God And His Coexistent Relations To The Universe: George D. Shollenberger,2014 The author says that the social contract theory of John Locke, the immortal souls of humans, and doubts of the divinity of Jesus (by Ben Franklin, Thomas

Jefferson, and John Adams) caused the separation of the U.S. colonists from England on July 4, 1776. However, the author says that the USA has lost its God and has no facts about the universe in which we live. He also says that Locke's social contract theory and the immortal souls of humans were never installed by Congress. And he says that the doubts of the divinity of Jesus were never verified. In his new book, the author opens his widely respected mind to find answers to the above unknowns. In his studies of the immortal souls, the author concludes that all nations must become equal so that the immortal souls of every Little God can be reborn naturally by God. His study provides answers of all doubts about the divinity of Jesus and says that only one active God exists and governs the immortal souls and the universe forever. In time, only one religion will exist.
