As the head of her own independent PR firm, Kaye Publicity, Dana Kaye has been a driving force behind numerous bestselling authors across all genres, from thriller authors like Gregg Hurwitz and Jamie

Freveletti to children's authors like Liz Climo and Claudia Gray, and now she brings her insights to you. Behind the Book Chris Mackenzie Jones,2018-03-23 One of Poets & Writers' "Best Books for Writers": The behind-the-scenes stories of eleven debut books, from their authors, agents, editors, and publishers. Every book has a story of its own, a path leading from the initial idea that sparked it to its emergence into the world in published form. No two books follow quite the same path, but all are shaped by a similar array of market forces and writing craft concerns as well as by a cast of characters stretching beyond the author. Behind the Book explores how eleven contemporary first-time authors, in genres ranging from post-apocalyptic fiction to young adult fantasy to travel memoir, navigated these pathways with their debut works. Based on extensive interviews with the authors, it covers the process of writing and publishing a book from beginning to end, including idea generation, developing a process, building a support network, revising the manuscript, finding the right approach to publication, building awareness, and ultimately moving on to the next project. It also includes insights from editors, agents, publishers, and others who helped to bring these projects to life. Unlike other books on writing craft, Behind the Book looks at the larger picture of how an author's work and choices can affect the outcome of a project. The authors

profiled in each story open up about their challenges, mistakes, and successes. While their paths to publication may be unique, together they offer important lessons that authors of all types can apply to their own writing journeys. "Essential."

The Awakening Kelley Armstrong, 2009-04-28 If you had met me a few weeks ago, you probably would have described me as an average teenage girl—someone normal. Now my life has changed forever and I'm as far away from normal as it gets. A living science experiment—not only can I see ghosts, but I was genetically altered by a sinister organization called the Edison Group. What does that mean? For starters, I'm a teenage necromancer whose powers are out of control; I raise the dead without even trying. Trust me, that is not a power you want to have. Ever. Now I'm running for my life with three of my supernatural friends—a charming sorcerer, a cynical werewolf, and a disgruntled witch—and we have to find someone who can help us before the Edison Group finds us first. Or die trying.
