Trust Your Wings and Touch the Sky John V Madormo, 2014-12-29 It is the fear of the young bird to trust its wings. - Ralph Waldo Emerson Trust Your Wings and Touch the Sky is a strategy for success based upon the quotations of Ralph

Waldo Emerson. It is a virtual road map to a happier, more productive, more meaningful existence. Learn how to apply the wisdom of Ralph Waldo Emerson to your daily life, and discover how to make more prudent, more insightful, and more enlightened choices. Over the years, hundreds of self-help and advice manuals have been written to enable us to become more well-adjusted human beings. Like many others, I have perused my share of these seemingly life-altering self-improvement guides, and in fact have found some very helpful. But I have also discovered, because of the sheer numbers, that many of these texts begin to blur after a while. Upon further investigation, we find that many thought-provoking strategies are no more than regurgitations of previous efforts. For years I have been in search of the universal, all-encompassing manual that would lead to a happier, healthier, and more prosperous life. Little did I know that it had found me years earlier. As a veteran college professor and longtime devotee of the writings of author-philosopher-transcendentalist, Ralph Waldo Emerson, I had never stopped to realize that hidden within the complete works of this nineteenth century master was a bounty of knowledge-advice and counsel that could easily be applied to help cope with today's most pressing problems. In fact, if you were to identify and catalog specific Emerson quotations, you would find yourself with a wealth of wisdom—a virtual road map for a successful life. I hope you enjoy reading *Trust Your Wings and Touch the Sky: A Strategy for Success based upon the Quotations of Ralph Waldo Emerson*. In this manuscript, I have identified 100 of Emerson's most inspirational quotations. I have broken them down into twenty-five categories—Accountability, Character, Conviction, Patience, Wisdom, to name a few. I have then provided an analysis of each quotation, with suggestions on how readers might apply these Emerson principles to their own lives. John Madormo

AFRICAN VALUES AND LEGACIES Dipo Toby Alakija , Results of research works reveal that any nation that fails to orientate all categories of its citizens on what the country stands for and against gives rooms for other countries to devalue the national value, violate the law and order; deforming the prevailing norms and cultures in all the communities. Most of African values, enriched with proverbs like “a goat is never pronounced innocent if the judge is a leopard” and “when brothers fight to death; a stranger inherits their father’s estate”, are getting eroded with westernization. The African heritages through the transfer of cultures, norms and order from one generation to another are threatened with extinctions since the time of colonization, particularly in oil-rich African nations. The shutting down of value systems which are usually designed to boost moral values of citizens and enhance the functions of political, social and economic machineries are responsible for civil wars, terrorism, genocides and other atrocities in most African nations. This book which is designed to be studied in African Tertiary Institutions shares the results of research works into the causes of conflicts, political and economic servitude in Africa; using the analyses of quotes of some of the notable leaders and African proverbs to reinforce the value systems on the continent.
