the development of the Chinese urban context. The selected case studies are the stations of Beijing South, Wuhan, Shanghai Hongqiao, Guangzhou South, Xi'an North, Nanjing South, Chengdu East, Tianjin West, Zhengzhou East, Hangzhou East and Hong Kong West Kowloon. All of these were built between 2008 and 2018. In these case studies, the location and the intentions and success of promoting urban development are analysed and assessed. Following this, the book further investigates the peculiarities of the new HSR stations in China in comparison with stations in Europe. An assessment framework is established to evaluate the Chinese case studies comparatively with significant cases in Europe, attending to the urban structure of the area, the architectural quality, the functional diversity and the quality of the public space generated in the surrounding area.

Riding the Dragon's Spine: David Bristow, Steve Thomas, 2013-02-07 When windmill-dodgers David Bristow and Steve Thomas followed their dream to blaze (and map) a mountain bike trail across South Africa, they hoped to be spared howling headwinds, freezing rain and slushy terrain. They weren't, yet were not deterred from having a mud-splattering good time. The result, the Spine of the Dragon trail, is the country's ultimate mountain bike tour, covering a distance of 4000km from Beit Bridge to Cape Town. Aimed at the average off-road rider, the 58-day trail through South Africa and Lesotho is broken into nine sections, each with several stages. The entire course can be done in one go, or as a series of shorter rides – ideal for those with boundless enthusiasm but limited time. The authors offer valuable advice on preparing for the trail that includes

suggested clothing, gear, bike maintenance, food and safety. Each day's route is described in detail and includes:

- Customised, annotated map with GPS points
- Total daily distance
- Difficulty grading: from short and easy to long and hard
- Entertaining insight into the people and places along the way
- Engaging photographs
- Accommodation suggestions and contact details

When he's not out cycling, David Bristow writes for a living. He is the former editor of Getaway travel magazine and the author of more than a dozen books for Random House Struik. Steve Thomas discovered mountain bikes while living in the US in the 1980s. Upon his return to South Africa in 1992, he established Daytrippers, South Africa's oldest and biggest bicycle touring company.

**Riding the Rails with Paul Theroux** Paul Theroux, 2018-06-19 The international bestselling author records his many insights and adventures traversing the world by train in these 3 classic travel memoirs. The Great Railway Bazaar In 1973, Paul Theroux embarked on his now-legendary journey from the United Kingdom through Europe, the Middle East, and Southeast Asia. Asia's fabled trains—the Orient Express, the Khyber Pass Local, the Frontier Mail, the Golden Arrow to Kuala Lumpur, the Mandalay Express, the Trans-Siberian Express—are the stars of a journey that takes Theroux on a loop eastbound from London's Victoria Station to Tokyo Central, then back from Japan on the Trans-Siberian. The Old Patagonia Express Starting with a rush-hour subway ride to South Station in Boston to catch the Lake Shore Limited to Chicago, Paul Theroux takes a grand railway adventure first across the United States and then south through Mexico, Central America, and across the Andes until he winds up on the meandering Old Patagonian Express steam engine. Ghost Train to the Eastern Star Thirty years after the epic journey chronicled in The Great Railway Bazaar, Paul Theroux retraces his 25,000-mile journey to witness and experience a landscape drastically transformed by the intervening decades. The Soviet Union has collapsed and China has risen; India booms while Burma smothers under dictatorship; Vietnam flourishes in the aftermath of the havoc America was unleashing on it the last time Theroux passed through.

**100 Provocative Statements about Riding the Iron Rooster** Owen Skeat, 2013-02 In this book, we have hand-picked the most sophisticated, unanticipated, absorbing (if not at times crackpot!), original and musing book reviews of Riding the Iron Rooster: By Train Through China. Don't say we didn't warn you: these reviews are known to shock with their unconventionality or intimacy. Some may be startled by their biting sincerity; others may be spellbound by their unbridled flights of fantasy. Don't buy this book if: 1. You don't have nerves of steel. 2. You expect to get pregnant in the next five minutes. 3. You've heard it all.

**In Search of Beadle Lu** Peter L. Loh, 2000-08 Follow an American college student and his classmates through what has shaped up to be some of the most formative experiences in their lives to date—living and travelling in mainland China. With high hopes of adventure in an exotic, foreign land, the author and his companions instead confront and endure the physical, emotional, and mental challenges of living in modern China. On a deeper level, though, they witness and reflect

upon history in the making—an ancient civilization struggling to remake itself economically, politically, and socially. The book's backdrop is a harrowing adventure in search of distant relatives in the Chinese countryside the author, until that summer, did not know existed. This truly American tale of one young man's search for his roots is a story for all to enjoy and gain from.
